GOVERNOR SPRY IS ENTHUSIASTIC

Says Trip to Vernal Was a Veritable Eye-Opener to the Party.

WONDERFUL POSSIBILITIES.

Veritable Empire in Eastern Utah Awaiting the Advent of the Pioneer Plow.

Governor William Spry has returned from a week's trip to Vernal and Myton, where he was in attendance at the latter place at the celebration of the opening of the government bridge across the Duchesne river.

Gov. Spry affirmed that the trip was most delightful. He expressed his amazement at the wonders accomplished by the residents of that section in so short a time.

"The soil in that section is rich and fertile and will grow heavy yields of fruits, grains and vegetables," said Gov. Spry.

"When a railroad is built into that section, connecting it with Salt Lake, this city will have a wonderful country to draw from. I have never eaten finer peaches, apples, watermelons, cantaloupes or muskmelons than are grown there.

"It is a progressive element that is setting this great empire in the eastern part of Utah. The settlers are

wide awake and progressive and with commendable industry are making great improvements in that section.

EXHIBIT A REVELATION.

"The exhibit of the products of the soil, given during the celebration, was a revelation to me. I have never seen anything that could excel their fruits and vegetables in the state.

"Ten thousand people were in Myton during the celebration. By actual count, there were nearly 3,000 in the tents at one time.

"At the present time there are two or three Carey act propositions contemplated, which will put about 50,000 acres of land under cultivation.

"The new bridge is built of concrete and steel, with not a piece of wood in it and is a marvel of permanence.

"The new bridge is built of concrete and steel, with not a piece of wood in it and is a marvel of permanence.

"It has been dangerous to ford the river, especially in the spring of the year, and communication between the two sides of the river was possible only at great risk."

BOY PREFERS PRISON.

Elects to Take Chances With a Jury On Felony Charge.

Rather than remain in the state industrial school at Ogden for a little less than three years, Everal Jones will take his chances in the district court on a felony charge.

Jones said he was 17 years of age at the time he was arrested for the alleged commission of a felony with Sybil Altman, 15 years old.

This morning he was turned over to Sheriff Joseph Sharp and a com-

plaint has been sworn to by Guardella Brown, chief probation officer, charging him with a felony.

LANDS IN BOXELDER.

Nearly Ten Thousand Acres Under the Enlarged Homestead Act.

Boxelder county now comes forward with nearly 10,000 acres of lands just thrown open to citizens under the enlarged homestead act.

And order just received by the local land office from Washington designates lands as follows in Boxelder county:

Township 14 north, range 4 west, S. L. M., in sections 23, 24 and 25, 557 acres.

Township 9 north, range 6 west, in sections 4 and 30, 220 acres.

Township 12 north, range 4 west, in sections 4, 10, 12, 14 and 24, 1,792 acres.

ANOTHER SHRIMP SALAD CASE.

Another case of ptomaine poisoning developed in this city from eating shrimp salad. The latest is that of Miss Helle Hann, teacher in the Lafayette school, and Miss Lenora Hann, employed in the Washington school.

Arkansas City, Kan., Sept. 18.—Ebby Sheppard, the 16-year-old daughter of J. W. Sheppard, who, with his brother, Taylor Sheppard, was murdered at their home in Newkirk, Okla., Friday morning, confessed to County Atty-

burns and Sheriff Rader that she killed the two men.

In her confession she declares the cause of the crime was that the men whipped her. She went to the woodshed and secured the axe with which the crime was committed and gave it to the officers. The girl has always been considered feeble minded.

TOOELE. HEAVY ENROLLMENT. DISTRICT SCHOOLS

(Special Correspondence.) Tooele, Sept. 15.—The Tooele district schools opened last Monday with a roll breaking record.

The enrollment at the Central school was 465, at Plat "C" schoolhouse 55, and at the Lincoln 70. The high school enrollment was 36, 31 from Tooele and 4 from Lincoln.

All school buildings are in first class condition, with an efficient staff of teachers, and the trustees are doing all they can to make our schools as good as the best in the land.

VISIT OF MINING MEN.

Tooele, Sept. 15.—John D. Ryan, president of the International Smelter and Refining company, with W. D. Thornton, trustee; C. H. Repath, consulting engineer; Grant McGregor, electrical engineer; and J. B. Whitehill, purchasing agent, visited the Pine canyon smelter last Tuesday, and made a thorough inspection of the plant.

They are now handling custom work

and expect to increase the capacity of the plant as fast as the work requires the extension.

The party took lunch at the Ogden hotel, and returned to Salt Lake in the afternoon.

FIRE LOSS.

Tooele, Sept. 15.—Last Tuesday evening the log barn of Henry Doremus caught fire, and the flames spread so fast that before the firemen got to work the barn, with the sheds attached, were destroyed.

Mr. Doremus estimates his loss at \$2500, with no insurance. The cause of the fire is unknown.

PRIMARY BAZAR.

Tooele, Sept. 15.—The ward Primary association held a bazar last Monday on the meetinghouse lawn, and gave all the children a free dance in the evening for the grown up folks.

GENERAL NOTES. The Agricultural college experiment station has been discontinued in this valley, and the implements will be moved into Cedar valley where a new station has been established.
