WHERE WILL IT OCCUR?

This Is the Question That Agitates the Sporting World.

BATTLE LOOKED ON AS SURE.

But the Place for the Encounter Has Not Yet Been Selected.

The United States Won't Permit the Affair in Indian Territory, Even Though Corbett and Fitzsimmons Should Become Chickasaws—Corbett Begins Training.

Dallas, Oct. 7.—Martin Julian, representing Bob Fitzsimmons, and William A. Brady for James J. Corbett, arrived here tonight. Only Joe Vendig is lacking to make up the quorum to settle the selection of the battle ground. He will be in from New York tomorrow. If possible all the preliminaries will be arranged tomorrow night, but it is more than likely that they will not meet until Wednesday. Bets were freely accepted today at odds of 4 to 5 that the fight would come off on October 31. Miller is now putting in ten hours a day at Oak Cliff punching the bag, sparring with his trainer, running five miles and repeat, plunging in the lake and doing other developing exercises. The city has already received a hundred or so sporting men who are here looking over the ground. W. W. Waters and W. H. Martin, at Muskogee, are arranging for the Corbett-Fitzsimmons fight to come off there, and will remain here until details are settled upon. They are the law of the state as applying to principals and participants in the ring, making prizefighting a misdemeanor with a fine of \$100 to \$200 as the penalty. They say the contest can be pulled off there without question.

NOT IN INDIAN TERRITORY.

The Federal Government Will Exclude the Fight from the Territory. Washington City, Oct. 7.—Following is a letter of instructions which Commissioner of Indian Affairs Browning has addressed to Agent D. M. Wisdom, at Muskogee: "It is stated in the press dispatches of yesterday and this morning that arrangements are being made or have been completed by parties interested to have a prizefight between Corbett and Fitzsimmons to come off in the Chickasaw nation, the plan being to pay into the treasury of the Chickasaw nation the sum of \$5,000, in consideration of which two fighters are to be adopted into the nation with a view to defeating the authority of this department to prevent such fighting. It would be, in the opinion of this office, a great detriment to the peace and welfare of the Indian Territory to permit a prizefight to take place within that territory, and you are instructed to use every precaution necessary to prevent any one from entering the Chickasaw nation or any other nation in the Indian Territory and under your charge, for the purpose of having said fight come off in that territory. You will advise the governors of the various nations in the Indian Territory that this office will not permit a prizefight to take place within your jurisdiction, and you will call upon the United States marshal and if necessary report to this office, and troops will be furnished for the protection of the territory. Section 2149 of the revised statutes authorizes and requires me, with the approval of the secretary of the interior, to require any person found therein without authority of law or whose presence there would be, in my opinion, detrimental to the peace and welfare of the territory, to depart the territory, and you are instructed to see that the United States vs. Crook it was held that the commissioner of Indian Affairs had authority under the section above cited to require any person to depart the territory, as well as a white man. As I have said, it would be, in my opinion, decidedly detrimental to the peace and welfare of the Indian Territory to permit a prizefight to take place within the Chickasaw reservation, whether the citizen of that nation or not, for the purpose of carrying on a prizefight, and the whole force of this government could be brought to bear will be exerted to prevent the same, and you are instructed to keep this office constantly advised, in order that proper steps may be taken in time to prevent the fight, and that the officers should be made to pull it off in the Indian Territory. You will make these instructions public, that the people interested in this fight may be warned that the government intends to do in the premises if called upon to act."

Commissioner Browning was asked if the admission of prizefighters, Fitzsimmons and others connected with the fight to citizenship in one of the tribes would make any difference in the authority of the government, and he said that it would not change the conditions in the least. The government has the power to expel a full-blood Indian from the territory if the peace and good order of the territory require it. The government would not exercise a great deal of discretion in the affair. The United States marshals, or the Indian agent and his police, backed up by the United States troops, can remove the fighters as intruders and keep them out, and then answer as to violation of the laws afterward. It is not a case where the fight might take place, for the fighters would then be called upon as to whether they have violated the law. The government will not even wait for the affair to proceed that far. The United States marshals connected with the fight will be unceremoniously hustled off the Indian lands on the ground that they are intruders, whose presence is undesirable. If they make any complaint about it the courts will have to determine the rights of the matter.

Perfect purity and strength are distinctive of Price's Cream Baking Powder. Hot Springs Wants the Fight. Little Rock, Ark., Oct. 7.—The possibility of the Corbett-Fitzsimmons contest being brought off at Hot Springs was the subject of much discussion in Little Rock today. It has all along been well known that Hot Springs was anxious to have the big fight and the benefits to be derived from it. The city has been taken by interested parties to bring the contest to Hot Springs is not known, but it was asserted here today by people who know the city, that the men were talking about that the contest will positively take place at the Arkansas resort. This assertion finds many believers in the face of the fact that prizefighting in Arkansas is a misdemeanor, punishable by a fine not exceeding \$2,000 for every participant.

No agency has had more influence in beneficially affecting the health and comfort of the people than the Royal Baking Powder.

Corbett Begins Training at San Antonio. San Antonio, Oct. 7.—Corbett began training this morning at his quarters in the jockey club grounds. After a short walk and half an hour with the gymnastic apparatus, he sparred five minutes each with O'Donnell, Delaney, Italy and McVey. The bouts were very fast and Corbett sent O'Donnell to the floor twice. Corbett was not hit during the four bouts. At the finish he was quite as fresh as when he started.

No Football Game This Year. Cambridge, Mass., Oct. 7.—The Harvard athletic committee tonight gave out the

following explanatory statement: "October 5 having passed and Harvard having no football, it is now definitely settled that there will be no football game this year between the eleven of these universities."

CLEVELAND SHUT OUT.

Baltimore Wins the First Game on the Home Grounds.

Baltimore, Oct. 7.—The champions tasted the sweetness of revenge today by shutting the Spiders out without a run. The playing today seems to indicate that the home team will make it three straight here. More than 10,000 people saw the game, and the enthusiasm was unbounded. It was purely a pitchers' contest, in which Esper had the better of it. Cuppy, though a bit wild, held the victors down to nine hits. These, however, came at opportune times, while the five made by the visitors were scattered, and none were productive of runs. The fielding on both sides was almost perfect, and not a chance was refused. Aside from the work of the batters, the only notable feature were the brilliant catches of long flies by Kelly, Brodie, McGarr and Blake, and the splendid work of Jennings at short. Attendance, 10,000. Batteries—Esper and Robinson; Cuppy and Zimmer. The score: Baltimore..... 0 1 2 0 0 0 0 0 0 0 0 1 Cleveland..... 0 0 0 0 0 0 0 0 0 0 0 0

Football Game at South Bend. South Bend, Oct. 7.—Special.—An exciting football game was played here Friday afternoon between the South Bend team and the Fort Canby team. The latter team has never been beaten as yet, and is considered one of the best on the Coast. The game began at 3:30 p. m. and lasted till dark, the score being a tie, 1 and 1, at the close. The business houses of the city were closed, and the streets were crowded with interested and excited spectators. A large crowd also came from Elwaco to witness the game.

HELD FOR CONTEMPT OF COURT

Bank of Tacoma Officials in New Trouble—Attorney Jones Seized.

Tacoma, Oct. 7.—Special.—President W. B. Allen, Cashier Carpenter and ex-Assessors E. S. Alexander, of the defunct bank of Tacoma, were held for contempt by Judge William H. Pritchard this afternoon, for not delivering up the missing books of the bank's books and Savings bank to Receiver Titlow. The decision is one of the most important incidents in the now famous case, which came up first today on the appeal of the bank from the decision of Judge Pritchard and Carpenter, filed Friday last. This answer was in effect that they did not have in their possession the stolen books and could not deliver up all the property of the wrecked banks to the receiver. The court in a very positive manner told the three men that their answers were not satisfactory, and that they were to be held for contempt. As Judge Pritchard rendered his decision in clear, determined tones and in words that all could understand, it was plain that the defendants realized the seriousness of the case against them.

It was a bad day all around for Allen and his associates. On the one hand, the court, including Attorney Jones' attack on Receiver Titlow's bond, the court held in favor of the receiver. The first proceedings today consisted of the first trial of the affidavits published Sunday in the Post-Intelligencer, including that of E. D. Morris, the Seattle expressman, who swears he handled a number of stolen books to the bank. R. Allen, Receiver Titlow's affidavit and also that of Bookkeeper Molvig were placed before the court. The attorneys for the bank, led by Alexander, made a side being bitter in its arraignment of the other. Judge Pritchard then announced his decision, which was in substance as follows: "The court held that the evidence amply warranted the institution of contempt proceedings against Allen, Alexander and Carpenter, and that they were directed to enter an order that the prosecuting attorney institute contempt proceedings in the name of the state, and appear and prosecute the same. The answers of the defendants were evasive and unsatisfactory, and the court said that it was clear that the missing books had not been lost, but that they had been improperly taken away from the vaults of the bank. Judge Pritchard said further that the mode of procedure adopted by the defendants was not satisfactory, but that their actions rather tended to prejudice the court against them. It would have been better for them, said the judge, if they had made a full disclosure of all they knew of the books. 'It appears from defendants' counsel (Mr. Jones) that Mr. Allen had deposited the books, but that the counsel restrained him. The parties defendant have shown better judgment, it appears to me, than their counsel.'"

Sheriff Parks thereupon arrested Messrs. Allen, Alexander and Carpenter, and they were brought before the bar of the court. Judge Pritchard held them till tomorrow at 10 o'clock. Each of the defendants was ordered to go to jail for the others in the sum of \$1,000 each.

The affidavit of Receiver Titlow, which contained scathing reflections on Attorney Jones, was then argued by the attorneys. The court directed that the affidavit and that of Mr. Jones, which charged the receiver with squandering the assets of the bank and contracting expensive attorneys' bills, be stricken out. The judge said that the language of each was hardly respectful to the other.

Sheriff Parks, one of the attorneys for the receiver, has been deputized to appear for the prosecuting attorney in the contempt proceedings tomorrow.

The Royal Baking Powder is made from the very finest materials and costs much more than any other brand, which accounts for its superiority, although it is sold to consumers at the same price.

Fire at Patiaha City.

Patiaha City, Idaho, Oct. 7.—This morning a fire broke out in the engine house and barn of Dr. J. S. Denison were burned to the ground. Dr. Denison, while endeavoring to save some goods, was overcome by the flames and had to be rescued. The loss is \$2,500, no insurance.

The railroad collision at Waver, Belgium Sunday, was worse than at first reported. Eighteen persons, including the wife of the locomotive engineer, were killed, and 100 injured.

FUSION IN NEW YORK.

The Decent Elements Combine to Defeat Tammany.

ONLY THREE PLATT NOMINEES.

The Platform Declares for Local Option as to Sunday Liquor.

Declares That the Present Excise Law Was Passed by Tammany for Blackmail Purposes—The Germans Likely to Indorse the Ticket.

New York, Oct. 7.—There was considerable excitement before the formal opening of the Republican county convention in Lyric hall this evening, when the report was received that a fusion ticket had been decided upon, and that the nominating committee had decided upon the following candidates: For registrar, Thomas F. Keating, State Democrat; county clerk, Thomas Z. Hamilton, Platt Republican; justices of the supreme court, Ernest Hall, Platt Republican; C. C. Beaman, Independent Republican; and Committee of Fifty, James and Meyer, Independent Republican and Good Government candidate; judges of the court of general sessions, Thomas Allison, Platt Republican, and James Fenner, State Democrat; city court justices, Henry C. Botty, Platt Republican; Daniel O'Connell, State Democrat, and James W. Hawes, Republican.

The ticket was finally agreed upon at the conference at Republican headquarters, which lasted almost to the hour of closing the convention. It was a great disappointment to the agents of Tammany, who had expected that the fusion ticket would be indorsed by the State Democrats, one to the Committee of Fifty, and one to the Good Government club. The fusion ticket, however, was indorsed by the Republican party, as James Hawes had not been identified with either faction. The Steeklers' independent county organization was indorsed by the Independent Republican party, and the Independent Republican party was indorsed by the State Democrats. "We favor and will endeavor to secure such modifications of existing laws as will prevent blackmail and oppression, and will enable the city to determine for itself by popular vote whether the sale of food, beverages and other necessities shall be permitted on Sunday during such hours and under such restrictions as will not interfere with religious observance and exercise."

The Republican convention was addressed by Mr. Lauterbach and others, who explained the details of the fusion. Some opposition to the fusion ticket was present, but it was not sufficient to prevent the fusion ticket from being adopted.

The Republican convention in its resolutions praised the administration of Mayor Strong.

A. F. Jenks, who was nominated by the regular Democratic convention for the usual modification of existing laws as will prevent blackmail and oppression, and will enable the city to determine for itself by popular vote whether the sale of food, beverages and other necessities shall be permitted on Sunday during such hours and under such restrictions as will not interfere with religious observance and exercise.

Free Silver in Ohio. Columbus, Oct. 7.—Some leading free silver Democrats of Ohio are in session at the office of Allen W. Thurman to formulate resolutions to be published, advising the Democratic party to nominate a candidate for Ohio, who will vote for a free silver senator. Arrangements are to be made to send free silver delegates to the next national Democratic convention.

Pastry is light and dainty when Dr. Price's Baking Powder is used.

Crisp Still for Free Coling. Nashville, Tenn., Oct. 7.—In a letter to J. W. Gaines of this city, dated October 2, in reference to the reports that he had changed his views on the silver question, ex-Senator J. W. Gaines, of Georgia, said that he was looking to the control of the next national Democratic convention.

GOVERNORS MOSTLY CHRISTIANS. Except Jim Budd, a Freethinker, and Oates, a Democrat.

Chicago, Oct. 7.—Of the 44 state governors in the American union, 39 are avowed believers in religion, 29 are professed Presbyterians, 23 are Unitarians, 1 Baptist at worship, and a vast majority are contributors to the expense of religious work. A careful canvass of the subject made by the Times Herald, believes in the Christian religion and its relation to the state. Responses were obtained from 36 of the state governors and 3 of the territorial executives. Of the state governors, one, Mr. Culberson, of Texas, declined to define his sentiments and no one would speak for him, and another, Gov. Evans, of South Carolina, failed to respond in any way, but those who spoke in favor of free trade frankly, and it is ascertained that among them 10 are Presbyterians, 5 Congregationalists, 5 Episcopalians, 4 Methodists, 2 Unitarians, 1 Baptist, 1 Universalist, and 16 unconnected with church organizations; 12 attend religious services, and all except Jim Budd, who is a Freethinker, believe in the Christian religion and its relation to the state. Ten of them have denominational preferences, and even those without such predilection entertain a kindly feeling for the work of all denominations. Of those who declare for denominational preferences 3 are Methodists, 1 Congregationalist, 1 Episcopalian and 1 Baptist. Sectionalism cuts no figure in the religious preferences of the governors, except that most of the Congregationalists are New Englanders and a majority of the Freethinkers are Southerners. Each of the religious bodies has representation in every section. The most conspicuous of the Methodist governors are McKim, of Ohio, and Hastings, of Pennsylvania. Other governors who attend that church are Stone, of Missouri; and Jackson, of Iowa; Govs. Morton, of New York; Turley, of Tennessee; Watson, of Delaware; Prince, of New Mexico; and Carr, of North Carolina, are Episcopalian.

WARNING TO TURKEY.

Representatives of Six Powers Send a Joint Note.

COMPLAINING OF THE POLICE.

Demanding Release of Innocent Armenians, and an Investigation.

Meantime Outrages on Armenians Continue, and Inflammatory Placards Incite the Mohammedans—The Turkish Promise of Reforms in Armenia Not Satisfactory.

Constantinople, Oct. 7.—The representatives of six powers have sent a collective note to the Turkish government calling attention to the inadequate measures taken by the police authorities to maintain public tranquility in Constantinople and suburbs, and demanding a prompt and vigorous inquiry into the recent bloodshed and wholesale imprisonment of Armenians. In addition, the powers demand the release of all prisoners innocent of wrongdoing and cessation of arrests. Said Tasha, the new Turkish minister for foreign affairs, has called at the different embassies and presented a communication from the Turkish government, repeating the assurance that a plan for reform in Armenia had been accepted by the powers. This is not believed, however, that this will be satisfactory to the powers.

The Armenians still inside the Patriarchate are carrying on with the usual routine of their lives. They are not allowed to go to the mosque, and they are not allowed to go to the school. The police are carrying on with the usual routine of their lives. They are not allowed to go to the mosque, and they are not allowed to go to the school. Vienna, Oct. 7.—The Politische Correspondenz has received a note which the representatives of the powers at Constantinople have addressed to the porte, drawing attention to the state of affairs at Stamboul and advising the porte to adopt measures for the restoration of order. The note states that the subscribers have their information partly from eye witnesses, and that it shows that private persons who were arrested were beaten and even killed without the police officers attempting to prevent it; that orderly persons were attacked, and that those who were wounded were taken to the prisons and killed in cold blood.

Further Pressure on China. Chang Chi Tung Sustained by the Government in His Hatred of Foreigners.

London, Oct. 7.—The Chinese government has received here from Shanghai that Capt. Hallfax, of H. M. S. Undaunted, and Newell, of the U. S. S. Detroit, have been instructed to ask the Chinese government to allow the inquiry to proceed. It is said that the refusal of Chang Chi Tung, viceroy of Nanking, to receive a visit from British Admiral Butler is due to direct instructions from Peking.

THE CHOLERA DYING OUT. Steamer Corona, From Honolulu, Not Quarantined at Port Townsend.

Part Townsend, Oct. 7.—The steamer Corona arrived from Honolulu today. She is the first vessel arriving from there that was not sent into quarantine here since the outbreak of the cholera in Honolulu. The Corona brings the news that the contagion is rapidly dying out.

Modern cooking and expert cooks do not mean cream of tartar and soda. The Royal Baking Powder should be substituted without fail.

Peru and Bolivia Still Quarrelling. Lima, Peru, Oct. 7.—The controversy between Peru and Bolivia seems to be far from settled as yet. The truth regarding the middle is that the Peruvian government has not yet received from Bolivia its professional assent to the minister to Bolivia as to declare that Peru will never consider or otherwise. Tacna and Arica are the cities in the southern part of Peru on the Pacific coast, which formed the cause of contention between Bolivia and Peru.

The Anti-Consolidation Suit. St. Paul, Oct. 7.—The application of Attorney General Childs for an injunction against the proposed Great Northern-Northern Pacific deal was taken up in the Ramsey county district court today before Justice Kelly. The day was entirely occupied with the argument of the attorney general.

Prizes with baking powders mean they are inferior. Dr. Price's is the best.

Explosion in a Wilkesbarre Mine. Wilkesbarre, Pa., Oct. 7.—Shortly after 1 o'clock today a terrible explosion occurred in the Lehigh Valley Coal Company, which is situated in the northern part of the city. It is not yet known how many men were in the mine. The officials are reticent, and it is almost impossible to get any information from the levels where the rescuers are at work. At 4 o'clock the rescue work had been abandoned, and that their bodies were probably buried to a crisp. All but eight miners have been accounted for. Whether these eight perished with the engineers will not be known until tomorrow. Superintendent Chase thinks, however, that the list of dead will not number more than seven or eight.

The bodies of the missing men were recovered at 2:15, all dead.

For thirty years the Royal has been the standard for purity and strength in baking powders, and has been placed at the head by every board of official examiners, whether state or national.

Capt. Phillips, owner of the boats John Gray and M. B., was shot dead and his son fatally injured in a fight with boatmen at Tonawanda, N. Y., Monday.

Accident at a Ty-Branche Mine. Vancouver, B. C., Oct. 7.—Special.—A telegram from Quinsell Forks says a serious accident occurred Saturday at the Cariboo hydraulic mine. No. 1 pit caved in, and five men were seriously injured. No further particulars are received, but if the banks have largely fallen in the accident may prevent further work this season and also the clean-up which was to have been made this week.
