

STRONG PLEA AGAINST WATERWORKS BONDS

Joseph A. West and Other Prominent Citizens Issue Address to Voters.

Ogden, Sept. 3.—Joseph A. West, the well known civil engineer; Job Pingree, field superintendent of the Amalgamated Sugar company, and other prominent citizens of Ogden, are strongly opposed to the bonding of the city for \$100,000 to enlarge the water conduit, and set forth their reasons in the following address:

To the Tax Payers of Ogden City.—Dear Sirs: We have the honor to acknowledge the receipt of your letter of the 1st inst. regarding the proposed issue of one hundred thousand dollars for the building of expensive conduits without first being assured that water for same can be had in sufficient quantity.

Mayor Glasmann claims to have exchanged water rights in Ogden river that will more than fill the new pipe line that is to be laid in the canyon. Let us see. In the long ago when Capt. and Kentucky Smith were interested in the Warren canal that company and Slaterville appropriated all of Ogden city's sewer water then going into the Weber river and have continuously used it together with the increased flow of said sewer-ever since.

Plain City with whom Glasmann claims to have exchanged sewer water for water in Ogden river has such rights as the mayor claims for them. As evidence of this we submit the following: Jan. 1, 1850, Mound Fort appropriation from the Ogden river, 44.7 cubic feet; Jan. 1, 1851, Lynde appropriation from Ogden river, 53.9 cubic feet; Jan. 1, 1852, Ogden Branch Canal appropriation, 7.7 cubic feet; Jan. 1, 1853, North Ogden appropriation, 21.3 cubic feet; Total, 127.6 cubic feet; besides numerous smaller appropriations aggregating about 25 second feet, or making a total, in round numbers of about 150 cubic feet.

On May 24, 1852, the following appropriations were made and have been continuously maintained up to the capacity of the respective canals, Plain City, 8.9 second feet; Harrisville, 22.3 second feet; Total, 167.9 second feet. On August 25, last, according to measurements made by the Utah Light and Railway company, only 65 second feet of water was flowing in Ogden River above the intake of all of these canals, and at no time during the month has the said water reached 60 second feet. So that between 55 and 60 second feet is all the available water in the Ogden river at this time to supply primary rights aggregating in round figures 150 second feet, all of which antedate the claims of Plain City and Slaterville, which at this time have no claim whatever on the Ogden river.

Plain City and Slaterville have either agreed to any such exchange as Mayor Glasmann alleges. Slaterville's rights which are not primary, but secondary, will not be lost from Ogden and hence does not have much to exchange. Both Slaterville and Warren, who in years past were engaged in expensive litigation to establish their rights to this very sewer water that the honorable mayor thinks the city still owns, will fight to the bitter end any attempt on the part of the city to take it from them.

Plain City and Slaterville, a company, which has utilized, for power purposes, all the water used for irrigation below it, including the Plain City and Slaterville rights, will not peacefully surrender same to Ogden city. Furthermore there is not now flowing down both Cold Water and Wheelers canyons half enough water to fill the proposed 24 inch conduit. From whence therefore is Ogden city to get water to fill the new conduit that it proposes to build into the first named canyon? Will you, who are our honest debtors and owe \$100,000 to our bondholders, and how are we to get any reduction in our insurance, as claimed by the mayor, unless we get more water?

If as has been claimed the proposed loan can be paid back from the profits of the present water system in four years, why not spend \$25,000 annually in safely building it up and not into debt? This plan would offer every incentive to rigid economy and judicious expenditure, while the other might lead to extravagance. There is also the gravest possibility that all our efforts to secure water may prove futile, in which event what will we do with the worthless conduit? Some would say, go honestly about it and buy some water. But from whom and at what price? It is safe to say that could the necessary water be bought it would cost 10 times more after the conduit was built than if purchased before. Hence we say again, get the water before the bonds are authorized, for without it we offer specious promise of those who advocate this measure is a deception and a fraud.

Therefore, fellow citizens, beware. Sleep not too late on the morning of Tuesday, Sept. 6, but rise early and rally every honest voter to the polls and consign to everlasting oblivion this latest attempt to still further increase our thralldom of debt.

DEATHS HARVEST. Ogden, Sept. 3.—Mrs. Sarah E. Hawkins, aged 55 years, died at the Ogden General Hospital yesterday afternoon from peritonitis. Deceased was the wife of James M. Hawkins and the daughter of Mr. and Mrs. Jesse L. Van der Hoff. She was born at North Ogden, Jan. 19, 1875. She is survived by her husband, five children, her parents, four brothers and nine sisters. The funeral will be held on Monday afternoon at 2 o'clock at the First ward chapel. The remains may be viewed at the family residence on Thirty-first street on Monday morning between the hours of 10 and 1 o'clock.

Elizabeth A. Schultz, the five-month-old daughter of Harry T. and Elizabeth Wintie Schultz, died Friday morning at the family residence, 279 Twenty-sixth street, of cholera infantum. Funeral services will be held at the home on Sunday morning at 11 o'clock and interment will take place in the city cemetery.

HOME FROM SUMMER CAMP. Ogden, Sept. 3.—Mr. Joseph Ballantyne has returned with his family from their summer camp in Ogden canyon and is registering pupils for the season's work in music.

FUNERAL OF MISS BROWNING. Ogden, Sept. 3.—The body of Rachel Emily Browning, daughter of Mr. and Mrs. Thomas M. Browning, who died at the family residence, 485 Twenty-seventh street on Wednesday morning, will lie in state at the home on Saturday evening and Sunday morning until noon. The funeral will be held at the Fifth ward chapel at 3 o'clock Sunday afternoon, Bishop H. C. Jacobs presiding.

ANSWER IN DAMAGE SUIT. Ogden, Sept. 3.—The Ogden Rapid Transit company has filed an answer to a complaint recently brought by William C. Daloney, in which the latter sought to recover \$5,000 for personal injuries alleged to have been received by last spring in a head-on collision between two street cars in Ogden canyon. Denial is made of the claim that Daloney was given instructions by Supt. J. W. Bailey to proceed to the Hermitage and return to a certain switch

at which Bailey would be waiting with special car No. 18. The street car company also alleges that Daloney was violating the speed regulations of the company, and that the accident was the result of his own negligence. It also pointed out that Supt. Bailey was simply a fellow-servant of Daloney in that he was acting as a motorman on car No. 18 at the time of the accident. On these grounds it is asked that the complaint be dismissed and that the defendant company be given its costs and disbursements.

INMATE TERRORIZES GIRLS' WARD AT INDUSTRIAL

Ogden, Sept. 3.—Marie Armstrong, becoming incensed over some trifles yesterday, terrorized the inmates of the girls' ward of the state industrial school. She was armed with a long hair pin and a butcher knife which she had taken surreptitiously from the kitchen table. She made herself the sole possessor of the premises, while the other girls in the ward and the matron were securely barricaded behind locked doors. Male guards were called from the main building and overpowered the girl after a hard struggle.

Supt. E. C. Gowans said that the girl's mind is affected. Supt. Gowans, after the girl had been examined by Dr. G. W. Green, decided to apply to the district court for an order directing that a board of insanity examine the girl.

BEE DIGGING BEGINS MONDAY

Ogden, Sept. 3.—Beet-growers of Weber county have received notice from the Utah Light and Railway company directing the digging of beets on Sept. 5. As the factory here will start operations on Sept. 15, it is necessary to have a considerable supply on hand to be able to tax the factory to its capacity.

E. A. SMITH FINED \$125.

Ogden, Sept. 3.—In the municipal court this forenoon Judge Murphy assessed a fine of \$125 against E. A. Smith, who was convicted of maintaining the notorious Elephant gaming joint in this city. This is not the end of the income tax campaign against gambling. Judge Murphy, Mayor Glasmann and other city officials, as Smith gave notice of an appeal to the district court and asked for a stay of judgment pending the same.

PENSION DAY TUESDAY

Ogden, Sept. 3.—Sept. 4 is the regular pension day in Weber county but according to that being Labor day, it will be necessary to pay all pensions on Tuesday, Sept. 6. County Clerk S. G. Day states that the offices will be closed until Tuesday morning.

NEW COAL AND ICE CO.

Ogden, Sept. 3.—Articles of incorporation of the James Coal and Ice company have been filed with the county clerk. The new company, which intends to carry on a general coal and ice business, is capitalized for \$50,000, with shares of the par value of \$1. Officers are: W. F. James, president; C. E. Peterson, vice president; D. B. Ellis, secretary-treasurer; Joseph C. Galt, attorney; these offices will be located at Le Langlois farm on the board of directors.

COLORED CUTTING AFFRAY

Ogden, Sept. 3.—Joe Iowa, colored, has sworn to a complaint against Fred Hutton, also colored, with assault with a deadly weapon. The cutting affray took place at the Illinois resort in Ogden from the Ogden and hence does not have much to exchange. Both Slaterville and Warren, who in years past were engaged in expensive litigation to establish their rights to this very sewer water that the honorable mayor thinks the city still owns, will fight to the bitter end any attempt on the part of the city to take it from them.

DEATH FOLLOWS ACCIDENT

Ogden, Sept. 3.—Marcus E. Darrow, aged 35 years, died Friday morning at Kanabville following an accident caused by an accident which occurred two days ago while working on a hay rake in his field. Mr. Darrow was taking hay when his horse attached to the rake became frightened, throwing the vehicle on top of the driver. Darrow's spine was fractured from the fall and paralysis ensued. He leaves a wife and three children, two of whom are boys and sisters. He was born at Cambridge, Garfield county, Utah, and came to this locality from Moab two years ago. Funeral arrangements will be announced later.

PERMANENTLY HEALS SORES AND ULCERS

No matter in what way an old sore or ulcer first commenced, whether from a wound, cut, or bruise, or from the ulceration of a pimple, wart or mole, or even if it came without apparent reason, the fact that it does not heal shows that bad blood is back of the place. While the circulation remains impure and polluted the nerves and tissues of the flesh around the place are constantly being fed with unhealthy matter. Purify the blood and the place MUST heal, its cause having been removed. S. S. S. cures all sores and chronic ulcers because it is the greatest of all blood purifiers. It cleanses and removes from the circulation every taint or impurity, and so enriches the blood that it feeds and nourishes the tender, sensitive flesh, causes a knitting together of all the loose tissue and thus heals the place entirely; it works on the simple principle of curing by removing the impurities which produce the trouble.
