

TO DIVE FOR WEALTH.

THE GOLD LINED BOTTOM OF MITCHELL BAY.

Yanconver Party Starts for Graham Island, Where the Harbor is Said to Contain the Precious Metal—A Pioneer Prospector Made a Rich Find, but in Blasting Blew His Wealth into the Sea.

VANCOUVER, B. C., March 16.—Last night an expedition which has been fitted out for the last two or three weeks, left Vancouver for the Queen Charlotte Islands, to the island of Graham.

The objective point of the party is Mitchell bay, the west coast of Graham island, largest of the Queen Charlotte Islands. Somewhere in the bottom of that little inlet they expect to unearth thousands of dollars worth of gold which has been lying there since the '60s.

The story is that a Hudson's Bay factor, with the help of an Indian, discovered a pocket in the cliff, in which a blast was made, with the result that the greater part of the "yellow" went to the bottom of the bay. The remainder was worth several thousands of pounds sterling.

A few years ago a prospector from Victoria went over the bay, but the gold was not recovered.

RIVER STILL RISING.

MISSISSIPPI CONTINUES ITS WORK OF DESTRUCTION.

Several Lives Reported Lost—Situation Constantly Growing Worse—People of Memphis Aiding the Sufferers in Outlying Districts—Human Beings and Dumb Brutes Crowd the Railroad Tracks and High Ground—Government Helping the Relief Committee.

MEMPHIS, March 16.—The Mississippi river at Memphis tonight gauges a foot over one-tenth since morning. The river continues to rise steadily. Two lives are known to have been lost during the day.

Over at Marion and the adjacent country, 400 people are reported to be lined up on the railroad track over which occasional waves sweep, threatening to carry off the desperate people and dumb brutes that there find a precarious foothold.

Down on President's island, where it was supposed that all persons in danger had been carried off last night, it is learned that from fifty to one hundred people were this morning standing in the water and praying for the sight of a boat that would take them off.

There are many other points from which reports are being received, and it is understood, therefore, that the relief committee which has been established in this city has its hands full of work.

NEWS FROM TACOMA.

NORTHERN PACIFIC DECLARES AGAINST FOREST RESERVES.

Officials of the Company Issue a Statement—The Road Vitality Interests in the Lands Kept Open—Its Traffic Interests Will Be Injured by the Order—Development of the Reserved Districts Will Be Retarded.

Tacoma Bureau of the Post-Intelligencer, 112 Pacific Avenue.

TACOMA, March 16.—Special.—The editorial in the Post-Intelligencer of Sunday, March 14, relating to the forest reserves, was read with much interest by the officials of the Northern Pacific Railway Company both in St. Paul and in this city.

The inference that the Northern Pacific would profit by the extensive order of February 21, in being able to exchange practically valueless lands for those reserved by the order, which was drawn from a remark of Secretary Frank.

Thomas Cooper, Western land agent of the Northern Pacific, today said that the company was decidedly opposed to the order and was interested in seeing it revoked as speedily as possible.

"You can readily see," said Mr. Cooper, "that the order is a very serious one along the line of the railroad through these forest reserves is to exempt from taxation the Northern Pacific lands in the district, which depends for its traffic upon the Northern Pacific."

The land interests of the Northern Pacific Railway Company are entirely submerged in the interests of the public, and no amount of indemnity land that it is possible to find in the state of Washington will offset the injury done such interests by the creation of these reserves."

AN ALASKA MINING PROPOSITION THAT OUTRIVALS TREADWELL.

The Alaska Juneau Gold Mining Company, Owning Property in the Silver Bow Basin, Contemplate the Erection of a 500-Stamp Mill, 200 More than the Famous Treadwell Has.

An Alaska mining proposition in the Silver Bow basin which will outrival the Treadwell plant in the scale on which it is being carried out, is being developed as follows in the San Francisco Chronicle:

"The most extensive mining operations in North America are contemplated by the Alaska Juneau Gold Mining Company. Its property is located in the Silver Bow basin district, and was bought a few weeks ago by Charles D. Lane and Archibald M. Campbell by Capt. Thomas Mein, of the Exploration Company of London; Arthur Beit, of Wemmer, Beit & Co., London, and Robert Duncan, Jr., superintendent of the Alaska Treadwell mines, in their individual capacities. The purchase was made on the 10th of March, 1897, and the company is now in the process of organizing."
