FUNERAL OF THE VICTIMS OF THE BLUE CANYON MINE EXPLOSION—AN INVESTIGATION TO BE MADE—CHARLES E. HALE DENIES THE CHARGES OF CROOKEDNESS.

Tacoma, April 10.—It was announced today that Paul Schulze had resigned his position as general land agent of the Northern Pacific railroad. When seen he said: "Yes, I have resigned, at the request of Land Commissioner Evans, my resignation to take effect next week. The request for my resignation did not come to me unexpectedly. I have looked for it for months. I have the service of the Northern Pacific Railroad Company with the kindest feelings and best wishes for their prosperity. To be sure, I leave it with regret, but this regret is considerably lessened by the conviction that I will be saved the humiliation of having to perform duties which may prove detrimental to the best interests of the Northern Pacific railroad. The policy pursued by the present management of the land department, viewed in the light of my experience, I fear is wrong, and will prove injurious to the property and the tributary country. It has the tendency of creating bitter feeling against the railroad company. I greatly fear it will make the burden of taxation so heavy upon the company that it will be unable to lead to the growth of the country, and thus hurt the traffic of the road. I shall devote myself to the reorganization of the Northern Pacific Railway & Motor Company, and to the financing of the Yakima Investment Company."

At Blue Canyon impressive religious services were conducted by Rev. J. C. Wright, at Fairhaven by Rev. W. B. Gilliam and at this city, and by Rev. It was the saddest scene ever witnessed in this country.

Gen. Duchesne Leaves for Madagascar to Complete the French Conquest—A British Reply to Senator Morgan's Speech on the Sealers' Claims.

Tacoma, April 10.—Special.—President Charles E. Hale and Secretary Vanderhoof deny the allegations made yesterday by H. C. Potter, W. B. Blackwell, H. S. Johnson and the other stockholders. Mr. Hale swears that Messrs. Blackwell and Potter are mistaken as to the scope, extent and meaning of the statements made by him to them. He affirms that he never informed them that the books were under his control or within his custody, or that he could produce them for the inspection of the stockholders; but that he did say he believed the books were under the control of the receiver, and that he would produce them if they could or could not be produced without his certain knowledge at the time referred to. He alleges, further, that he has not the custody or control of the books, or knowledge of their whereabouts, and cannot produce them in court if an order to that effect be made. He also affirms that he has made a full, fair and complete affidavit as the acting Receiver Job, to which he refers, and asks that it be construed a part of the affidavit. With reference to other matters in the affidavits of stockholders and Receiver Job, he replies that they have been informed by counsel that they are sham, frivolous and irrelevant and need not be controverted.

THE SENATE FINANCE COMMITTEE.

Washington City, April 10.—Speaking of the reorganization of senate committees which is likely to occur, owing to the change caused by the late election, Senator Voorhees said: "I have no doubt the Republicans will organize the finance committee, I expect to surrender the chairmanship to Senator Morrill at the beginning of next session. He is as vigorous as any younger member, and any effort to displace him would be shameful after his many years of service." Senator Voorhees also stated that the committee would be organized to support the silver under the reorganization. "McPherson, Democrat," he said, "is the only member of the committee who will not be a member of the next congress and the only Democratic member who is opposed to silver. The other five Democratic members will, with Senator Jones of Nevada, constitute a quorum even if the vacancy shall be filled by the appointment of an anti-silver Republican. I do not, of course, know what course the Republicans may adopt in filling the vacancy, as that will depend upon the result of the Republican caucus, but if the silver Republicans should succeed in getting one of their own number on the committee, the accession will make the majority that much more powerful."
