

GREAT INTEREST IN CRIPPEN CASE

Thousands of Londoners Visit the House Where Woman's Mutilated Body Was Found.

IDENTITY NOT ESTABLISHED

Police Convinced as to Who Victim Is But May Not Be Able to Legally Prove It.

London, July 17.—The Mildrop Crescent residence of Dr. Hawley H. Crippen in which the mutilated body of a woman was found early last week, was visited today by thousands of Londoners.

Friends of Mrs. Crippen, known under the stage name of Belle Elmore, are convinced that the body now awaiting the coroner's inquest will prove to be that of the woman who was murdered.

During the latter part of the week there has been a remarkable series of murders in London, Newcastle and Cromer, and in every case the murderer has escaped.

After the announcement of the death of Belle Elmore, Dr. Crippen introduced to her woman as his wife, although there has been no proof forthcoming so far that a marriage took place.

The machinery of Scotland Yard is grinding away at the Crippen murder mystery with deliberateness, but remorselessly determined to apprehend Dr. Hawley H. Crippen and make him account for the disappearance of his wife.

It is a week since the physician deserted his home, but not a tangible clue to his whereabouts or those of his supposed companion, Ethel Claire Levene, has been found.

The police are criticized, as is usual in such cases, but they maintain that prior to the finding of a woman's body in the cellar of the Crippen home they had nothing upon which to justify the detention of the doctor.

Even as it is, the case of the police is far from complete. Though they firmly believe that the body is that of Belle Elmore, Crippen's wife, it is doubtful if this can be legally established.

Tonight the authorities will issue illustrated poster pictures and descriptions of Crippen and the Levene woman, with facsimile of their handwriting. The posters will be distributed broadcast throughout the

If the police turned up anything of importance about the woman who was found in the mutilated state, it is held to be proper for popular consumption.

The inquest will be held on Monday, but there is little hope that the physicians who examined the body will be found to have determined the manner of the woman's death.

UNITED STATES BEGINNING TO SUPPLY ITS OWN FRUIT

Washington, July 17.—The United States is beginning to supply for its own use fruits and nuts which a few years ago were practically all imported.

Twenty years ago the imports of fruits and nuts were more than five times as great as the exports, the former being valued at \$21,000,000, while the latter were valued at only \$4,000,000.

In 1890 there were imported \$2,000,000 worth of oranges; in 1910 less than \$100,000 worth, while more than \$2,000,000 worth were exported last year, as compared with about \$25,000 in 1900.

GOVERNMENT SUPERVISION

There is No Danger to the Railroads From It, Says David Starr Jordan of Stanford.

THEY WILL BE BENEFITTED

In Last Analysis Railroads Are Creatures of the People and Are Owned by Them.

New York, July 18.—"There is no danger to the railroads in government supervision," declares President David Starr Jordan of Leland Stanford, Jr., university, in an interview published here today.

"On the contrary," he says, "government supervision will benefit both the railroads and the public by conserving the interest of both. It is far better for a railroad like the Southern Pacific, for example, which traverses many states, to be under the supervision of a strong, able interstate commerce commission, than under the rule of the legislatures of many states.

"In the west, particularly in the middle west, there is a demand that the railroads be taken in hand by the government, but with the exception of a few radicals, are none who wish to give the railroads anything but a square deal.

She died almost instantly and Luitweiler fired a second shot at Miss Dillingham, the bullet perforating the girl's right arm.

JEWELERS' NEW PLAN OF SELLING WATCHES

New York, July 18.—Several wholesale jewelry companies in the Maiden Lane district have recently been trying to put into effect a new plan of selling watches, known as the complete watch method.

Already retailers have begun to protest against this. CONVERSION OF THE WORLD FATHER OFF

St. Louis, July 18.—"The conversion of the world was never further from realization than at the present time," declared the Rev. W. H. Bundy of Brooklyn, N. Y., in a lecture here yesterday.

"There is abundant evidence of this," he continued. "In the first place there are twice as many heathen as formerly; in the second place there is a great decadence among Christians themselves."
