All the Tender Plants Blackened as by Fire—New York and Pennsylvania Grape Growers Lose Millions of Dollars—The Record for Cold at This Season Broken.

Pittsburg, May 13.—This morning the thermometer in and about Pittsburg marked 29 degrees. There was a heavy frost and in many places an eighth of an inch thick was formed. Most of the early garden truck and small fruits were destroyed. Nearly all the apples on low ground are ruined. Reports from all over Western Pennsylvania, Eastern Ohio and West Virginia indicate that the frost was as severe there as here.

New York, May 13.—Reports from many sections of the state indicate that last night's frost did an immense amount of damage to growing vegetables, crops and fruit. The number of acres bearing grapes last year was 25,000. This year 25,000 acres would have been bearing. The vines were loaded with blossom buds last evening, and from one end of the belt to the other the trees are nothing but blackened ruins, and have the appearance of having been visited by fire. Three thousand six hundred cars were loaded from the belt last season.

At Westfield the vines were entirely cut down. Some growers will plough up their vineyards and return to the old style of general farming. In the south, generally known as the center of the Chautauque grape belt, is in mourning today. Nothing is raised there but grapes and the frost last night did a fearful damage. Jerry Hickman, the millionaire grower and wine manufacturer, says the loss in the belt done to grapes will reach at least \$200,000. His own loss he estimates at \$200,000.

At Fredonia nothing of the grape crop can be saved. Erie, Pa., May 13.—The grape crop in this section will be a complete failure because of last night's frost. In this county 4,000 acres of vineyards were destroyed, and in Chautauque county, generally known as the center of the Chautauque grape belt, is in mourning today. Nothing is raised there but grapes and the frost last night did a fearful damage. Jerry Hickman, the millionaire grower and wine manufacturer, says the loss in the belt done to grapes will reach at least \$200,000. His own loss he estimates at \$200,000.

MOGUL STILL ON THE ROCKS.

Disgusted Gold Hunters Return From the Land of Hunger.

The Steamer Glad Tidings Ashore, but No Lives Lost—Tacoma to Hold a Strawberry Social—A Showman on Trial at Portland for Wife-Murder.

Port Townsend, May 13.—The schooner George W. Prescott, twelve days from Kodiak Island, Alaska, arrived tonight with further particulars of the loss of the schooner C. G. White, of San Francisco. Capt. Isaacson and ten men were drowned and frozen to death. The schooner was wrecked in the early morning of April 14, instead of at night. A line was made fast between the vessel and the shore. Three men were previously rescued, but the passengers landed and waited for the Danube.

Half a dozen sealing schooners arrived yesterday, all with small catches. They confirm the report that wreckage from the schooner had been seen, as well as a week overdue from the north. She put into a cove for shelter, and as she was hoisting the anchor to leave her stern swung onto a rock and broke in two. The schooner was wrecked in the early morning of April 14, instead of at night. A line was made fast between the vessel and the shore. Three men were previously rescued, but the passengers landed and waited for the Danube.

A regular hurricane blew here yesterday evening. A number of minor accidents are reported. The storm came up suddenly and caught a number of small sailboats and yachts. Luckily there were no fatal accidents.

TO INSTRUCT THE INDIANS. Hoke Smith Gives Office to Three Democratic Politicians. Tacoma, May 13.—Special.—Three political appointments have just been made in this city, emanating from Secretary Hoke Smith, of the department of the interior. The appointees are Ira R. Bamber, Joseph Bernard and William Kelly, now postmaster of the town of Enumclaw. He announced in which Democratic Evening News introduces the appointees to the people.

Mr. Bamber has been appointed instructor in the school of the interior. Mr. Kelly the same kind of an instructor to the red men of the Quinault reservation, while Mr. Bernard, an old and experienced farmer who has not had the honor of being in the interior since he was a pup, has been appointed farming instructor at large to the Indians of the state of Washington. Mr. Bernard is not so well known to the people of Tacoma as a farmer as he is as a dry goods merchant that he is. He has already received the congratulations of numerous friends in Tacoma, Puyallup, Sumner, Fern Hill and Yelm.

Though a resident of Enumclaw, Mr. Kelly is quite well known in the valley and to the politicians of the Sound. Enumclaw is in King county.

Mr. Bamber is also a well-known resident of Tacoma, where he has resided many years. It will be the duty of Mr. Bamber and Mr. Kelly to instruct the Indians in the arts of industry, sobriety and honesty. Mr. Bamber was appointed warden of the penitentiary at McNeil's island early during Mr. Cleveland's administration, but subsequently declined to resign, some trouble having developed on account of the number of eggs that were on the bill of fare for the prisoners. Mr. Bamber was not accused of any wrong doing.

The appointments are worth about \$1,000 per year each.

Mr. Bamber says he was a farmer in Idaho before he came to this country and became a Democrat, and that what he doesn't know about farming isn't worth knowing. Joe Bernard says nothing, but smiles, and Mr. Kelly has been seen in town since his appointment.

THE VOTE NEARLY UNANIMOUS.

Can a Peer of Great Britain Sit in the House of Commons?

The Question Raised by Labouchere in the Case of the Earl of Selborne—China to Arrange With Japan to Pay for the Reeced Territory.

Berlin, May 13.—The government met with another defeat today. The Reichstag rejected the whole of the tobacco tax bill. During the debate which preceded the vote on the bill the spokesman of all parties except the conservatives opposed the bill, insisting strongly against any further disturbances of the tobacco industry. Count von Kardorff also advocated breaking her bill. No one else being on the premises at the time, she laid out in the hot sun until 2:30 o'clock in the afternoon when she was discovered by a neighbor and her son, who arrived about the same time, and taken into the house. Mrs. Himes is about 55 years of age, and came to Washington in 1882, settling near Olympia, where she resided until coming to this place about ten years ago.
