EVENTS IN PROGRESS OF CHEAP TRANSPORTATION

Department of Agriculture Publishes Review Showing Effect of Inland Waterways on the Same.

Washington, Nov. 1.—A review of the principal events in the progress of cheap transportation during the last 40 years, just published by the department of agriculture, shows the effect of the system of inland waterways formed by the Great Lakes has held in marketing a large portion of the grain crop of the United States.

The report enumerates the various improvements which have been made in lake channels, the ordinary depth of water at the shallowest point in 1871 being 14 feet, while in 1903, this depth was increased to 21 feet. The lake boats built now are more than six times as large as those built when the channel was seven feet shallower.

S.S.S. CURES RHEUMATISM. Rheumatism is an acid blood fermentation, a souring of the circulation from an excess of uric acid in the blood stream. This uratic impurity is transmitted to the blood through the process of absorption, and comes as a result of constipation, indigestion and other systemic irregularities. When the blood becomes infected with this uratic impurity the complications of Rheumatism are set up. The circulation is no longer able to furnish the different muscles, nerves and joints with the nourishment and strength they need, but instead deposits into these members the gritty, pain-producing acid with which it is contaminated. Rheumatism is usually manifested in the joints and muscles. It is here its sharpest twinges of pain are felt and stiffening of ligaments and tendons first commence. The pain of Rheumatism is caused by the contact of the sensory nerves with the gritty, acid formation which uric acid causes to accumulate in the corpuscles of the blood about the joints. The severer symptoms of the disease come on gradually. Constantly the circulation deposits the uric acid particles into the muscles and joints, and slowly the natural fluids are dried up or hardened. Then Rheumatism becomes chronic and serious, and if allowed to run on, may permanently cripple or break down the health of the sufferer. The disease is sometimes inherited, for like all blood troubles, it can be transmitted from parent to child. This explains why some persons are afflicted with Rheumatism who have always been healthy otherwise. There is but one way to cure Rheumatism, and that is to purify the blood—cleanse the circulation of the uric acid impurity. S.S.S. goes into the blood and attacks the disease at its head, and by removing every particle of the uratic matter, and building up the blood to a healthful condition, this medicine destroys the cause and cures Rheumatism. When S.S.S. has cleansed the blood of the acid impurity, enriched and strengthened the circulation, then the nerves are quieted, the muscles become elastic, the blood tissues are thickened and freshened, all pain disappears, and the feverish, inflamed flesh is made comfortable. Nothing equals S.S.S. as a cure for Rheumatism, because nothing equals it as a blood purifier. No matter whether you have the disease in muscular, articular or inflammatory form, you can have no permanent relief from its aches and pains until you have cleansed and purified the blood. S.S.S. has cured thousands and it will cure you. We have a special book on Rheumatism which we will send together with any medical advice free to all who write and request same. FIFTY-EIGHT NEW NAMES ON CARNEGIE HERO LIST. Thirty Silver and Twenty-eight Bronze Medals Awarded and \$40,250 in Cash Awards. Pittsburgh, Oct. 31.—Fifty-eight names were added to the Carnegie hero list today by the Carnegie hero fund commission. For acts of heroism 50 silver and 28 bronze medals were awarded the life-savers, or their families in cases where death resulted. In addition cash awards aggregating \$40,250 were made in the case of the cash to be used for educational or other worthy purposes, at the discretion of the executive commission, while in 23 other cases of heroism, the cash was used for the rescue, where the heroes died, pensions ranging from \$20 to \$70 a month were made to the dependents, with \$5 a month additional for each child. Of the rescues from death or the attempts, seven were from railroad trains or street cars, 19 from drowning, one from a runaway horse, eight from suffocation in gas producers or wells, 20 from death in mine disasters, two from fire and one from shooting. The mine disaster at Cherry, Ill., in November, 1909, figured prominently in the hero list, with the recognition of the heroism of 13 miners, and besides a silver medal, monthly stipends were made to the families in these cases. Two that survived were awarded the silver medal and \$1,000 each. The recipients of the awards and the classification of their heroism follow, in part: Bronze medals to Daniel W. McGowan, Aroata, Cal.; drowning. George J. Griffin (died), Tower City, N. D.; drowning. Bronze medal and cash, as needed for specific purposes, to: Edmund M. Price, Los Angeles; street cars. Henry P. McCoy, Pocatello, Ida.; suffocation. Silver medals and cash: C. Gustave Groenevelt (died), Watsonville, Cal.; suffocation. Joseph P. Phinnazza (died), Meaderville, Mont.; suffocation. Hiram W. McIntosh (died), Fresno, Cal.; train.

BRYAN PROCLAIMS HIS POLITICAL INDEPENDENCE. Lincoln, Neb., Oct. 31.—In a hall hired by himself and speaking outside the jurisdiction of the Democratic state committee, William J. Bryan tonight proclaimed his political independence, so far as the head of the Democratic state ticket is concerned. Justified in his belief of James C. Dahlgren, candidate for governor, but disclaimed his intention of becoming a political free lance in national affairs. On the contrary, Mr. Bryan declared himself regular on all else save the Nebraska governorship and gave unstinted endorsement to the rest of the state ticket. He insisted it was no test of party regularity to refuse to vote for Mayor Dahlgren, because, as he said, he was not nominated by the Democrats but by a combination of the voters of all parties dominated by the liquor interests. For himself he said he would do what he could to put an end to the spread upon which the Democratic party had embarked; he was not willing the party should die of delirium tremens.
