Miners Ask for a Change in the Location Law.

ASSESSMENT WORK IS EVADED.

Settlers Need Have No Fear of the Forestry Reserve Order—Mining Companies to Be Given the Right to Use Water Power—Single Tax Publication Is Suppressed—Rev. Mr. Duncan, of Metlakahla, May Yet Be Called on to Explain.

Special Dispatch to the Post-Intelligencer. WASHINGTON, April 24.—A number of miners in the state of Washington have written to their members in congress asking that the mining laws be so amended as to make it a crime to use fictitious or assumed names in locating mining claims, and also to compel owners to show assessment work on recorded claims every year by sworn statement. It is claimed that now assessment work is constantly avoided by the locators of claims, simply by changing the name under which the claim is located each twelve months, which costs only about 65 cents for recording the new name. This name in most cases is fictitious, although frequently locators swap claims with each other. This matter has been brought very strongly before the mineral division of the general land office, and it is quite likely some remedial legislation may result in the near future.

The forestry reserve matter still continues to be a subject of much correspondence between the senators and representatives from the state of Washington and their constituents who are affected by the order of President Cleveland. In response to showings which have been made by representatives of mining companies through their representatives here, it is now understood that when the Cleveland order is modified, the order will be so amended as to give him the requisite authority there-

general merchandise store of C. E. Horton. The people of Knab, Lewis county, Wash., a settlement not far from Toledo, are anxious to have a post-office established, with Mrs. D. E. Hurst as postmistress. The new fourth assistant postmaster general has been so busy making the appointments demanded by congressmen from all over the country that he has had no time as yet to attend to such trivial matters as establishing new offices.

The Republicans of Sidney, Wash., which is Fort Orchard postoffice, are trying very hard to have the present postmaster, James H. Cline, removed on the ground that he was an offensive partisan in the local legislature. The principal objection which has been made to Mr. Cline is that during the contest case of Mr. Kader against Capt. Seymour for a seat in the local legislature, Mr. Cline made an affidavit regarding the election in the town of Sidney. A copy of this affidavit has been sent to this city. In view of the fact that he had no right to do so in the general election, the fourth assistant postmaster general will take little notice of it, and Mr. Cline will probably be permitted to serve out his term.

The star service between Kettle Falls and Meyers Falls station will be increased to twelve times a week after July 1. The mail from Stanwood to Colarhome, Wash., will hereafter leave Stanwood Tuesday, Thursday and Saturday at 1:30 p. m., and leave Colarhome the same days at noon.

DEBOE FORCED TO WAIT.

Cannot Hope for Election Until Next Wednesday—Republicans Much Disappointed. FRANKFORT, Ky., April 24.—More frustration than ever was manifested in the legislature today in consequence of the

SUBJECT OF GREAT INTEREST JUST NOW

possibility of a senator being elected. The steering committee discovered in the early forenoon that many Republicans were absent on pairs. Their failure to return prevented a quorum. Nevertheless in the temper of the legislature was tested by a ballot showing 66 for Deboe, out of 69 present, exclusive of the Gold and Silver Democrats, none of whom answered at roll call. Deboe received 67 votes, but one was from a paired Republican and could not be counted.

The Republicans did not conceal the fact that they were greatly disappointed at today's failure to elect the new non-time. They are very secretive about their future intentions, but tonight it is known that no pressing attempt to elect Deboe will be made till next Wednesday, when some of the pairs now out do not expire till that day.

Cyclone Taps Over, Mich.—Three People Badly Hurt. SAGINAW, Mich., April 24.—A special to the Courier-Herald from Otter, Arenac county, says that a cyclone struck that town at 8 o'clock this evening, completely demolishing the general store of W. R. Clouston, whose residence was also torn down and his shingle mill wrecked. Mr. Clouston received a serious scalp wound and is thought to be fatally injured. Mrs. John J. Baikie and her brother, John Cannally, of Port Huron, were in the upper apartment of the store building when it collapsed. They were buried under the debris, but escaped serious injury.

J. A. Campbell's building, under course of construction, was blown down and completely wrecked. The Hagley residence was blown to pieces, and not a board can be found with 100 feet of its former location. Mr. and Mrs. Hagley were blown sixty feet into the air and both were fatally hurt. Mr. Clouston's loss is \$1200 on buildings and \$3000 on stock.

LARISSA HAS FALLEN.

Greeks Forced to Abandon Their Headquarters.

TROOPS RETIRE IN GOOD ORDER

Athens Receives the News Amid Much Excitement—Greek Forces Enter Macedonia, and Threaten Ellassona—The War Sure to Be Prolonged, on Account of the Stubborn Resistance of the Hellenes—The Balkan States on the Eve of Revolt—Hostilities May Yet Become General.

ATHENS, April 24.—Noon.—The Turks at noon yesterday strongly attacked Mati, which was defended by Gen. Mastafah's brigade. After six hours of fighting a council of war, presided over by the crown prince, decided to order a retreat of the Greek forces from Tyrnava.

6 p. m.—All telegraphic communication with Larissa is interrupted, but it is understood that the retreat of the Greek army was conducted with the best of order. The excitement and disquiet at Athens because of the sudden abandonment of Larissa continues, but the tranquillity of the city is unbroken.

6:30 p. m.—Larissa has been completely evacuated by the Greeks, who spiked their guns in position and carried away all the movable cannon and munitions of war.

Midnight.—A special dispatch received from the frontier asserts that the Turks, while attacking Mati were repulsed several times yesterday. At 4 o'clock in the evening the Greek forces were obliged to give way. The Greeks retreated in

ELASSONA IS IN DANGER.

Greek Soldiers Approach the Town From Mount Olympus. CONSTANTINOPOLE, April 24.—The latest advices from the seat of war indicate that the Greek forces have penetrated into Turkish territory, reaching the rear of Ellassona, on the Mount Olympus side.

This is most serious news for the Turks, if true. The divisions of the Turkish army stationed at Monastir and Salonica are about to start for Ellassona.

ALL THE STORES DESTROYED.

Greeks Bombard Santa Quaranta and Drive the Turks Away. ATHENS, April 24.—A dispatch received from the Greek commander in Epirus, Col. Manos, announces that the Greeks have occupied Kumasdas, near Strevina. Greek scouting parties have reached points close to Pente Degras.

The Greek squadron which bombarded Santa Quaranta left Corfu yesterday morning, and on arriving in the bay of Santa Quaranta immediately formed in line of battle. The warships spread out fan shaped and the torpedo boats occupied points of vantage. Fire was opened with the liveliest kind of a cannonade for two hours, the great destructiveness of which was soon observed in dismantled buildings everywhere, while flames broke out in many places. The fire of the Greek gunners was directed most admirably and no ammunition was wasted.

The Turkish garrison about noon was seen to have sought refuge in the fort. The Turks were supposed to have numbered about 600 men. The Greek naval commander was observed to land a detachment and complete the destruction of the large quantities of food stored there for the use of the Turkish forces in Epirus.

The bombardment by the fleet was thereupon redoubled and under this fierce fire a detachment of Greek sailors was landed and immediately proceeded to destroy the stores of the Turks, beginning at 1:00 sacks of flour which were found on the quays. After rapidly completing this work while the fleet imposed silence on the fort, the Greeks set fire to the remaining stores and destroyed large quantities of munitions of war which had been collected for the use of the Turkish forces in Epirus.

After this work was completed, the Greek sailors returned to their ships, leaving the whole place in flames, and bringing with them fifty Christians who had sought refuge in the fort. The Greek gunners took special care to avoid hitting this building. The casualties of the Greeks throughout the bombardment and the subsequent landing and destruction of the Turkish stores were two sailors wounded.

Rumor That Edhem Pasha Is Dead. LONDON, April 24.—A despatch from Athens says it is rumored that Edhem Pasha, the Turkish commander-in-chief, has succumbed to a wound received in the recent fighting in Milosau pass.

It is further announced that the Turkish troops are leaving Crete for unknown destinations.

Osman to Unite the Turkish Armies. PARIS, April 24.—It is stated in a dispatch from Constantinople this evening

that Osman Pasha's plan of campaign is to recall all the Turkish forces in Epirus, leaving only a strong garrison at Janina and abandon the rest of the province. The Turkish army in Epirus would thus be able to effect a junction with the army in Thessaly by marching northward round the mountains dividing the two provinces. Osman Pasha would eventually have the whole Turkish force at his disposal and would be able to deal a decisive blow.

ALLIANCES TO BE READJUSTED.

Consent Entirely Broken—Balkans Engage to Rise in Arms. Copyrighted, 1897, by the Associated Press. BERLIN, April 24.—The war between Greece and Turkey monopolizes public attention in Germany. The opinion is expressed in political and diplomatic circles that the war will not finish soon, and that it will not remain local very long.

It is stated in government circles that the Greek interests have already been vitally engaged, and it seems to be a foregone conclusion, whatever the final out-

come of the present troubles, that the political readjustment of the Oriental question will lead to a readjustment of the powers' alliance. The entente between Germany and Austria on one side and Russia and France on the other, will, it is believed, become much closer in the near future.

The four parliaments between Prince Hohenzollern, the imperial chancellor, and Mr. Hanotaux, the French minister for foreign affairs, in Paris, while only touching upon the mutual attitude of Germany and France in the Oriental question, were significant, as also is the visit of Emperor William to Vienna, and that of Emperor Francis Joseph to St. Petersburg. An audience was given to Prince Ferdinand of Bulgaria, who was a member of Emperor William's suite during the trip to Vienna, said to the correspondent of the Associated Press:

"The main efforts of the powers will be directed toward keeping the Greek war confined to narrow limits, but the success of such efforts is doubtful. If Turkey routs Greece, very well; but if Greece meets with even a temporary success, all will be changed, as there are good reasons to suspect that Bulgaria, Serbia and Montenegro are only waiting for a chance to take advantage of the situation, which is hankering after Macedonia herself."

The visit of Prince Ferdinand of Bulgaria to Berlin was an event of more than ordinary importance. The prince's audience with the emperor was not satisfactory. His majesty strongly dissuaded the prince from engaging in warfare enterprises, and timely assistance. Let the Democrats meet the passion and bitterness of their former associates who have assumed leadership in anti-Democratic wanderings with firm expostulations, reminding them that Democratic convictions and Democratic consistency are forced to follow low false lights, holding them aloft, and as in the name of honorable political comradeship and in the memory of glorious victories won by united Democracy, to turn from the way that leads to party defeat and destruction.

"The task is not an easy one, but surely it is not hopeless. The better we appreciate its magnitude, the less will be the danger of ineffective and misguided effort. The work has already been inaugurated by the creation of an organization founded upon the declaration of Democratic principles so clear and so patriotic that there should rally to their support every true Democrat, and supply an effective forbidding defeat. With such a beginning, and with an importance of our cause, we should carefully look for the approaching day when true Democracy, freed, regenerated and disintegrated, will bring us peace and national safety."

"It is said now that Edhem Pasha is in disgrace; that he has had little previous experience in warfare; that he is a creature of Izzet Bey, and that he fell down in the hands of the sultan's wife. It is also stated that the sultan has hitherto been afraid to send his best generals, such as Achmet, Fud and Reschid Pasha, to the front, they being instead kept in the most remote provinces. No remarkable development, however, is expected from the appointment of Osman Pasha to command the Turkish forces operating against the Greeks in Thessaly, as apart from the dangers of swamping horses at the present critical juncture, Osman Pasha will be hampered by the sultan's jealous determination to direct the military operations from the Yildiz Kiosk. The great value of Osman Pasha's presence at the front is his popularity with the army. Osman Pasha has virtually been a prisoner in the Yildiz Kiosk. The sultan dreads his popularity, although he used it as a protection in various ways, having Osman Pasha accompany him on his weekly drives upon the occasion of the Selamlik, when the sultan himself, a tall, slender, well-proportioned figure, sat facing the horses, with his eyes fixed on his position as palace marshal. Osman Pasha had to seal every dish served the sultan, and never left the grounds of the palace without imperial permission.

It was decided during the evening to hold a preliminary conference tomorrow, so that as rapid progress as possible may be made in the work. The preliminary conference will settle the general plan of meeting to be held on Monday by the leaders present at the dinner.

TO RESCUE DEMOCRACY

Notable Gathering of Public Men in New York.

SPEECH BY MR. CLEVELAND.

He Responds to the Toast, "Present Problems," and Asks His Auditors to Continue the Battle Against Dishonesty—Republican Policy Criticized—Mr. Carlisle Also Speaks—Preliminary Conference of Gold Standard Democrats to Be Held Today.

NEW YORK, April 24.—The annual dinner of the Reform Club, which was given tonight in the new ballroom of the Hotel Waldorf, was a notable gathering. Representative men from all parts of the United States who played a part in the recent campaign of the gold Democrats were present. It is the first occasion on which ex-President Cleveland delivered a public speech since his retirement from office.

When the list of invited guests was made public it was generally understood that the speeches which would be delivered would in a large measure indicate the policy of the gold wing of the Democratic party in the next presidential campaign. John DeWitt Warner presided. At his right sat ex-President Cleveland. On his left was ex-Postmaster-General Wilson. Mr. Cleveland was the central figure in the dining hall, and his speech in response to the toast, "Present Problems," was the chief feature of the occasion. The toasts and those who responded to them were as follows:

"Present Problems." Grover Cleveland, "Sound Money," John G. Carlisle, "The National Democracy," Edward A. Shepard.

"The New South." Donelson Caffery, "National Democracy," William D. Hyman, "The Political Outlook," Henry G. Turner.

"Andrew Jackson and the Restoration of the Gold Currency." Josiah Patterson. Five hundred and eight persons sat down to the feast. They were distributed about ten tables. Ex-President Cleveland was cheered when he arose to respond to the toast "Present Problems."

After referring to the continued agitation and severely criticizing the Republican administration, Mr. Cleveland said: "Those who believe that a crisis is at hand can hardly fail to see that the party in power is so joined to its idol of mad protection, and is so completely divorced from popular condemnation, that it is a useless attempt of defense against the impending peril."
