Explorer Stanley Smith's Body Found in Halmalko River.

AVICTORIA ATHLETE DROWNED.

Fred Mallandaine's Body Picked Up in Victoria Harbor, in a Water-Filled Boat.

Vancouver, B. C., Nov. 12.—For some time past anxiety has been felt as to the safety of Stanley Smith, the well-known explorer, who left for the Chilcotin country some months ago on an exploring trip.

FOUND DEAD IN HIS BOAT.

The Hard Fate of Fred Mallandaine, a Victoria Athlete.

Victoria, Nov. 12.—Special.—An inquest is to be held tomorrow on the body of Fred Mallandaine, a young man for years prominent in provincial aquatic and athletic circles, who was found dead and afloat in his skiff by the steamer Sismone this morning.

A HENPECKED OLD MAN.

Lewis Cass Branson, of Tacoma, Sues for Divorce.

Tacoma, Nov. 12.—Special.—A his pendens was filed in the county auditor's office today by Lewis Cass Branson, covering the entire property of himself and wife, Mary E. Branson, all of which stands in the latter's name.

The filius of the instrument is only the commencement of what will likely be the most sensational divorce suit ever brought in Pierce county. It recites that the plaintiff in the action of Branson vs. Branson will demand a decree of divorce, a division of the community property now held by the wife, and a judgment for \$10,000 damages sustained by reason of alleged personal injuries and the ruin of his health for life, all of which the husband claims to have suffered at the hands of his wife.

Judge Branson's life reads like a romance. He came to Tacoma seven years ago from Leadville, Colo., and since his residence here has amassed a fortune estimated at \$125,000 to \$200,000. He has practiced law during this time, and is one of the most familiar characters about the courthouse. He is upward of 50 years of age, and has been married to his present wife for three years and ten, although he has been able to attend to every detail of his law practice. The judge was a very prominent man in the early statehood of Minnesota, being elected a district judge when the territory became a state. He afterward lived at Virginia City, Nev., where he amassed his last fortune. He started in again at Leadville, Colo., from which city he came here.

If all Judge Branson claims is true, his wedded life from the nuptial moment August 2, 1889, has been a remarkably unhappy one. To the Post-Intelligencer correspondent the judge tonight told the story of his troubles with his wife. He said that he had been married in New York, when she was Mrs. Jones, the wife of an ex-United States army officer. She secured a divorce from her husband, and Justice Branson married her clandestinely at Salt Lake, Utah, in 1882. He says the marriage was secret so as to enable the wife to continue teaching school in Virginia City. The judge said that when he came to Tacoma he sent for his wife and they were remarried, this time the ceremony being held at Leadville, Colo.

SPANISH CABINET CRISIS.

The Opposition to the Cuban Policy of Gen. Campos Defeated.

New York, Nov. 12.—A dispatch to the World from Havana says: Dispatches from Spain today announce that the discordant elements in the Spanish cabinet have been reconciled, and that Romero y Robledo, minister of justice, who has hitherto opposed the policy of Martinez Campos, will henceforth support him. It is stated that Senor Canovas assumed the position of minister of justice, and continued further it would result in a new ministry being formed, under the Liberal leadership of Senor Sagasta.

Ko West, Fla., Nov. 12.—The Spaniards have arrested the British subject and manager of the Soledad sugar plantation; Messrs. Lacer and Hughes, French citizens, and several Americans engaged in trading the sugar of the British, French and American vice consuls demanded the release of the prisoners, but the Spaniards refused. The Spanish authorities have arrested the British subject, Jobosi and Bella Matt. Small detachments of Spanish soldiers in the towns were routed. The insurgents then burned the town halls and carried off the prominent residents to the town officials.

THE KNIGHTS OF LABOR.

In Secret Session at Washington City—Membership Has Increased.

Washington City, Nov. 12.—The nineteenth annual convention of the general assembly of the Knights of Labor began here today. The sessions will continue about ten days, but all the business transacted will be guided with great secrecy. General Master Workman Swanton says the increase of membership in the face of the hard times is exceedingly gratifying. One of the important subjects to be discussed will be the attitude of members of the order toward political parties during the next national campaign.

CARLISLE TO BE SUPREME JUDGE.

Kentucky Election Spoiled His Chances for Senate and Presidency. Washington City, Nov. 12.—The Post will announce tomorrow that Carlisle may be appointed to the supreme court bench to succeed the late Justice Jackson. The Post says that some time ago the president had practically fixed upon Judge Peckham, of New York, for the place. It then continues: "All these plans, however, are said to have been changed by the recent elections. Had Kentucky elected a Democratic legislator, it was confidently expected that Mr. Carlisle would on the 4th of March, 1897, step from the cabinet into the senate. This anticipation cannot now be realized. The political revolution in Kentucky has also materially affected Mr. Carlisle's chances for the presidential nomination, as well as greatly reduced the possibility of being a candidate for the office so largely against the Democrats. Under these circumstances the political future has little attraction for Mr. Carlisle, besides which taste and desire lead him naturally to a judicial position."

Allison's Presidential Campaign.

Chicago, Nov. 12.—Senator William B. Allison, candidate for the Republican nomination for the presidency, was in Chicago today. He entered the field aggressively, asking the support of Western men, while his friend and fellow statesman, James S. McMillan, is working for his interests in the East. Mr. Allison came to Chicago in company with Gen. Henderson, of Duquesne, a leader of the house of representatives in the country. Gen. Henderson's appearance in Chicago with Allison is significant. It may be taken to mean that the distinguished Iowa are here to receive callers. Senator Allison's lieutenants, according to information received by the Times-Herald, are endeavoring to perfect a combination of the names of Allison and McMillan, which may meet the favorable attention of the Republican leaders in the Eastern states now supposedly committed to the candidacy of Thomas B. Reed in the nomination. This plan, which, it is said upon good authority, Clarkson is engineering, has for its object the nomination of Allison for president, and of Gen. McMillan for vice president. Mr. Allison is the second place on the ticket. Inner circles here for some time been aware that a move of this kind was on foot, and last month Allison left McMillan to attend the meeting of the executive committee of the National League of Republican Clubs, of which he was elected president at Cleveland. To this questioning he made no reply either to affirm or deny, and left the curiosity seekers more convinced than before that there was a good deal in it.

Alteid Refuses to Ride Behind Soldiers

Atlanta, Nov. 12.—Not an officer or a private of the regular army marched in the procession of the Federal contingent at the "Chicago day." The programme had been arranged for a military parade, which was to be led by the regular army. The Chicago day, however, was a day of peace, and the regular army was not to be seen. Dr. Neville Held Up.

Dr. C. L. Neville was "held up" at 8:30 o'clock last night on Seventh street near Virginia. Two men, who were dressed in a revolver under the doctor's nose and ordered him to throw up his hands. The doctor let out such an unearthly yell that he scared the footpad, but he ran and never stopped to see the result. He gave a description of the men to the police and a hunt was made for them.

"A Kentucky Thoroughbred."

Tomorrow night "A Kentucky Thoroughbred" will be given, a play which is entirely unlike "Old Kentucky," and in which there is a strong racing scene. This is the last of the Chase company's engagements here.

CONDENSED DISPATCHES.

John Baranowski was burned to death, his wife and 24-year-old son Martin fatally injured, and three other people badly hurt, in a fire which broke out at 29 and 302 Noble street, Chicago, Tuesday morning.

Charles Hoffman, a constable, committed suicide at Jones Cal. Tuesday morning by shooting himself through the brain. On Sunday his brother, John Hoffman, was arrested for disturbing the peace. During the night he broke jail by digging through a brick wall. His father's best racehorse, left for parts unknown.

Mrs. Eliza Hoffmann, 84 years old, of 1211 Union street, San Francisco, was burned to death Tuesday morning. Mrs. Hoffmann was seen by neighbors about 9 o'clock, when she was sitting on a bench. She was holding a coal oil stove, and it is supposed the stove exploded. When found she was lying on the floor of the kitchen, her clothes burned off.

The Lawrence Beach hotel, one of the largest summer hotels on the island, was destroyed by fire Tuesday, with contents. The total loss, it is thought, will not exceed \$100,000. The hotel was owned by the Lawrence Beach Improvement Company, and leased by John Murray of New York.

As a fleet of American fishing boats were engaged in fishing near North Bay, Alaska, Lake Umbagog, the Canadian cruiser Petrel appeared. Two boats with crews of 12 men each were taken aboard the Petrel, and more than 100,000 lbs. of fish were confiscated. The crews of the boats had been taken to the Petrel, which was fishing in Canadian waters.

HE NEGLECTED HIS STUDIES.

Capt. Brewer, of Harvard Football team, Ordered to Stop Playing. Cambridge, Mass., Nov. 12.—A great commotion was caused at Harvard this afternoon by the announcement that the faculty had requested Capt. Brewer, of the football team, to stop playing. Brewer had been playing in any football contests during the remainder of the season. In other words, Brewer has placed him on what is termed "athletic probation" for neglecting his studies the first time in the history of Harvard college that such action has been taken by the faculty.

To Lighten Supreme Court's Burden.

Washington City, Nov. 12.—Attorney General Harmon is busily engaged in the preparation of his annual report to the president. Since he has assumed the duties of the office, he has been much impressed with the fact that a large part of the time of the supreme court of the United States is consumed in hearing criminal cases which come before it on appeal from the lower United States courts or state supreme courts, and with a view to relieving the supreme court of much labor the attorney general will recommend in his report an amendment extending the laws by which all criminal cases involving violations of the United States laws other than capital cases now subject to appeal from the lower United States circuit courts of appeal for final hearing. It is understood that the members of the supreme court are in favor of this proposition.

Tabicaux From the Poets.

Then the gay masqueraders scattered to their various booths, and were at home to their friends, who forthwith proceeded to the respective tables, where were the comments on the showing of Miss Bessie Anderson, who sustained admirably the difficult role of goddess of poetry and song.

Booths True to the Original.

The first evening of the carnival was a grand object lesson, and even in the rain the spectators were not deterred. The exhibition of the genius that has been used to depict so many varied types of humanity. Perhaps the best place to study these figures had to be the booths, where each group of figures had its appropriate setting. In choosing this setting, the managers of the booths showed a cultured discrimination and good judgment worthy of the best art.
