### CHINA HAS GREEN UP

Foreigners Permitted at the Trial of the Murderers.

### DEFERENCE PAID TO FOREIGNERS

Six of the Rioters at Hwasang Have Been Convicted of Murder.

The State Department Denies That It Has Found Fault With Its Agents in China, and Professes Ignorance of the Status of Affairs.

New York, Aug. 24.—The world will print the following cable tomorrow: Poochow, China, Aug. 24.—Firmness has brought the Chinese to terms. Foreigners are now present at the trials of natives implicated in the attack upon missionaries. The Chinese officials have been notified of the foreign commissions of inquiry.

Six of the Chinese who had a hand in the massacre at Hwasang were convicted of murder, New arrests are made daily.

Poochow is quiet. What was reported abroad as a new massacre was only a local riot.

Tokyo, Japan, Aug. 19.—Few details of the massacre of missionaries at Kueiching have been gathered by the commission. The evidence so far indicates that the crime was a natural development of a conspiracy organized by well-known viceroys against the entire body of foreign residents in China. The first results were the outrages in the Szechuan province, instigated by the deposed Viceroy Liu Ying Chang. The guilt of this official has now been formally declared by his successor, the Viceroy Lu Chuan Lin, who urges that the originator of the riots be tried in Chengtu and make reparation for his evil deeds.

The proposed trial has been proved by the court at Peking, and an imperial edict has been issued, commanding Liu to settle the affair in accordance with the judgment soon to be pronounced by the investigating commission. Grave doubts, however, are expressed by foreign officials in China with regard to the central government's ability to enforce penalties upon high provincial authorities, even assuming that the penalties will be ordered in good faith. The supremacy of the Manchu rulers is by no means assured throughout the empire, and any attempt to satisfy the demands of Western powers at the expense of the viceregal satraps may endanger the stability of the throne.

Washington, Aug. 24.—Special—Original pensions have been granted: Sylvester Gavett, Rockford, Spokane county; Albert C. Goodwin, Mount Vernon; John H. Miles, Lincoln county; and Daniel Baker, Trafton, Snohomish county. William McCandless, of Salkum, Lewis county, has been granted a pension for 12 years. The following pensioners have suffered reductions: Andrew Briner, Cheney; Ed. Phelps, Port Angeles; John Plack, Deception, Clallam county; Andrew Fogle, Ozelita, Wahkiakum county; William H. Pinckney, Semiahmoo; Daniel Hickey, Tacoma; Samuel D. Cagle, Walla Walla; John H. Barnes, Stead, Andrews county; Charles H. Johnson, Seattle; Charles Buchart, Norwood, Pierce county; Nelson Dubuque, Snohomish; William A. McWhorter, Spokane, Thomas county; Charles H. Johnson, Seattle; H. Stearns, Getchell, Joseph, Warner, Seattle; Lawrence Bar, Centralia.

The following was given out officially at the state department yesterday: Upon Secretary Ade's attention being called to statements in yesterday's papers that much dissatisfaction was felt at the state department because Mr. Denby had not been heard from for several days, and that he was supposed to have taken umbrage at the instructions lately called him, Mr. Ade said that he had authorized the matter, and that the department's opinion as to the cause of Denby's opinion, for the simple reason that his opinion had been formed or could rationally be formed, by the absence of the knowledge of the facts. The promptness, good judgment and energy with which Col. Denby has acted upon the instructions hereof, has sent him negative any hasty conjecture that he was not now endeavoring with alacrity to fulfill the duties imposed upon him by the department telegrams of the past week.

It was to be remembered, Mr. Ade said, that China is a country of slow communication, having practically no speedy mail service and few telegraph lines; that the problem of the fitting protection of the lives and property interests of our citizens, scattered over a territory covering 1,200,000 square miles, requires constant conferences and co-operation between the minister and the admiral commanding, as well as trustworthy information beyond that of the dispatches, and that the necessity of bringing all these diverse factors into the working might well baffle Mr. Denby's desire to report to the department successful action upon its instructions. To take the case of the Kuoheng expedition, communication with the consul at Poochow was obviously necessary to intelligent action, and Mr. Hixon appeared to have put himself beyond the reach of the department by communicating with him by personal message perhaps, explains the press report that Commander Newell, of the Detroit, had gone to Kuoheng to see him, of which, however, the state department has no confirmation. The telegrams from Hongkong and Shanghai are to be taken with a small allowance, by reason of an adverse disposition in those quarters to work up a prejudice against the diplomatic and naval representatives of the United States in China, and dependence upon such reports might be more likely to complicate and defeat than helpfully aid the government in carrying out its practical purposes.

**THE CUBANS IN NEW YORK.**  
Spain Grieved Because They Are Permitted to Talk Freely.

Madrid, Aug. 24.—In regard to the news that Estrada Palma and other Cuban insurgents leaders are allowed to hold meetings in New York, the state department has announced in a dispatch received, the impartial says: "The government of America and its representatives may think as they like of the mode of understanding that neutrality which they are bound, but outside of the matter there is no man who supports fair play who will not condemn the method of the United States. If they continue to authorize such meetings, in which Spain and her army are insulted and funds collected for expeditions against the island of Cuba and the rebellion during the first months of 1906."

Gen. Salcedo has arrived at Coruna. He states that it is only a question of time when Campos will "sweep the rebels into the sea."

Philadelphia, Aug. 24.—News has been received in this city that a complete government has been formed by the Cuban insurgents at Nansaka by a conference of the delegates from all of the provinces of the island. The conference was presided over by the Marquis and other leaders present were Antonio Tulo, Carillo and Gomez. A constitution was adopted and

Police Pay More Attention to Threatening Letters Than Emperor.

German Colors Removed From Wreaths on Graves in France—Merchant Stern's Sentence Not Likely to Be Commuted—On the Ship He Said His Son Was Aged 12.

(Copyrighted 1895 by the Associated Press.)  
Berlin, Aug. 24.—The final programme of the visit to Germany of the German-American veterans has been drawn up. On their arrival at Bremen they will be guests of the veterans' association of that city, and the fetes there will include a marching band, a band of drummers, and each of the American veterans will receive a commemorative medal struck for the occasion. The veterans on August 30 will go by special train to a military camp, where a number of them will arrive on the following day. They will be met at the station by a committee of the veterans' association, a parade will be held, and the veterans will march through the Brandenburg gate and before the United States embassy. From that point, accompanied by two military bands, and followed by carriages containing the women and children, they will return to Unter den Linden, passing William I's palace and the Schloss to the Fen Palace, where there will be a banquet. On the following day the German-American veterans will attend the inauguration of Kaiser Wilhelm's memorial church, and will then march to the Berlin exhibition, where a number of fetes have been arranged. On September 2 there will be a parade and review on the parade ground, and in the evening the veterans will be entertained by the emperor in a pavilion at Wannsee, whence they will proceed to the Hotel Potsdam. They go to Leipzig on September 5, and from there to Mayence. They will visit the battlefields and afterward start for home.

Politically there has been nothing stirring during the whole week. The emperor has been busy reviewing the veterans and the kind remarks to those who attracted his attention.

The fact that the public was excluded from witnessing the ceremony of the laying of the cornerstone of the Kaiser Wilhelm monument last Saturday has caused much comment, and it is now understood that this measure was due to the fact that several of the measures taken by the emperor the day before, whose authority the police were unable to trace. His majesty, however, was desirous of the utmost publicity in spite of these matters, and the chief of police at Berlin persuaded the emperor to allow the police to exclude the masses from the ceremony.

In spite of the measures taken by the imperial government of the reichland to prevent large bodies of German veterans crossing the French frontier to view the battlefields and decorate the graves of their comrades, a number of German veterans have visited Gravelotte and Amalilas, about 3,000 old soldiers attached wreaths with German colors depicting to them on the graveyards of the French authorities, however, had the colors removed.

Mr. Louis Stern, of New York, who was recently sentenced to two weeks' imprisonment and a fine of 600 marks for insulting a German official at Kissingen, is now in Paris, awaiting the result of his appeal to the president of the republic to mitigate his sentence of imprisonment and make it another fine. This appeal will be pleaded by Mr. Stern's attorney on Tuesday. The latest news received, however, is that Prince Leopold is not likely to interfere directly in the matter, as it is stated that information has been received from the imperial court at Berlin, which, it is claimed, shows that Mr. Stern paid only half fare for his son on the steamer from New York, having given his son 12 years' wages in the name of the steamer, which was the question of the boy's age, it will be remembered, which led to his being ordered from the steamer by the French authorities.

**CONDENSED DISPATCHES.**  
A national good roads parliament will be held at Atlanta, October 17, 18, 19, and 20. The subject is the improvement of all societies interested to send delegates.

Ex-Gov. Richards, of Wyoming, has ordered the arrest of the members of the Banquo, a band of desperadoes, who are charged with killing deer and antelope in violation of the state game law.

The gunboats heretofore known as numbers 7, 8 and 9, now building at Newport News, have been named the Nashville, Wilmington and Norfolk, in honor of the Mont. A tugboat at Mare Island has been named the Unadilla.

The colored Knights of Pythias during their convention at Chicago, was finally closed by the adjournment of the convention. The motion of the complainants, issued an order dismissing the bill of Dolly Proctor, and the order was granted.

Maurice Wormser, son of the late Simon Wormser, in 1882 lost \$25,000 of his father's money by speculation in the stock market. He is now suing for breach of promise by Olive King, his mistress, who lost her case, and is now suing for \$4,000, which she had gambled him.

The government of Paraguay has signed an agreement by which an arrangement has been arrived at for the settlement of the foreign debt from January next. It pays interest at the rate of 1 per cent. This will be increased to 3 per cent. after three years until 1906, when 3 per cent. will be paid until the extinction of the debt.

George W. Howard, ex-vice president of the American Railway Union, who was charged with conspiracy to obstruct the mail, was released Thursday.

Heavy rains have fallen south and southwest of Phoenix, Ariz. Washouts are reported on the Southern Pacific and on the Mariposa & Phoenix. On Thursday night five miles south of Tempe, which delayed the mail twenty-four hours, it also rained between Phoenix and Prescott. Storms accompanied by unusual lightning are reported from the Colorado and the Gila and Salt River banks are full.

The provision of a new English royal yacht is under consideration. The Victoria and Albert is now forty years old, and though a fine looking vessel of 2,500 tons she is asserted to be practically unseaworthy. A new vessel, to be built some twenty years ago, and is of obsolete construction. It is under consideration for a new vessel, both vessels cost a good deal in repairs, owing greatly to their age.

### THE CLEVELAND FIRE

Cleveland, Aug. 24.—Fire broke out at an early hour this morning in the five-story building of William H. Hurst, corner of Euclid avenue and Monumental square. Notwithstanding that the streams of twelve or fifteen engines and two fire-booms were soon playing on the flames, the building was entirely consumed. The first floor was occupied by Benfield Bros., druggists, the Goodyear Rubber Company, and the Larned Glove store. The upper floors were used for offices. The flames quickly spread to the building occupied by Sherwood's jewelry store, and Quimby's dry goods store. The Cuyahoga office building, at the corner of the square and Superior street, one of the finest structures in the city, caught fire several times, but beyond slight damage from smoke and water suffered very little. The total loss will not exceed \$100,000.

### Benedict Declares Against Greenbacks

New York, Aug. 23.—The Morning Advertiser quotes C. C. Benedict, the friend of President Cleveland, as making the following statement: "Unless the Democratic party comes out squarely in its platform in favor of the retirement of greenback currency, I will vote against it and in favor of the party which does. The greenback is valueless in time of need as a circulating medium, and serves only as a circulating medium to draw gold from the treasury. This pump will again be in operation as soon as commercial conditions warrant, destroying all the good syndicate work and compelling a repetition of the sacrifices by the government and the disasters of last year."

### The Gold Exports

New York, Aug. 24.—Exports of gold and silver from this port this week aggregated \$3,842,768, against \$1,195,700 in the corresponding week last year.

San Francisco, Aug. 24.—The sum of \$500,000 in gold was deposited in the United States sub-treasury of this city yesterday to insure the circulation of the new gold coins. The money came from the bond syndicate, and was paid pursuant to an agreement made with Secretary Carnegie to keep a stated gold reserve on hand in the United States treasury.

### The Treasury Statement

Washington, Aug. 24.—Today's statement of the condition of the treasury shows: Available cash balance, \$181,842,611; gold reserve, \$107,765,967.

### Pacific County News

South Bend, Aug. 24.—Special—County Treasurer Lockwood made a proposition to the county commissioners, at their special session which closed yesterday, for the payment of warrants pending the settlement of the affairs of the First National bank of South Bend, which suspended payment with all of the county deposits, amounting to over \$100,000. The proposition was to pay out of his own pocket the interest due on the county bonds November 1, amounting to \$1,500, and which sum was deposited in the suspended bank to the credit of the general fund. There was but about \$60 in the general fund besides the \$1,500, and warrants to nearly the full amount had been called. The proposition was therefore not affected. There was, however, in the bank \$2,045 to the credit of the road and bridge fund and \$1,800 to the credit of various funds, which the county commissioners may order drawn against these funds will be honored by the treasurer out of private funds, and he will pay the 60-cent interest due September 1 on South Bend school bonds. As to school warrants, in those cases where there had been money to pay them, he will indemnify the county for all interest due on the warrants until the warrants are paid. This offer is made by the treasurer on the condition that he and his bondmen be not proceeded against in any way, and that he will not be held liable for the amount of the offer. The offer was accepted.

### The Fishermen's Strike

The fishermen's strike against a cut by the Nicolai cannery in the price paid for cents per fish was of short duration. The Nicolai cannery restored the old rate this morning. The 2-cent rate holds only for the catch of salmon now running. No arrangement was made as to the price to be paid for silverfish.

### Seattle Workmen to Visit Tacoma

Tacoma, Aug. 24.—Special.—Tacoma Local No. 6, Ancient Order of United Workmen, have all arrangements complete for the celebration of their fifteenth anniversary. The evening entertainment will be held at Germania hall, commencing at 8 o'clock, Monday evening, the 26th inst.

### Bellingham Bay News

Whatcom, Aug. 24.—Special.—The schooner Transit cleared this morning for Honolulu and was towed out to sea with about 200,000 feet of lumber from the Bellingham Bay Improvement Company's mill, a total of \$2,000,000.

### Puller's Earth in Lewis County

Olympia, Aug. 24.—Special.—A corporation known as the Olympia Graphite Company, operating a graphite mine of considerable promise in Lewis county, has recently struck a vein of what is claimed to be Puller's earth, three feet in thickness, and nearly pure. The discovery was made while working the graphite prospect, and samples were brought to the city and examined by experts and pronounced to be good specimens of Puller's earth. The company operating the Lewis county property are progressing with the prospect in the development of the graphite mine.

### A Corpse Found Near Enumclaw

Coroner Askan last night received a dispatch from Enumclaw saying that a corpse had been found in the woods near that town. He will go up this morning to investigate.

### Judge Pritchard Reconsiders

Olympia, Aug. 24.—Special.—Judge William H. Pritchard, of Tacoma, has requested the return of Lewis county, has recently struck a vein of what is claimed to be Puller's earth, three feet in thickness, and nearly pure. The discovery was made while working the graphite prospect, and samples were brought to the city and examined by experts and pronounced to be good specimens of Puller's earth. The company operating the Lewis county property are progressing with the prospect in the development of the graphite mine.

### ANARCHIST LETTER TO THE HEAD OF THE FRENCH HOUSE

Paris, Aug. 24.—A serious attempt has been made to take the life of Baron Alphonse de Rothschild. A large and heavy envelope was received at the bank today addressed to the baron and was opened by M. Zadovitz, the confidential clerk of the well-known banker.

### It Explodes in the Hands of the Banker's Confidential Clerk

Just as the clerk opened it, it exploded with great force, tearing his right eye out and blowing several of his fingers. The police commenced an investigation immediately.

### The Clerk's Eye Torn Out and Several Fingers Blown Off—The Envelope Contained Fulminate of Mercury, and Could Not Be Opened Without Exploding a Cap.

The contents of the strange envelope were nothing more than a form of machine. It consisted of pieces of cardboard tightly bound together, and was quite bulky, but it was similar in appearance to packages that are usually received by the bank. The card envelope, it is presumed, contained fulminate of mercury, so arranged that when the outer covering was torn off the explosion occurred. The attention of the police express surprised that the package did not explode when it was stamped in the postoffice, and they are therefore inclined to believe, as it is possible that it did not pass through the postoffice at all, but was slipped into the bank by a person or persons connected with the plot and was so disguised as to give all the appearance of having been properly mailed. The detectives are working on this theory.

### Oscar Wilde Wants to Die

London, Aug. 24.—Friends of Oscar Wilde who are interested in the future of the disgraced man have been discussing what Wilde will do when he leaves prison. Although nothing definite appears to be decided, it is generally believed that he will attempt to begin life anew under an assumed name, depending upon his pen for a living.

### Proposed Royal Residence in Ireland

London, Aug. 24.—The Earl of Cadogan, the new Lord Lieutenant of Ireland, made his state entry into Dublin on Thursday. He was met with a very cordial reception during his passage through the troops that lined the streets, and gave promise to everything possible to promote the interests of Ireland.

### Stanley on the Egyptian Question

London, Aug. 24.—The house of commons this week has been mainly occupied discussing foreign affairs, chief points relating to Egypt during which Mr. Stanley, the African explorer, now member of the North Lambeth division of London in the Unionist interest, made his maiden speech in the house. Mr. Stanley rose during a discussion of the Egyptian question, and strongly denounced the proposition to establish a royal residence in Ireland. The impression prevails that the ministers and others would prefer to see a royal residence in the south of Ireland, where it would be likely to do more good than in Dublin, which, it is added, might be visited several times a year by members of the royal family. Should the change take place, it is proposed to convert Dublin castle into a museum.

### Japanese Evacuating Port Arthur

St. Petersburg, Aug. 24.—Special.—The Japanese are evacuating Port Arthur, dismantling the fortifications.

### Gumby Hotel's Engineer Arrested

Atlanta, Col., Aug. 24.—Elmer Loescher, engineer of the Gumby Hotel at Denver, was arrested here last night. He says the boiler explosion which killed twenty-two people was not due to carelessness on his part. He claims that before leaving the hotel he banded the fire and made sure the boiler was two-thirds full of water. He was twice there and had been in feeble health for some time.

### Indiana Coal Miners Win

Terre Haute, Ind., Aug. 24.—The bituminous coal miners of Indiana have gained their point after suspension of operations for more than a month. A number of operators have agreed to pay last year's price of 6 cents, as long as they can sell the coal on that basis. No contracts are made.

### R. H. King, President of the Cash

R. H. King, president of the Cash in fall down stairs in his home at Pittsburg at 2 o'clock Saturday morning, and had been in feeble health for some time.
