

JOE PATCHEN WINS.

Defeating John R. Gentry in Two Straight Heats.

THE LOSER BREAKS IN BOTH.

Peter Maher Willing to Fight Joe Choyinski—Permittion Beaten at the Newmarket Races.

Chicago, July 2.—This afternoon at Washington park Joe Patchen repeated his performance at the track last August, when he humbled the pride of John R. Gentry. Today's match, their first meeting in 1896, was a two-hat affair. Six thousand people were enthusiastically received on their appearance for the first heat. Gentry looked larger than he did last year. Patchen, although it was his first race of the season, confirmed by his appearance Curry's declaration that the big black was at race. Joe Patchen was at the start for the first heat, being a neck behind, although having the pole. But the big fellow was on even terms at once, and really threw the pole in either heat when he did not seem to have a slight advantage on the bay. Gentry's supporters lost heart when he broke the pole to improve his advantage in the start. With his supposed superior condition, as shown by his mile in 2:55, last week, Gentry should have been a head and head with the big fellow, and the crowd shouted "Gentry wins," but suddenly the bay horse faltered and then went into the air, and Patchen went under the wire an easy winner. Time by quarters: 1:25, 1:35, 1:45, 1:55. The conditions were pretty favorable for good time, the track being very fast and the weather hot, but a brisk breeze up the stretch had some effect. The crowd anticipated that Gentry would not break the next heat. The black at once set out the pace, and the majority of the ad horsemen present, observing the action of each horse, concluded long before the heat was finished that the race was over. Patchen traveled the entire mile with machine-like precision. A great part of the time he was within a length of his gliding opponent Gentry once more faltered and broke, and everything was over. Patchen won easily. Time by quarters: 1:25, 1:35, 1:45, 1:55.

All the way round to the far turn Patchen led, most of the time by a length. There, however, Andrews sent his charge along, and the crowd became enthusiastic. When they were well straightened out for the second heat, Gentry shouldered the pole, and the big black drew steadily away again until nearing the eighth pole, when Andrews began to drive and in a few strides Gentry was head and head with the big fellow, and the crowd shouted "Gentry wins," but suddenly the bay horse faltered and then went into the air, and Patchen went under the wire an easy winner. Time by quarters: 1:25, 1:35, 1:45, 1:55. The conditions were pretty favorable for good time, the track being very fast and the weather hot, but a brisk breeze up the stretch had some effect. Washington, July 2.—Although Washington City had the only earned run today, errors, which were ridiculous in their flagrancy, gave the game to Boston. Both pitchers were in excellent form, and the work was phenomenal. Attendance, 6,200.

Newmarket Races. London, July 2.—Leopold de Rothschild's St. Prusquin won the Princess of Wales stakes for 2 and 4-year-olds at Newmarket today. The course was one straight mile. St. Prusquin won by half a length. The same distance separated Permittion, the Prince of Wales' Derby winner, and the Duke of Westminster's Regret, respectively second and third.

Under Electric Light. Bicycle Races Tonight at the Y. M. C. A. Park.

The preparations for the bicycle meet tonight at the Y. M. C. A. athletic grounds have been completed, and an entirely successful affair is anticipated, not alone from the fact that the races will be pulled off by electric light, but because of the large number of interesting entries. The only professional event will be a race against the Northwest professional record by "Bill" Lee of Portland, who recently defeated Merrill's aggregation of circuit chasers. Fred Merrill, manager of a string of fast riders, has telegraphed that it will be impossible to bring his men, including Staver, Campbell, Freeman, Evans and Perrell, crack California men, owing to a lack of railroad or steamer connections from Vancouver, where they are at present engaged in defeating the Canadians. The amateur entries, however, embrace a particularly good list of men.

THE VOTE IS CLOSE. Last Day of the Popular Salesman Contest.

Wismolck made a heavy sale yesterday, and is now only 26 votes behind Alken. Today at noon the contest will close, and who will be the fortunate salesman will then be decided by the vote cast. The totals and the name of the winner will be given in tomorrow morning's paper. The Phoenix bicycle will be given to the winner tomorrow at the business office of the Post-Intelligencer.

The three leaders are so close together that it is impossible to pick the winner with any certainty. There are many thousands of unlimited coupons yet unvoted, and these will undoubtedly settle the question. The votes must all be in before noon today. Promptly at 12 o'clock the polls will close, and the contest be ended. The central of attention down to the show window at Seller & Co's, where the coupons are displayed. There is always a crowd in front of the window. The Phoenix bicycle is "knee-deep" in coupons already. Today's votes will probably show the wheel under.

The totals up to 4 o'clock yesterday are as follows:

Table with columns: Name, Votes. Rows for Walter Alken, A. Wismolck, George Noble, Sam Davidson, M. J. Carter, M. A. Bruce, Eugene Burke, W. M. Hines, Sumner Baldwin, H. A. Kirpatrick, H. K. Stephenson, Sol Bjorn, W. E. Morrison, W. H. Walker, W. M. Malone, J. M. Booth, James Murray.

Among some of the fairest scenes on this continent and in the tropics, malaria poisons the atmosphere with its pestilential breath, sowing the seeds of disease and death in every direction.

The entries for the Fourth of July celebration athletic sports received up to 6 o'clock last night are given below. There will be others and they will be given in the Post-Intelligencer tomorrow morning, when the full programme will be published.

The popular secretary of the Newboys' Union, Henry (Triby) Collins, yesterday handed in the entries for the grand pool and croquet pole contests. They are as follows: Jim Duncan (champion player of the Northwest), Willie Hoegoe, E. Nichols, C. Newman, E. C. Grandall, Ed Maroney, J. Dallager, Fred Williams, John Burke, Ed Crandall, Johnny Egan, Ed May, George Harrison, J. Whitley, Willie Davis, J. Monasmith, E. Fishaw, W. McDonough, Otto Otrell, Frank Newman and J. Crow, together with Henry Collins (ex-champion), but still in the ring.

In the boys' relay race, entries limited to boys under 18, the following teams are entered: Pacifics, Frank Chew, Armstrong Turner, Harry Benson and Charley Simonich; the Broadway team, Fred Bronson, Ed Boyden, Webb Vinago and Andrew Burchley; the Newboys' Union team, Jim Duncan, Otto Otrell, John Burke and Irving Nichols.

In the three-legged race the entries are not all in, but those entered are as follows: Max Bruhst and Al Bruhst; Arthur W. Whalley and Larson Blanck; William M. Moore, Jr. and S. M. Humes.

In the quarter-mile handicap, the entries are as follows: Arthur W. Whalley, Larson Blanck, V. D. Ledate, Max Bruhst and S. M. Humes.

The different relay teams are being trained for the races, and the three relay races will undoubtedly be close and exciting. It is the plan of the management on this occasion to give each team a flag and make each member of the team carry the flag a quarter of a mile, the team getting its flag in at the finish first being declared the winner.

The Y. M. C. A. boys are determined that the celebration this year shall be as fine a one as Seattle has had for years, and with the excellent facilities offered by the new park, aided by the large number of excellent athletes who have come forward and offered to help out, there is no doubt of their success. The many laughable events on the programme, together with the recognition of all the popular national games, so essential to the success of a celebration of the national holiday, will add to the excellent reputation of the Y. M. C. A. park exhibitions.

FIRE AND POLICE.

The civil service commission has been working hard in making up the averages of candidates for positions in the fire and police departments. The results so far as ascertained were announced last night. There are a number of papers yet to be averaged.
