A store must look ahead---we are getting ready for the Fall Season. But before our buyers can leave for the eastern markets we have on hand quite a sizable job. Briefly, **We Must Find New Owners for about \$100,000 worth of Merchandise**

Most of this amount is tied up in broken lines, odds and ends, exclusive summer stocks and discontinued patterns. On these in-the-way goods we cheerfully take a loss—it is better quickly to sell such goods away below cost than to have them later on cluttering up stocks.

Hundreds of Women Will Profit In these End-of-the-Season Clean-up Prices on Suits, Coats, Skirts, Waists, Frocks and Dresses.

First, this word: All lines are badly broken, hence we have grouped the stragglers of several lines under one price. In some groups luck will consist in getting your size; in others, in finding the right shade or style. But at these next-to-nothing prices—many of them well below the manufacturers' first cost—you save from 50 per cent to 80 per cent on every article. In order to have the department in readiness for fall, we cheerfully take the necessary loss.
