

IN THE LODGE ROOM.

Knights of Cerberus Organize Seattle Priory

AMID THE ROAR OF ELEMENTS

Organizations All Prosperous—Revolutionary Sons Condemn Spain and England.

The most notable occurrence in lodge circles during the week was the organization of a priory of the Knights of Cerberus Saturday evening. The lodge mythical Cerberus himself being at Olympic hall that night, barking and howling with each of his three heads, the founding of the priory could not have been more successfully accomplished.

The other fraternal orders are prospering apace. Almost every lodge, court, chapter or camp reports a growing membership and increased interest. There have been several pleasant social entertainments, and others are yet to come.

Knights of Cerberus.

Amid a terrific din, with stage lightning flashing and theatrical thunder crashing; with all sorts of elements roaring away; with a fanfare of fish-horns and beating of tom-toms, Seattle Priory, No. 2, was born at Olympic hall Saturday night, the members of the order from Fort Townsend acting as midwives.

For the past two weeks arrangements had been in progress to establish a priory of the order in this city, the matter having been in the hands of several well-known Shriners and members of the fraternity of Elks, to which the order of the Cerberus is particularly appealing.

About fifty of the best known men in town were on the application for a dispensation, and to that large number was added another fifty, who came from Fort Townsend to be in at the birth, as well as several from Tacoma, who appeared on the scene to ask for a dispensation for that city.

With the grand officers came the extravagant paraphernalia and the pack of trained dogs belonging to the order. The ceremonies began about 8:30 o'clock in the evening, and for two hours the members of the order were seated in the rackets coming from within the old church building.

The visitors reached the city late in the afternoon and, after going to the hall and preparing for the night's work, they were conducted to the Hotel Northrup, where arrangements had been made for their entertainment. Succeeding the initiations and institution of the priory the officers-elect were installed and a social session was declared, at which a mixed programme was rendered.

The officers elected for the ensuing year are as follows: Benjam prior, W. H. Gorham; senior warden, D. B. Jackson; junior warden, T. E. Scoones; secretary, Harry Shaubut; senior vigilante, George A. Noble; junior vigilante, James Sheehan; warden, J. E. Staley; secretary Ralph Schoerfeld; treasurer, C. G. Perkins.

The ritual was originally prepared for musicians, but during the past year the bars have been thrown down and all good fellows are welcome. The order is essentially a social one, there being no benefits other than membership itself, and the fees are only those of initiation.

The officers of the order, who were in attendance upon the initiation Saturday night were: G. B. P., J. A. Kuhn, D. G. B. P., Charles B. Wood, G. J. S., J. G. Perkins, C. S. James, E. Wood, S. V. E. A. Bates, J. V. W. T., H. Hutchison; grand treasurer, J. D. Thagard; grand secretary, A. L. Sutton.

There were also several committees from the Grand Lodge, among which were: Lincoln Brooks, of Port Townsend, and James Ashton and W. F. Carson, of Tacoma.

A committee was appointed on constitution and by-laws, to report Monday night, November 15, at which time the dues will be taken and a few trespassers. The charter members of the order are as follows: Frank W. Parker, Joe Schluhm, Ralph Schoerfeld, A. C. Bowman, W. H. Parry, A. I. Adams, Levi G. Smith, James Sheehan, G. M. Stewart, G. P. McConnell, A. T. Van de Venter, W. McKee, F. L. Presbury, J. D. Thagard, W. H. Gorham, G. A. Noble, R. C. Calhoun, C. G. Perkins, T. H. Wagner, H. A. Thagard, K. L. Wadsworth, C. W. Leonard, G. P. Corcoran, C. Dellius, G. Bachman, S. P. Gorham, S. G. Yerkes, J. W. Allen, D. B. Jackson, J. E. Staley, T. W. Gordon, R. F. Stewart, H. M. Hopkins, W. H. Brinker, Paul D. Heirry, E. S. Echois, M. Earle, C. S. Preston, T. J. E. Scoones, L. Abrams, D. Brogan, N. W. Holster, James H. Cortlett, E. J. Cowie, H. Cowie, Harry Shaubut and R. M. Boyd.

Knights of Pythias.

Seattle Lodge, No. 81, met in regular session Wednesday night and disposed of the business of the order. The lodge was conferred on two candidates and four strangers were elected to receive the ranks. There were visiting Pythians present from Unity, Harmony, Lowell and other lodges. Next Wednesday night there will be work in the rank of Knight.

Harmony Lodge, No. 8, had another pleasant surprise in store for those who were in attendance Thursday evening. The Uniform Rank is, in the opinion of a great many members of the order, more for use than ornament, but if any such be present that evening they must have been agreeably surprised, for on that occasion the members of Division No. 1, Lieut. Horr in command, demonstrated the entire satisfaction of all that the Third rank can be successfully conferred without their assistance. The division had responded, forty strong, to an invitation issued by the Commander, Commander Turner, to assist in the degree work, and the manner in which the officers and members of the division performed their respective parts, showed careful preparation. It was the unanimous opinion of all present that the Third rank had never been conferred in a more successful and realistic manner in this jurisdiction. There is no doubt that the Harmony lodge has, by its timely and much needed action on Thursday evening, opened up a new and successful way, in which the Uniform Rank can be conferred, and the opinion of "too much red tape," by assisting the subordinate lodges in their degree work, thereby emphasizing that the Uniform Rank is not only a part of but is sympathy with the welfare and upbuilding of each lodge. Two applications for membership were received and referred to the proper committees. On next Thursday evening the rank of Page will be conferred on three candidates.

Seattle Division, No. 1, of the Uniform Rank is planning for a select social and dance November 25. The staff officers and their families and the Rathbone Sisters are expected to attend; all other attendees will be strictly by invitation. The large hall in the Collins block will be used for dancing and the armory hall of the division will serve as a card room and supper room. No drill will be held on the night of November 15, as the division has contributed the use of the hall for that evening to the bazaar for the benefit of the House of the Good Shepherd.

The first of the series of monthly concerts proposed to be given by Lake Lodge, No. 8, the coming winter was given at its usual hall, in the Hotel Stevens block, on Tuesday evening. An excellent programme was rendered by Mrs. Richardson and Miss Lindsay in piano duets, Mrs. W. G. Ronald and Miss Estia Martin in vocal selections, and Miss Cecelia Hall in recitations, received warm applause while Mr. Hugo Graf captured the audience with his selections upon the ather, and was compelled to respond to an encore after both numbers. The next entertainment will be given in December.

Independent Order of Good Templars.

Central Lodge, No. 192, held its usual meeting Wednesday evening in Brewer's hall on Myra street. The lodge department installed the following officers for the ensuing term: C. T. Elmer A. Friend; V. T. Miss Belle Lane; P. C. T. Miss Edith Cook; secretary, Miss Maude Filer; assistant secretary, Sidney B. Terison; P. S. E. W. Johnson; T. Ernest C. Dobson; chaplain, Mrs. A. T. Friend; marshal, Mike McMillen; deputy marshal, Miss Babcock; guard, Harry Van Wart; sentinel, Reuben Englund. The following is the order of the evening: The reading of the minutes; the lodge had the following: Remarks, Mr. Easton; recitation, Mr. Sid Williams; song, Mr. E. L. Dahn; paper, Miss Edith Cook. The lodge enters the new term out of debt and with money in the treasury. There are several names on the proposition book, and everything promises well.

Lake Lodge held an enthusiastic meeting Tuesday evening. An excellent programme was rendered, and officers were installed for the ensuing quarter, as follows: C. T. Elmer Westover; V. T. Miss Edith Cook; secretary, Mr. Sherbrook; P. S. E. Mr. Holden; T. Miss Edith Graham; Mr. William Benjamin; chaplain, Miss Fairbairn; guard, Mr. E. Easton; sentinel, Mr. Charles Taylor. The lodge is preparing to hold a basket social tomorrow.

Foresters of America. Court Excelsior, No. 437, held its regular meeting Tuesday evening at Olympic hall with a fair attendance. One candidate was appointed to make arrangements for a grand ball to be given soon by this court. The court is also planning for a winter tournament during the winter months.

Court Enterprise, No. 792, held an interesting session Thursday evening, at which one application was acted on and another presented. J. A. Westberg, in behalf of the committee on entertainment, stated that everything was progressing favorably and arrangements for the entertainment, November 21, had about been completed. Supreme Deputy L. C. Neville instructed the court in the various changes of laws governing the subordinate courts. After the business session, a pleasant hour was spent in a social game of pedro. J. A. Westberg and H. J. McSorley have challenged Dr. L. C. Neville and W. W. Roper for a contest at whist, and the match will be played next Thursday evening. A challenge from Chief Bates and C. A. Coffin also stands open for a game of whist with any two members. Inasmuch as one of these gentlemen has won the sooty prize at two progressive whist parties recently, and the other is supposed to be fully his equal, those disposed to accept the challenge would do well to pause and consider.

Sons of Temperance. Queen City Division, No. 1, held a well attended session Monday evening. The division was divided into a committee of the whole to devise ways and means for giving a social. It was finally decided to hold a pie social on the evening of November 25. After the business session, a pleasant hour was spent in general conversation.

Seattle Division, No. 2, is still prospering. Regular and well attended meetings are held every Tuesday evening. Monitor Division, No. 14, meets regularly every Thursday evening. The interest in the work of this division is increasing, and the membership roll is constantly growing.

Degree of Honor. Aquila Lodge, No. 35, is enjoying a prosperous year. Its officers are efficient, and their familiarity with the degree work, which enables them to go through with the ritual without a balk or any amount of delay, adds much to the impressiveness of the lodge ceremonies. At the last meeting several applications for membership were received.

S. A. R. TO THE RESCUE. Sympathy for Cubans—To Corral John Bull. At a meeting of the board of managers of Washington Society, Sons of American Revolution, the following preamble and resolutions were unanimously adopted:

"Whereas, We, the sons of patriotic Americans, who freely gave our hearts' blood at the shrine of liberty that we and our children and children's children might forever enjoy the full blessings of a free government, note with pleasure that many of the state societies of the Sons of the American Revolution, as well as other patriotic societies, are not only extending to the oppressed and downtrodden sons of Cuba their sympathy and prayers for success in the unequal fight against the minions of a tyrannical and bloodthirsty nation, but are extending to their material aid; and

"Whereas, We, living under a free and enlightened government, protected by the rights of our 'old country,' have seen that the government of the United States, in the name of God, justice and humanity, should say to the Spanish government: 'Stop this carnage and oppression you shall go no farther. We will extend the helping hand to the struggling sons of Cuba; therefore, be it

"Resolved, That we do hereby express our sympathy to our neighbors of the island of Cuba, who are so nobly struggling for the same end for which our fathers fought and died; and be further resolved, That we will give to them all the material aid in our power, and all the assistance it is possible for us to extend under the laws of the United States; and resolved, That a copy of these resolutions be sent to every state society of the Sons of the American Revolution, and to each of our United States senators and representatives requesting them to use their influence, not only to have our government use all the means in its power to put a stop to this unholly and barbarous warfare, but to say to Johnny Bull: 'Hands off every foot of the territory of Alaska.'"

YALE MUST BRACE UP

Remarkable Results of Saturday's Football Games.

MICHIGAN COMES TO THE FRONT

Reliance Team Leaves for Butte—Schedules of Coming Games—Dr. Carver at Lake Washington.

The results of the football games played by the Yale and Eastern colleges last Saturday were the most remarkable in the history of the game. The game between Yale and Brown was virtually a victory for the latter, and the game between Princeton and Harvard was a tie.

The score in the Princeton-Cornell game was the same as in the fall of 1892. After the way Harvard defeated Cornell and Princeton beat Harvard a large score in the Princeton-Cornell game is certainly expected, for until "time" is called in the last half any team is liable to score 6 points. Surely Princeton could not have been playing fox.

To the University of Michigan should the greatest credit be given. Michigan has had an up-bill season for the last ten years, but has now put herself where she demands recognition from all of the large teams. Her holding Harvard down to points was surely a creditable performance, and every true lover of the sport hopes she will keep up her good work and that her games with Eastern colleges will be more often.

The scores in the Princeton-Cornell game were the same as in the fall of 1892. After the way Harvard defeated Cornell and Princeton beat Harvard a large score in the Princeton-Cornell game is certainly expected, for until "time" is called in the last half any team is liable to score 6 points. Surely Princeton could not have been playing fox.

DR. CARVER AND HIS RIFLE. Fancy Shooting at the Lake—How He Plunged a Joker's Watch.

Dr. Carver had a large crowd at Madison park to witness his feats with the shotgun and rifle yesterday afternoon, nor was anyone disappointed. He went through the whole range of fancy shooting with a precision of aim that called out plaudits from all.

One of his clever feats, which was loudly encored, was breaking five glass balls with his rifle, he throwing up his rifle with his left hand and then shooting through the other two. The diving horse again "played to a large crowd" that swarmed over the wharves and boat-houses and lined every boat that was in the order to witness the unique performance.

Dr. Carver thoroughly appreciates a joke. One afternoon, while he was giving one of his remarkable exhibitions in St. Paul, and had just finished punching holes through silver dollars that had been thrown far into the air, and being able to find nothing in the wood of it, he went ashore, and some of the lookers-on then took a little part, and there was some wild shooting that seemed even worse than it actually was by contrast with the great work that had just been witnessed. Of course, this gave rise to considerable joking, and one of the party was picked out as a bright particular mark to have fun with.

"Here you are, hit this," someone shouted, taunting the poor marksman, "take a shot at my watch," and he threw his nickel-plated Waterbury into the air, catching it as it fell again. The chances were one in a million that the shooter could hit it. He did not care to fire at it any how, saying, as his reason:

"I don't want to break your watch."

Then there was a shot, and a similar sound. Finally the poor marksman was compelled in self-defense to shoot at the watch. To the immense surprise of every one the bullet struck the watch and sent it spinning through the air.

The picture of the face of the man that owned the watch was a fit subject for an artist. The fact of the matter was that when Dr. Carver saw the fun somebody was having at the expense of his poor marksman, he quietly picked up his rifle once more, and, waiting his opportunity, let a bullet fly at the watch, and the man took a shot. The two reports sounded as one, and Carver's bullet broke the watch, turning the joke on the joker.

RELIANCE BOUND FOR BUTTE. To Meet the Idaho Players Next Wednesday—No Game Lost Yet.

The Reliance football team left Tacoma last night for Butte, where it will play the team of that city on November 13. The Reliance boys, as far as football is concerned, have had a very fine season, and have not had a man laid up; but as a business venture they have not done so well, being rather unfortunate to run against a hard team from Butte, and it is safe to say the team will arrive home with its accounts about \$1,000 on the wrong side.

While Reliance feels almost sure of winning from Butte, the team is somewhat worried about the game on account of the reported rough play and unfair treatment other teams have received in games with the Butte team. The management is doing everything possible to have the game played entirely on its merits.

Butte will play a return game in California some time in the present season. The Reliance team will be greatly strengthened by Butterworth, Yale's greatest fullback, who has been unable to make the trip, but to say to Johnny Bull: "Hands off every foot of the territory of Alaska."

The Football Schedule. The following dates for games have been decided on by the Pacific Northwest Amateur Athletic Association:

November 23—S. A. C. vs. T. A. C.; game at Seattle.

November 28—S. A. C. vs. Townsend A. C.; game at Seattle.

November 28—M. A. C. vs. P. A. C.; game at Tacoma.

December 7—T. A. C. vs. S. A. C.; game at Tacoma.

December 14—Winner of Puget sound series vs. winner of Portland series; place of game to be decided later.

Double Scull Race Off. St. Louis, Nov. 10.—A special to the Republic from Austin, Tex., says the double scull race between Buxar, and Jones, and Gaudaur and Rogers, for the championship of the world, has been declared off. The owner of the lake where the race was to be rowed objected to the exhibition on Sunday, and the result was that the race was immediately declared off.

The Football Rules. Harper's Weekly. If the football rules separately explicated by Yale and Princeton, as representative of the Intercollegiate Association, and Harvard, Pennsylvania and Cornell as representative of themselves, had been merged into one common code, the game would have been immeasurably benefited thereby. As it is, besetment by small colleges, clubs and school teams throughout the country as to the adoption of one or the other has led to no end of confusion, and instances are frequent where the old rules

Beecham's pills are for biliousness, bilious headache, dyspepsia, heartburn, torpid liver, dizziness, sick headache, bad taste in the mouth, coated tongue, loss of appetite, sallow skin, etc., when caused by constipation; and constipation is the most frequent cause of all of them.
