

FIFTEEN INNINGS.

Nonpareils Take an Exciting Game From the Opals.

THE SCORE TIED IN THE NINTH.

More Tennis Tournaments in the Near Future—Western Men Make Good Athletes.

It took fifteen innings for the Nonpareils to defeat the Opals yesterday afternoon by a score of 3 to 2, in the most exciting and hotly contested amateur game that had ever been played in the Northwest. Up to the fifteenth inning the game was nobody's, when the Nonpareils by a stroke of good batting succeeded in scoring the winning run. For the Nonpareils Bell caught an errorless game, and with the exception of Dubble's work at short it was impossible to put the ball through the legs of the Nonpareils work in left field was a main feature. On the Opals' side the work of Frederick at short and Cummings' pitching were the features. After the tied inning the Opals settled down to work, and managed to tie the score in the first of the ninth, when Huber put the ball over the left field fence for a home run. Neither side scored until the last half of the fifteenth inning, when Brockie hit safe, stole second and scored on Bell's hit to center, thus winning the game. The complete score and slimmery are as follows:

Table with columns: Opals, AB, R, BH, PO, A, E. Rows include Frederick, Green, Jackson, Huber, Cameron, Ballard, McMillen, Hattie, Harden.

Table with columns: Nonpareils, AB, R, BH, PO, A, E. Rows include Bell, Frick, Gummelt, Nelson, Rockenfield, Dubble, Larchan, Brockie.

Note—No one out when winning run was made.

Score by Innings.

Table with columns: Opals, Nonpareils. Rows show scores for each inning from 1 to 15.

Summary.

Earned runs—Nonpareils, 4; Opals, 3. Home run—Huber. Three-base hit—Rockenfield. Two-base hits—Cummings, Frick, Brockie. Double plays—Clem to Gummelt to Rockenfield; Rockenfield to Gummelt to Bell; Green to Frederick to Huber; Jackson to Frederick to Huber. Struck out—By Cummings, 8; Clem, 6. Hit by pitcher—Huber and Bell. Wild pitches—Clem, 1; McMillen, 2. Passed balls—Green, 1. Left on bases—Opals, 9; Nonpareils, 9. Bases on balls—By McMillen, 2; by Cummings, 2; by Clem, 1. Umpire—Mr. Van Brocklin.

REVIEW OF THE SPORTS.

Tennis Players Ready for Another Tournament—Athletes of the West.

Interest in tennis has been stimulated by the splendidly successful open tournament which came to an end last Saturday evening after four days' playing, and for which all lovers of the game are grateful. Messrs. George Hurd and Lancelotti Pelly and the other gentlemen having the matter in charge, as well as to those from outside the club; Miss Anderson, the champion of the lady players of the Northwest, and Mrs. Purdon, Tidmarsh, Fransioli, Anderson, Griggs and Brown, and particularly to Mrs. Howell, of the Lake street court; Miss Seymour, of Tacoma; Mr. Foulkes, of Victoria, and Mr. Whitthorn, of Olympia, who, though out of their usual form, came in, and contributed so much to the enthusiasm of amateur sport which marked the tournament.

Two more tennis tournaments are near at hand. The first, which will begin Monday, August 5, will be held in Victoria on the grounds of the Victoria Tennis Club for the championship of British Columbia, and there will be a large number of crack players on the courts; the second will be held in Tacoma, beginning Wednesday, August 14, the place to be set by the National Tennis Association, of which the Tacoma Club is a member, for deciding the championship of the Pacific Northwest. This will bring together people from all over this state, from Oregon and from British Columbia. Everyone interested in tennis will try to be there. It is hoped by local enthusiasts that Mrs. Howell, Miss Eyles and Messrs. Hurd, Pelly, Meserve and Wright will be able to enter both of the contests, which would give Seattle a splendid representation.

Although the baseball season so far has not been exciting, the teams are being hammered into form and good work is to be expected in the time that yet remains for play. The attempt of the S. A. C. to play a strictly amateur team resulted in failure, owing to the semi-professional tactics of the Portland club. The S. A. C. management has had a hard experience, but Saturday's game against Port Townsend was played in excellent form, and the S. A. C. may at last declare it has a time that can play ball.

Whitcomb, July 27.—Special.—Early Wells, Wilson and Woodard have returned from the upper Skagit, having reached the river without difficulty by way of Little Beaver creek, after leaving the other members of the party at the summit of the Beaver pass, above the Chilliwack, about eight miles above Hangman pass and seventy miles from here, a narrow and dangerous trail has been found down that stream to the Skagit is estimated by Wells, who is an experienced woodsman and one of the party, who has been to the first Austin expedition, at about eighteen miles, most of it through a timbered valley, with little or no brush, varying in width from half a mile to a mile and a half. The timber is reported to be gigantic, cedars twelve feet in diameter and firs 20 feet to the first limb. Good indications of mineral were found in the granite, in different shades, were found along Little Beaver creek. All the members of the party agree that the route is a mile in width from half a mile to a mile, and that the season is now under consideration by the Board of Trade.

of the credit of this success was, of course, due to the experience and enthusiasm of William H. Lewis, but the new move on the part of the association is spoken of on all sides as being eminently praiseworthy. The West is coming to the front in the production of good athletes, and John Graham writes from the Boston Athletic Association that every year a larger number of the men on the crack teams are found to be from the West. They have the pluck and especially the hardihood best fitted to withstand the wear and tear of training and of contests on the fields or on the water. It might not be a bad thing to say that Harvard loses on the Thames through being unable to realize that Yale's more generous policy of choosing men from the whole country, instead of from one city, as Harvard, for example, chooses from Boston, is the right policy. If there is any virtue in being in the West Seattle should have nothing to fear of anything outside of Alaska.

WHY THE RACE WAS LOST.

The Mascot at Esquimalt Committed Suicide by Hanging. Friends of the S. A. C. crew have been trying to figure out how the race at Victoria was lost on July 26, and a solution of the much vexed question was not reached until several days ago. It transpires that "Dan Yok," the pet bear taken up as a mascot by William Brownell Goodwin, the famous Yale athlete and number 2 in the crew, hanged himself the night before the race, and the boys say that "Bully" went into the race with a crepe-laden heart, satisfied that the race was as good as lost. The bear was given to Mr. Goodwin by Dan Yok, the cook at the Turner Club, whose name he took. Several think that young brain hanged himself because of the name he was compelled to carry, but Goodwin swears it is false.

BASEBALL.

St. Louis, July 28.—St. Louis, 2; base hits, 8; errors, 1. Brooklyn, 4; base hits, 7; errors, 0. Batteries—Breitenstein and Miller, Stein and Grimm. Chicago, July 28.—Chicago, 6; base hits, 10; errors, 1. Washington, 5; base hits, 10; errors, 5. Batteries—Griffith and Kittredge, Boyd and McGuire. Cincinnati, July 28.—Cincinnati, 12; base hits, 16; errors, 3. Cleveland, 9; base hits, 17; errors, 4. Batteries—Dwyer, Rhines and Vaughn; Wilson, Knell, Cuppy and Zimmer. Louisville, July 28.—Louisville, 4; base hits, 16; errors, 4. Baltimore, 3; base hits, 8; errors, 1. Batteries—Weyhing and Warner; Esper and Robinson. Following is the standing of the National League clubs:

Table with columns: Club, Played, Won, Per Cent. Rows include Cleveland, Pittsburgh, Baltimore, Boston, Philadelphia, Cincinnati, Chicago, New York, Brooklyn, Washington City, St. Louis, Louisville.

The Coney Island Races.

New York, July 28.—The Coney Island Jockey Club announces that the value of the futurity, to be run at Sheepshead Bay on Saturday, August 24, will be \$75,000. Among the probable contenders for this stake are: Handspring, Hastings, Appligate, Crescendo, Damsel, Axiom, Beau Ideal III, Nimrod, Rejugal, Bonaparte, Wishard, Merry Prince, Jefferson, Refugees, Hazlet, Sonata and The Native. The following autumn handicaps were also announced: The fall handicap, \$1,500, for three-year-olds and upwards, futurity course; the Ocean handicap, \$1,500, for three-year-olds and upwards, one mile; the Omnibus handicap, \$2,000, for three-year-olds and upwards, one mile and a furlong.

The Valkyrie's Trip to America.

London, July 28.—The Telegraph says: The Valkyrie III, will be navigated by Capt. Harrison, of the Allan liner Korcan, who was granted special leave for the purpose. Superintendent Cranfield and Capt. Sycamore are on board. The Valkyrie is provided with enough berths to accommodate sixty men. With the crew and ten tons of stores on board she did not show too much freeboard, but laid a very even keel and looked very seaworthy. It is expected the voyage will occupy twenty days.

World's Swimming Record Broken.

Santa Cruz, Calif., July 28.—In the seventy-five-yard swimming race at the plunge bath last night between Dan Renear, of San Francisco, and Clyde Hawthorne, champion of Santa Cruz, the latter won, Time, 45 1/2 seconds, breaking the world's record by four seconds.

MONTANA SEES THE DANGER.

Legislature May Meet to Prevent Bill's Consolidation Scheme. Helena, Mont., July 28.—A number of conferences have been held by business men and shippers of Montana to see what measures should be taken to thwart the proposed consolidation of the Great Northern and Northern Pacific railroads. Gov. Tickers has expressed a willingness to call an extra session of the legislature if necessary to prevent the consolidation. There is a strong constitutional prohibition of the combination of parallel railroads, and the legislature may forfeit the charter of any corporation offending in this respect.

The Headwaters of the Skagit.

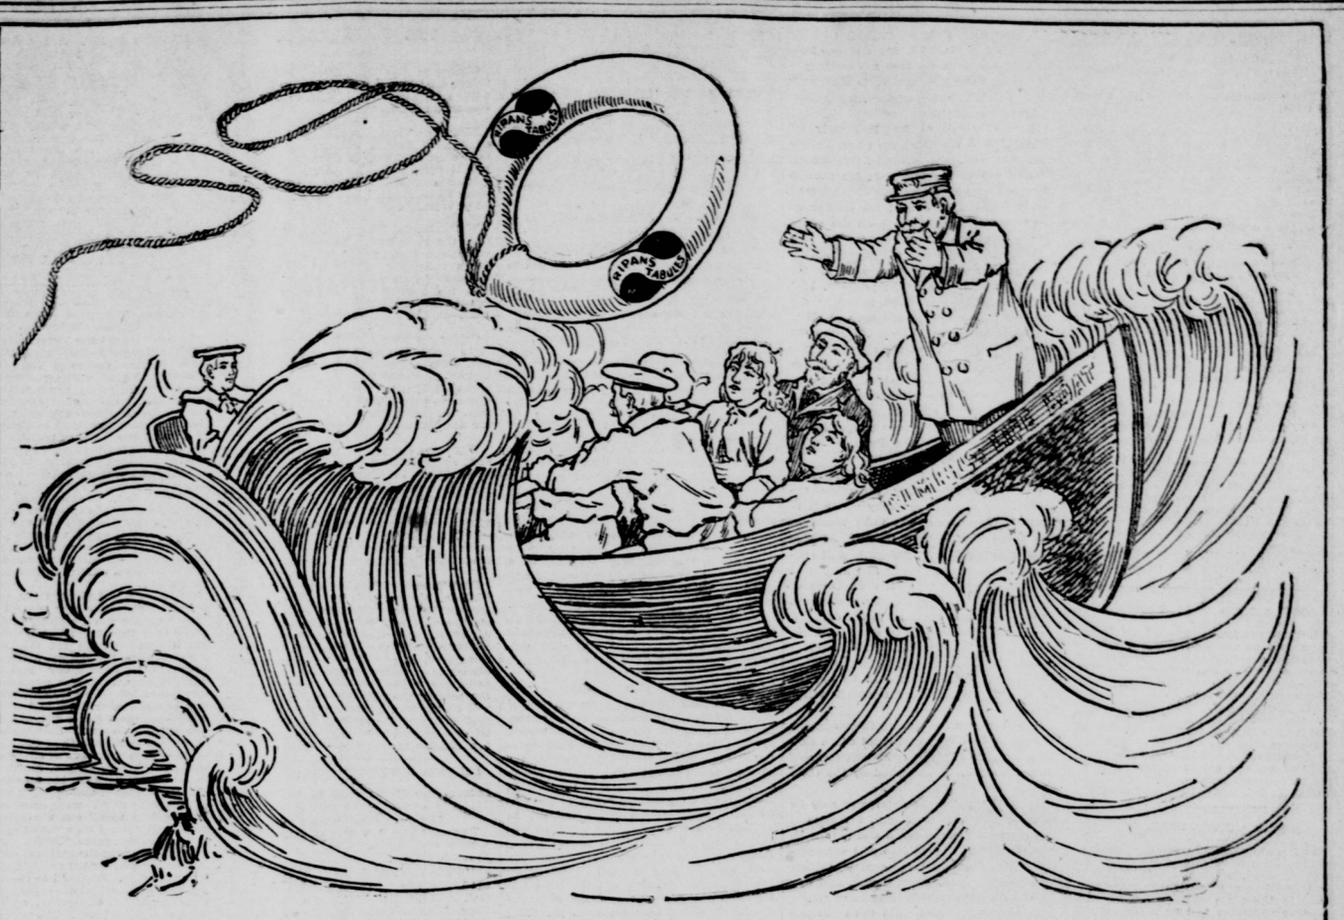

Whatcom, July 27.—Special.—Early Wells, Wilson and Woodard have returned from the upper Skagit, having reached the river without difficulty by way of Little Beaver creek, after leaving the other members of the party at the summit of the Beaver pass, above the Chilliwack, about eight miles above Hangman pass and seventy miles from here, a narrow and dangerous trail has been found down that stream to the Skagit is estimated by Wells, who is an experienced woodsman and one of the party, who has been to the first Austin expedition, at about eighteen miles, most of it through a timbered valley, with little or no brush, varying in width from half a mile to a mile and a half. The timber is reported to be gigantic, cedars twelve feet in diameter and firs 20 feet to the first limb. Good indications of mineral were found in the granite, in different shades, were found along Little Beaver creek. All the members of the party agree that the route is a mile in width from half a mile to a mile, and that the season is now under consideration by the Board of Trade.

Mother and Son Drowned.

Cocoda, W. Va., July 28.—Mrs. William S. Pierce, of Middleport, N. Y., and her married son Franklin, who own a large family boat and travel by river, operating a merry-go-round, were both drowned here this afternoon. Mrs. Pierce fell into the river. Her son jumped after her, and the current swept them under the barge. Both bodies have been recovered.

Beecham's pills are for biliousness, bilious headache, dyspepsia, heartburn, torpid liver, dizziness, sick headache, bad taste in the mouth, coated tongue, loss of appetite, sallow skin, etc., when caused by constipation; and constipation is the most frequent cause of all of them.

Go by the book. Pills 10¢ and 25¢ a box. Book free at your druggist's or write B.F. Allen Co., 365 Canal St., New York.

A Health Preserver RIPANS TABULES

The Tabules are a compact, convenient, accurate form of a prescription universally used by physicians in treating all digestive troubles. Each physician modifies the formula more or less, but the variation is, always slight.

The exact formula from which Ripans Tabules are made is in daily use in the greatest hospitals in the world, where the highest medical skill recognizes it as the best preparation ever devised for derangements of the stomach, liver and bowels.

If these organs can be kept healthily active there is little danger of serious sickness. Almost every illness human beings suffer with is traceable directly to indigestion and its accompanying disorders.

Ripans Tabules stimulate the stomach, stop fermentation and make digestion easy and rapid. They stir up the liver and help it to perform its functions. They cure constipation and strengthen and invigorate the bowels so that their natural action is restored.

One Tabule is a dose. It should be swallowed with a little water at meal time, or at bed time, or both. The frequency of the dose is regulated by the apparent need. There is no danger of taking too many as long as the cathartic effect is not too strong.

Ripans Tabules: Sold by druggists, or by mail if the price (50 cents a box) is sent to The Ripans Chemical Company, No. 10 Spruce St., New York.

A BLAZE OF POWDER.

Close of the Shooting Season at West Seattle.

MEN WHO HAVE WON HONORS.

Capt. E. P. Miner Heads the List, Followed by J. N. Hardy, Pretty and S. T. Kelsey, Jr.—Now for Grouse.

Table listing names and scores for a shooting competition. Columns include names like Hall, Bidd, McKee, Day, Deacon, Stevens, Norton, Carver, Rippe, Pretty, Bromley, Miner, Graf, Tanner, Kirk, Deacon, Argus, Nelson, Bromley, Kilders, Wray, Clabner, Turner, Jones, J. Hardy, Miner, Hupp, Stevens, Churchill, W. A. Hardy, Miner, J. Hardy, and Churchill.

Certificate Shoot.

Table listing names and scores for a certificate shoot. Columns include names like Class A, Class B, Class C, Class D, Class E, Class F, Class G, Class H, Class I, Class J, Class K, Class L, Class M, Class N, Class O, Class P, Class Q, Class R, Class S, Class T, Class U, Class V, Class W, Class X, Class Y, Class Z.

Shooting Off the Class A.

Table listing names and scores for a shooting off the class A. Columns include names like J. Hardy, Miner, Hupp, Stevens, Churchill, W. A. Hardy, Miner, J. Hardy, and Churchill.

TACOMA SPORTING NEWS.

Bowling Tournament This Week—The Athletic Club Election. Tacoma, July 28.—Special.—The championship bowling tournament between teams from the Multnomah Athletic Club and the Tacoma Athletic Club will begin on the T. A. C.'s alley Saturday evening, August 3. Four games of cooked hot will be played on the T. A. C. alley, and a like number at the Multnomah Athletic Club September 8. The total score in the eight games will be the tournament score, and decide the championship. The T. A. C. team of six men will be selected from the following players by E. D. Crandall, captain: E. L. Parsons, Kay Smith, Charles P. Curtis, Dr. M. W. Graf, George Gates, H. L. Mundy, James Barrager, G. G. Rowe, A. G. Browne and H. S. Griggs. Owing to the limited room in the bowling alley only members of the club will be admitted. The record of the T. A. C. bowlers in their July tournament, which will close Saturday night, does not show up so well as the previous ones. Boating and bicycling have drawn heavily on the bowling fraternity with the result that only nineteen men faced the king pin this month. The scores were nearly in proportion to the number of entries and it was decidedly an "off day" with most of the players. J. V. Toland, with a tournament score of 160, won the bowling medal. Paul M. Downing, late captain for Stanford's football team, arrived in the city last week, having come here to live. He will enter the T. A. C. football team this year and will probably be its captain. Alvin in view for the team. The latter part of ready Mr. Downing has several good men in view for the team. The latter part of ready Mr. Downing has several good men in view for the team. The latter part of ready Mr. Downing has several good men in view for the team.

OVERWHELMING PROOF

Of the Superiority of Electric Treatment Over Other Methods in the Treatment of Disease. One of the Drs. Darrin can be consulted free at Hotel Stevens, Seattle, Wash., for a limited time only, until September 1. The following open card speaks for itself. Seattle, July 26, 1895. Mr. Editor—Dear Sir: This is to certify that I have been under Dr. Darrin's electro-magnetic treatment for sciatic rheumatism, bladder and kidney complaint, and was cured. I recommend the afflicted to try this skillful physician. I can be seen and referred to at 36 South Third street, Seattle, Wash. T. S. HUBBARD, ment of Disease. Dr. Darrin makes a specialty of all chronic, nervous and private diseases of whatever nature. Most patients can be cured at home after one visit to the doctor's office. Office hours, 10 a. m. to 5 p. m., evenings 7 to 8 except Sundays. Charges low and reasonable, according to ability to pay. Inquiries answered and circular and question blanks sent free.
