

THE RED MEN GIVE UP

They Will Probably Surrender Their Rifles Today.

EXPLICIT FAITH IN MILES.

That Chief Joseph, at Nespelem Ferry, Will Join the Canadian Indians in a War.

PORT TOWNSEND, Jan. 14.—At midday everything is quiet in the hostile camp, although the scouts say that some of the young bucks are indulging in the dance.

This morning Little Wound, Little Creek Dog and Old Calico came to the hostiles and had a talk with General Miles. This afternoon a second deputation of chiefs arrived, Kicking Bear, High Hawk and Eagle Pipe. They had a long talk with General Miles, the subjects being considered as in the conference. It was agreed that the hostiles would leave their present camp and pitch their tepees on the west bank of White Clay creek, immediately opposite and less than half a mile from the Nespelem buildings. It was also decided that the Indians would surrender their arms to their respective chiefs, to be turned over to Agent Pierce. He would receive his gun, place the name of each owner on his gun, sell them and return the proceeds to the Indians. It was also decided that the chiefs would attempt to convert their young men, and, failing in this, would themselves arrest those who refused to set as good Indians and turn over to the government.

General Miles was pleased with the friendly disposition manifested by the chiefs, and proposed to allow them several weeks in which to redeem their promises. In earnest of his good will, he sent to their camp several thousand pounds of coffee and sugar. The general also talked over the general, and guaranteed that in future those contracts would be complied with to the letter. The chiefs showed pleasure at the kindly treatment of the general, and left for camp in good humor.

Short Bull, of all the leading hostiles, was missed from both delegations of chiefs. They explained his absence, saying that so many wild young men would accompany him to the agency that he would not wish to stay in camp.

The Associated Press correspondent had a talk with Eagle Pipe, in which a number of facts were ascertained regarding the big war with General Miles. Among the points in the novel one that the Indians demanded the abolition of Rosebud agency, and establishment of one more general, and selection of Pine Ridge as such. The general advanced was that the Indians were continually going from one story to another, contrasting the methods of the present and the former, and longing for the comforts of the agency as compared with the many hardships they claim to have experienced at Rosebud. This proposition Eagle Pipe, who is one of the most influential of the chiefs, said General Miles promised to consider. He also said that the general had demanded the surrender of the young men who killed Lieutenant Gray, and they promised to accede to the demand. He also said they would make every effort to control the men who had recently indulged in the ghost dance. There were only a few of them, they generally discontinued it when advised them to do so. He said at Rosebud they did not get enough food to keep them alive.

In anticipation of the camping of the hostiles on the west side of the agency the networks in that vicinity were strengthened today.

New York, Jan. 14.—The Freeman's press today received a letter from Father at Pine Ridge, saying he is confident of the reports that the army was making for the tragedy at the wounded. Those reports, he says, do grave damage to our soldiers, and are instigated those adverse to an honorable settlement of the present trouble and hostile to the desire of every true friend of the Indian that they be permanently transferred to the Indian bureau to the war department. It is only by such transfer that the Indians can expect just treatment. He said the trouble at the Wounded Knee dated through interested whites, who were about and industriously misrepresented the army and its intentions. The same were led to believe that the true intentions of the soldiers was their extermination.

London, Jan. 14.—It is announced that the British army officers, a number of whom are said to be personal friends of the Ridge agency, with the intention of offering their services in fighting hostile Indians.

St. Paul, Jan. 14.—On the assurance of General Miles that no more danger to the Indians is anticipated, four companies of militia stationed on the frontier were moved home today. There are still thirty companies in the field, but they will be ordered home at the end of this week or more trouble occurs.

ARMY AT NESPELEM FERRY.

Chief Joseph Says the War Against the Whites Will Begin Soon.

SPRINGFIELD, Jan. 14.—[Special.]—Representative Hutchinson, of Lincoln, received tonight from J. O. Keller, that a Nespelem ferry, on the Colville reservation, where Chief Moses and Chief Joseph's tribes are located. Chief Joseph and his Indians are indulging in dances with some of Moses' and Joseph's of the Yakima Indians, making about 200 in all. Moses and his conservative members of the tribe refuse to have anything whatever to do with the dance.

Chief Joseph is going over to the Perce reservation to join the Indians and that the combined tribes will be followed by tribes from British Columbia and elsewhere, when war against the whites will be commenced in real earnest and carried out to the bitter end. The Indian farmer and miller are greatly alarmed, and it is expected to be a very serious matter.

Hutchinson, who for some time has been charged of the Indian war, says that it is difficult to determine the outcome of the supposed Indian war. He says Chief Moses is a good man, but that Chief Joseph is a bad man. He says that the reservation and go to war. He says that the reservation is being sold to the government for \$1,000,000 annually from the government. He says that the reservation is being sold to the government for \$1,000,000 annually from the government.

CONDEMN THE ROADS.

Senator McConnell, of Idaho, on the Pacific Subsidies.

HOW TO COLLECT OLD DEBTS.

Government Should Foreclose on Property, Just as a Trust Company Under Same Circumstances Would.

WASHINGTON CITY, Jan. 14.—[Special.]—Senator McConnell has prepared a bill which proposes a radical change in the management of the Pacific roads. It recites that the Western Pacific, the Union Pacific, the Kansas Pacific, the central branch of the Union Pacific, and the Sioux City & Pacific roads indebted to the government in the sum of \$126,000,000, and that this indebtedness is increasing at the rate of \$2,000,000 a year. These corporations are indebted in another sum of \$85,000,000, secured by a first mortgage lien, while the United States is secured by a second mortgage which possibly forecloses and causes the franchises to be sold.

The bill directs the attorney general of the United States to begin condemnation proceedings within sixty days following the passage of the bill against all the roads mentioned. The president is directed to detail three army officers of the engineer corps to appraise all the property of the roads, and the attorney general is then to begin proceedings to forfeit the charters, franchises, and all rights and privileges. The secretary of the interior is to issue legal tender notes to the amount of \$200,000,000 to pay the debts of the roads, the mortgage bonds and the assessed value of the rolling stock, etc., but these are not to be applied to the capital stock. On the payment of this, the franchises to be tested in the United States. Within thirty days from the investment of title in the government of the United States the secretary of the interior is to advertise for proposals for a lease of these roads to some companies for a term of not less than fifty years. No bid shall be entertained which is for less than 2 per cent. of the \$200,000,000, and no bid shall be entertained from any corporation whose officers or managers are officers of any competing lines. Provision is made for the maintenance of the road in good shape and the doing of the usual railroad business. Pooling is prohibited, but traffic arrangements may be made with corporations having competing lines of railway or steamship. No discharging shall be made and no company shall be given the lease which is engaged in mining and iron, or manufacturing salt and lumber.

An important provision is toward the end of the bill, namely, that whenever the receipts are greater than the rental, the secretary of the interior is to lower the rate to such an extent that the net receipts shall be lowered to a sum at least 1 per cent. below the amount paid rental.

DEATH FROM COLD.

Fearful Storms Continue in Europe—School Children Frozen.

LONDON, Jan. 14.—Severe storms are reported as raging in the north. Advice from Berlin is to the effect that the Elbe river is full of immense ice floes, and that navigation is dangerous. The hulls of several ships have been crushed in. Violent snowstorms are again prevailing, and throughout Austro-Hungary the railroads are again blocked and traffic interrupted. The thaw has just commenced in Antwerp, where, as a means of protection against the immense amount of floating ice, large iron plates and huge timbers are being placed across the bows of vessels in the Scheldt. Fifteen thousand persons were thrown out of employment through the closing of the river, and widespread suffering prevails. The weather yesterday was the coldest yet recorded in Spain. Many trains are reported to have been stopped by the snow. Several sentinels on duty at Montjuich citadel have been found frozen to death at their posts. Numerous animals, including the monkeys in the zoological gardens at Madrid, were unable to withstand the terrible weather, and perished.

VIENNA, Jan. 14.—One of the saddest incidents yet reported in connection with the recent severe weather in Austria is the death of four children on their way to school. It is believed that many persons perished in the storm, and that when the snow has disappeared a startling number of victims will be found.

BERLIN, Jan. 14.—The cold weather is causing much misery here. Over 15,000 are out of work, and must remain so until the weather moderates.

HAPPY MISS NELLIE KEOWN.

Of the Hotel Portland—How She Was Cured of Rheumatism by Dr. Darrin's Electric Cure.

A CARD.—I have been suffering for a long time with rheumatism in my right shoulder and arm. It became so bad it was with great difficulty I could use my arm. It was helpless and painful. NELLIE KEOWN.

An Open Letter.

Dr. Darrin's treatment. I now take the pleasure of writing you that after a full course of your electric-magnetic treatment I am entirely cured of pain in my chest, which has troubled me for over eight years. Having been under treatment of doctors of Liverpool, Glasgow, Calcutta and San Francisco, none of them did me any good until I came under your treatment, which I am sure has permanently cured me, for which, gentlemen, I beg to remain yours gratefully.

WILLIAM LITTLE, Seattle, Wash.

I was also cured of a nervous growth over my eye. Can be referred to as to the truth of my statement.

KANSAS CITIES OWE \$37,000,000.—Prohibition Firmly Established.

TOPEKA, Jan. 14.—This afternoon the legislature listened to the governor's message, which would fill nearly two newspaper columns. In his message he refers to the fact that the municipal indebtedness of the state is now above \$17,000,000. Notwithstanding the warnings contained in every executive message for the past six years, he says this form of indebtedness continues to grow, and is worthy of serious legislative consideration. Speaking of being enforced throughout the state, and despite the assaults on prohibition it still stands firmly imbedded as the policy of the state.

The Skating Championship of America.

SAN FRANCISCO, Jan. 14.—In a one-mile skating contest at the Mechanics' pavilion last evening Frank Delmont beat J. S. Snowden about two feet; time, 3.03 1/2. The fastest record made in this country. The race was for a purse of \$1,000 and the championship of America. There was an additional side bet of \$100 made by the contestants just before the race.

TAACOMA, Jan. 14.—[Special.]—Fanning and Marsh have accepted the terms offered by the Tacoma League Baseball Club as part of the Tacoma battery.

The Betting in Squire's Favor.

OLYMPIA, Jan. 14.—[Special.]—Senator Parkinson's declaration has strengthened the confidence of the Squire men, and the King county members announced tonight that they had \$20,000 to put up on Squire. Representative Barlow, of Pierce, offered to bet \$1,000 tonight that Squire would not be elected Senator, and Senator Vandevanter, of King, promptly covered his money. Both posted \$100 forfeit.

THE COMPROMISE REFUSED.

Montana Democrats Will Continue to Deadlock to the End of the Session. HELENA, Jan. 14.—[Special.]—The Democrats held a caucus tonight to consider the compromise proposition submitted by the Republican House. The meeting resulted in the adoption of resolutions which strongly indicate that no compromise can be effected unless the Republicans recognize the five Democrats from Silver Bow, who were illegally elected by virtue of the precinct thirty-four fraud at the election one year ago. The Democrats of the rump House ignored the proposition to compromise entirely, but said that their House was legally organized by the government of the state as they are now engaged in enacting needed legislation. In the resolutions adopted, which will be sent to the Republican House in the morning, the Republican representatives, exclusive of the five Silver Bow men, will be invited to come into the House they organized. The Republicans are anxious for the welfare of the state to compromise, but whether they will submit to such action or not is hard to say. It is thought that this will continue the deadlock to the end of the session.

BIG BUCKET FIRM IN TROUBLE.

Result of Reckless Speculation—Philadelphia Brokers Fall. BUFFALO, N. Y., Jan. 14.—Allen & Co., one of the leading bucket firms in the East, having offices in New York, Philadelphia, Pittsburgh and Buffalo, is said to have lost \$200,000 recently in speculation. Philadelphia, Jan. 15.—Ritchie Bros., brokers, suspended today. No statement was made. They have been operating largely on the short side of the market.

PREMIER DAVIS IN COURT.

His Former Housekeeper Demands \$100,000 for Breach of Promise. CHICAGO, Jan. 14.—Robert Davis, formerly premier of Manitoba, was today sued for \$100,000 damages for breach of promise, by Mrs. Matilda Burns, a former domestic in Davis' Winnipeg household, and now the wife of a hotel-keeper near St. Paul. Davis is now in the real estate business in Chicago. His attorney denies that he is the father of the plaintiff's child, and declares there is no foundation for the suit. Mrs. Burns also sues Davis for libel, the ground being a letter said to have been written by Davis, accusing her of infidelity. The alleged offenses on Davis' part are mentioned as having occurred ten or twelve years ago, and his attorney thinks it strange that the matter was allowed to rest so long.
