

STATE NEWS

SPANISH FORK.

SCHOOLS OPEN WITH RECORD ATTENDANCE

(Special Correspondence.) Spanish Fork, Utah Co., Sept. 5.—The Spanish Fork public schools opened this morning for the season's work. No class work was taken up, however; pupils were given text books and lessons were assigned, so regular work can go on tomorrow.

GRAND RECEPTION TENDERED DR. W. E. WARNER

(Special Correspondence.) Spanish Fork, Sept. 7.—The reception given in the city pavilion today in honor of Dr. W. E. Warner was the happiest and most imposing affair of the kind ever given in this city, and showed in some measure the universal esteem in which the genial and kind hearted doctor is held in the hearts of the community, where he has spent the best years of his life.

A committee of 120 was selected some time ago from the four wards of Spanish Fork, and from Palmyra and LeLand, and under its management the big affair was carried to a successful issue. There were 1,200 in attendance on the joyous occasion. R. W. Money of Palmyra was chairman, C. W. Booth master of ceremonies. At 3 p. m. the reception began with a general hand-shake, when all shook hands with the venerable doctor, wishing him long life, health and happiness.

A beautiful gold watch and chain was presented to the doctor by the citizens. Ed M. Rowe making the presentation speech. The watch bore this simple inscription: "Presented to Dr. W. E. Warner by the Citizens of Spanish Fork, Sept. 7, 1910." Dr. Warner responded in a few sentences, and very touchingly stated that his heart was so full of gratitude that he could not express it in words.

COLUMBIA CONSERVATORY OF MUSIC.

Opens its fall season on Sept. 15th. Piano, Organ, Violin, Guitar. Call and see us. AE instruction private. 431 Constitution Bldg.

MOUNT PLEASANT.

RECKLESS DRIVERS GET HEAVY SENTENCES

Mt. Pleasant, Sept. 4.—Monday evening Mr. and Mrs. Peter Frandsen of Mt. Pleasant were severely injured by a rig driven by Abe Hutchinson and Jacob Kump of Moroni, running into their own rig and overturning it. The Frandsens and two children were driving to town from their farm and were overtaken near the railroad tracks and the rigs came together with a crash. The Frandsen buggy was the lighter and was easily overturned. The two children were unhurt. Mr. Frandsen received a bad cut behind one ear which rendered him unconscious. Mrs. Frandsen was injured about her head and shoulders, also receiving a fractured collar bone. The buggy, badly damaged, was drawn some distance down the road. The screams of the injured brought neighbors to the scene, who cared for them.

The parties responsible for the trouble continued on their way, without giving any regard to what they had done. The same evening they were arrested by County Sheriff John Knudsen and City Marshal Charles Averett, and brought back to Mt. Pleasant for trial, which was held the following day, before Justice A. R. Young. They were charged with reckless driving, to which they pleaded not guilty, later changing their plea to guilty. They claimed the driver was under the influence of liquor and after dropping one line was unable to control the team. The justice found them guilty as charged and sentenced them to 30 days in the county jail and a fine of \$100.

EXPENSIVE TURKEYS.

Mt. Pleasant, Sept. 4.—James Waldemar, a young man coming from a prominent family in Mt. Pleasant, was sentenced to 60 days in the county jail and fined \$30 on a charge of larceny, he having pleaded guilty to taking two turkeys belonging to John Raekman.

PEACH FESTIVAL.

Mt. Pleasant, Sept. 4.—A peach festival is to be given by the North ward Y. L. M. I. A. of Mount Pleasant, Friday evening, Sept. 5, on the lawn at the meetinghouse. A program and a playlet will be given.

MT. PLEASANT BRIEFS.

Mrs. Amanda Christensen, of Centerfield, daughter of Prest. C. N. Lund, is at her father's home, very ill with heart trouble. A little daughter of Mr. and Mrs. Frank Madson suffered a broken arm this week by falling from a teetering board. Geneva, the daughter of Judge and Mrs. Jacob Johnson, of Spring City, is ill with typhoid. It is feared there are cases in the homes of Mrs. George Mills and James Jensen, also of Spring City. Mrs. Franklin Hansen, of Moroni, who is afflicted with pneumonia, is improving nicely. Another case of scarlet fever is reported at the home of J. H. Draper, of Freedom. Miss Theo Norman, of Fairview, is seriously ill with typhoid fever. Born: To the wife of Soren Anderson, of Spring, Aug. 16, a girl; Aug. 25, to the wife of D. O. Larsen, of Moroni, a boy; also a girl to the wife of Walter Hardy. Born: In Mt. Pleasant, Aug. 26, to the wife of Marion Nielsen, a son; to the wife of Joseph Johansen a son, Aug. 27.

SCHOOLS FILLED TO CAPACITY ON FIRST DAY

(Special Correspondence.) Mount Pleasant, Sept. 8.—The public schools of Mount Pleasant opened Tuesday morning with an enrollment of over 600 pupils, filling the rooms to their capacity, this being the largest number ever present at the beginning. The high school had an enrollment of 45, which is considered an excellent beginning, with several more to enter the coming week. Third-year work is being added this year and the prospects are most favorable.

SPRING CITY.

SCHOOLS OPEN SEPT. 19: TEACHERS CORPS

(Special Correspondence.) Spring City, Sanpete Co., Sept. 6.—The public schools will begin the year's work on Monday, Sept. 19. The following are the teachers engaged: James W. Bains, principal; E. G. Griffin, Dora Johnson, Manet Alford, Eva Alford, Ina Brown and Beryl Irving. During the vacation a heating and ventilating plant has been installed in the schoolhouse at a cost of \$2,000. The house has been thoroughly cleaned and renovated throughout, so with the able corps of teachers engaged, the schools will open with prospects for the most successful year's work in their history. Freshing is nearly over. The reports made by the machine operators to the state statistician will show half a crop when compared with last year's production.

There are two cases of typhoid fever in town, one in the family of Judge Johnson, the other in the family of James Jensen. Both have the disease in mild form.

GOSHEN.

NEW OPERA HOUSE UNDER CONSTRUCTION

(Special Correspondence.) Goshen, Sept. 4.—Goshen is proud of the new opera house which is in course of construction. It is a beautiful brick building and will be one of the monuments of Goshen. It will also be used for dancing, which will keep the young people at home. The building is being built by Finch Brothers and Gardner.

ELSINORE.

NEW OFFICERS FOR WARD M. I. ASSOCIATIONS

(Special Correspondence.) Elsinore, Sept. 6.—Stake officers were present at Sunday night's services, when the young ladies' and young men's associations were re-organized. Mrs. Horace Gunn, Alie Hyndahl and Steen B. Hansen constitute the young ladies' presidency. The young men have the following presidency: David Woodard, Ed Johnson and Christy Anderson. The public schools and the M. E. mission school began work today with an encouraging enrollment. Six teachers are employed in the public schools, and two in the mission school. The county inspector of bees, Paulina Svedin, reports the bees in a better condition than last year, with a good flow of honey and no brood disease. Three cases of typhoid are reported. Upon last week at St. Mark's hospital, Mr. Sorensen returned home Sunday and reports her condition as encouraging.

VERNAL.

SCHOOL AND ACADEMY OPEN SEPT. 12—FACULTIES

(Special Correspondence.) Vernal, Utah, Sept. 6.—The Vernal public school will begin its sessions Monday, Sept. 12, with a bright prospect before it for a very successful year. The principal is Prof. Joseph Smith of Lehi, Utah, who will take charge of the eighth grade. He will be assisted by the following: Mentzer Calder, Lorna Burton, Helen DeMoisey, Hazel Ashton, Dora Caiden, Kate Calder and two teachers who have not been decided upon. The enumeration showed a good addition to that of last year. The Uintah stake academy will also

open its doors for the school year Sept. 12. Prof. N. L. Nelson, the well known teacher and author, late of the Brigham Young university of Provo, will be principal, assisted by carefully selected instructors, including Chas. H. Colton and Brigham Y. Baird (who will have charge of manual training including carpentry), in the academic department; Ernest Whitwood, Wm. F. Hanson and Miss Christine Nuttall in the preparatory department. Miss Nuttall will also have charge of the domestic art department. Prof. Hanson and Whitwood will take charge of the musical work. Prospects were never better for a successful school than the present year, there being more teachers and more room.

LA GRANDE, ORE.

Prosperous year in colony; sugar industry booming

LA GRANDE, ORE.

(Special Correspondence.) LaGrande, Oregon, August 20.—A very large portion of the streets in the city of LaGrande are being paved which gives quite a metropolitan appearance. The writer knows of no city anywhere that is enjoying a better growth than LaGrande. The fences all over town have been taken down throwing the splendid lawns open to every possible view, which lends splendor generally. We have a new water system which is unequalled in quantity and quality. The U. P. system (the O. R. & N. Co.) is building new shops which will greatly increase the pay roll, which by the way is already of large proportions.

EPHRAIM.

FUNERAL OF MRS. CHRIS. CHRISTENSEN

(Special Correspondence.) Ephraim, Sept. 7.—One of the largest funerals held in this city for several years was that of Mrs. Chris Christensen, who died suddenly at her home Saturday evening last. Her funeral services were held at the tabernacle with Bishop C. H. Dorius in charge. The choir furnished appropriate music for the occasion. The speakers were Elders Thos. S. Lund, Henry Beal, J. Y. Jensen, Bishop John S. Beal, Elmer Dorius and N. O. Anderson, all spoke of the departed in the highest terms and advised her family to follow in their mother's footsteps and offered words of consolation to the bereaved. A solo was then rendered by Frank Christensen. The floral offerings were many and beautiful. The pallbearers were her three sons, Oscar, Wilford and Lorenzo. Interment was in the cemetery. The grave was dedicated by J. P. L. Breinholt.

BEAR IN PLENTY.

Ephraim, Sept. 7.—Canyons east of here are said to be the haunts of a number of black bear this summer. Two have been killed by hunters in the past couple of weeks by George Robinson of Fountain Green, who is running a sheep herd there, and it is said that there are good indications of many more. Hunting parties are being formed for a try at the big fellows. The Scandinavians of Sevier stake are making elaborate preparations for their annual convention, this year at Elsinore, Sept. 11, and the hospitable people of that town are preparing to entertain the visitors from other towns.

IRRIGATION TUNNEL.

Ephraim, Sept. 7.—Another tunnel is soon to be put through the top of the mountains east of Mount Pleasant for the purpose of bringing water through for irrigation purposes. The company owning the water in the North Fork of Pleasant creek is behind the last move. Heretofore they have ditched the water but it can be tunneled to better advantage. The tunnel will be put through the mountain top and the water brought that way hereafter. The tunnel is to be 36 feet in length.

FAIRVIEW.

SCHOOLS OPEN SEPT. 12—TEACHING CORPS

FAIRVIEW.

SCHOOLS OPEN SEPT. 12—TEACHING CORPS

(Special Correspondence.) Fairview, Sanpete Co., Sept. 7.—The public schools opened Monday, Sept. 12, and the following teachers have been engaged to teach during the coming winter: Hilda O. Brady, E. A. Day, Sr. and E. A. Day, Jr., Miss Hannah Hanson, and the Misses Alice and Mattie Anderson and Alice Watson of Spring City.

COWLEY, WYOMING.

STAKE CONFERENCE HELD—STORM BRINGS EARLY FROST

(Special Correspondence.) Cowley, Wyo., Aug. 29.—The stake conference which closed yesterday, was one long to be remembered. Elders David O. McKay and Ruon S. Wells, were here from Salt Lake City. The stake Sunday school convention was held Friday. There was a good attendance and most profitable meetings were held. Prof. Robinson will be the principal of the Church school this winter. A successful school year is looked for. The Big Horn Basin has experienced its first frost in August during the past 10 years. It was hoped the storm which brought the frost would have extinguished the forest fires north of us, but dense smoke still prevails.

LA GRANDE, ORE.

PROSPEROUS YEAR IN COLONY; SUGAR INDUSTRY BOOMING

(Special Correspondence.) LaGrande, Oregon, August 20.—A very large portion of the streets in the city of LaGrande are being paved which gives quite a metropolitan appearance. The writer knows of no city anywhere that is enjoying a better growth than LaGrande. The fences all over town have been taken down throwing the splendid lawns open to every possible view, which lends splendor generally. We have a new water system which is unequalled in quantity and quality. The U. P. system (the O. R. & N. Co.) is building new shops which will greatly increase the pay roll, which by the way is already of large proportions. The lumber business is at its height and an immense lot of money is being put into the hands of local owners. The banks here have more money than at any time in their history. The grain crops are good the yield being much better than expected. The fruit crop is especially large. It is estimated that 1,000 cars of apples will be shipped out of here this fall.

SUGAR BEET CONDITIONS.

LaGrande, Aug. 30.—The sugar beet harvest is about to begin. P. S. Bramwell, the manager of the Amalgamated Sugar company's interest here states that the average yield of beets this season will exceed anything in the history of the factory. Last year several small tracts of sugar beets were planted in Wallawa county as an experiment and the results were so flattering says Mr. Bramwell that this season they have about 1,200 acres there, and with the exception of about three tracts of land not suitable to beet culture, the yield will be immensely large. Last year one tract yielded at the rate of 25 tons per acre, and some of the land will exceed that this season, and this too without fertilization in any form. Prospects are so favorable that the company expects to plant a very large acreage there next year. Quite a number of our people will go from here to take land next season and the company expects to offer inducements so favorable to the grower that it will

DIED FROM DRINKING STAGNANT WATER

Vernal, Sept. 12.—A young man from Colorado, Oscar Jones, died early Sunday morning, from drinking stagnant water while coming through Colorado. He was taken ill near Rangely, and died a few days after arriving in Vernal. The family have the sympathy of the entire community in their sad bereavement.

get many to take hold of beet culture, as the conditions generally are so good that people with little means can make money. "It really looks now," said Manager Bramwell, "as though our troubles are over as to getting sufficient beets for the factory here, which has suffered because of insufficient water here, while in the Wallawa county there is water galore and the climatic conditions also seem to fit beet culture in every way and we expect great results next year."
