**Democrats to Leave It Out of State Campaigns.**

**DECISION BY PARTY LEADERS.**

But the Policy of the Party as Regards National Politics Will Not Be Changed Till 1900—National Committee Campbell Declares in Favor of Home Rule in Politics—Democrats Will Work Hard to Carry Greater New York This Year, and to Sweep the State at the Next Presidential Election.

ALBANY, N. Y., June 6.—The Democratic party will not force national issues in the various state campaigns, and while the Chicago platform will not be brought forward as an issue paramount to everything else. That is the statement of National Committee Campbell, of Buffalo. Mr. Campbell was in the city tonight, fresh from a conference with party leaders, and said:

"The policy of the Democratic party of the nation, as laid down in the platform of the Chicago convention, is not to be disturbed until the next national convention, which will be held in 1900. It will make no difference whether city or county conventions endorse it or repudiate it. It will stand unaltered. In the election of any state, the organization of New York was true to the nominees and the platform of the Chicago convention. The same policy was followed in Cleveland four years ago as the Democratic candidate, although delegates were opposed to him in the national convention. I believe in home rule. If the Democrats of the city of New York, Buffalo or Rochester, want to exercise their party access to conduct their local elections without injecting into them state or national issues, I believe they have a perfect right to do so, without the interference of any state or national committee."

"Democrats living in the state, outside the city of New York, are looking anxiously for the decision of the Democratic mayor for Greater New York. If this could be accomplished, it would encourage the rank and file of the party, and the organization to get into fighting shape for the more important state election that is to take place in the fall. When the governor, state officers and legislature are to be chosen."

"If we carry Greater New York this year, then the party will be in shape with a fair chance to put the state in the Democratic column in 1900."

**CONGRESSIONAL FORECAST.**

**Sugar Schedule May Be Taken Up by the Senate Today—House Will Adjourn.**

WASHINGTON, June 6.—While the tariff will continue to be the general subject of discussion in the senate during the present week, there is no certainty as to what portion of it will receive general attention. This uncertainty is due to the difficulty of ascertaining when the sugar schedule will be taken up. It is understood that this schedule will consume general time, but there is no effort to outline beyond that. The course of the tariff schedule will afford a brief respite Monday before reaching the sugar question, as that subject was left undisposed of on Saturday. After probably a further motion to strike out the entire schedule referring to sawed lumber, and the motion may lead to debate.

Whether the sugar schedule will be taken up in order is still undetermined. There are many differences of opinion, but the prevailing desire is to get the schedule out of the way as soon as possible. This is the case with the sides of the chamber, but it is especially true of the Republicans. Still, there is a desire among Republican senators that there should be an absolute agreement among themselves on the rates of this schedule before entering upon its decision in the senate, and it is realized that this may be difficult to attain without a further exchange of opinions than has yet been permitted.

There is no doubt, in any event, of postponement until adjournment to the senate. He is still confined to his room, and is expected to be out early in the week.

The Hawaiian treaty will be protected by the finance committee is considered settled, but a caucus may be necessary to determine whether other treaty duties will be made.

Pettibone has decided definitely to offer his anti-trust amendment in connection with his schedule, but beyond the fact that it would lead to a number of speeches there is no certainty as to its course or its fate.

There are many sharp contests ahead of the paragraph of the agricultural schedule, including those on rice. There will be an effort to secure a return to the house rates on cattle, on which it will be claimed that there should be an ad valorem rather than a specific duty, and on fish, poultry, and salt. The innovation of a duty on tea is also proposed on this schedule, but it is practically certain that this provision will be withdrawn. Thus, what would have been one of the severest contests will be averted. The cotton and spirit schedules, it is now thought, will excite comparatively little debate.

The houses has now work ahead of it this week, and it is the intention of the majority leaders to adjourn tomorrow until Thursday and from Thursday until Monday. Simpson and other members of the minority doubtless will essay the usual maneuvers with the purpose of embarrassing the Republicans, but in the present condition of the house their latitude is narrow, and they can be easily overborne by their adversaries.

There are seventy-six maps in all, of which fifteen are new and made especially for the Venezuelan boundary commission's use, while the remaining sixty-one are facsimile reproductions of old ones. The publication contains much valuable data that will be of use to counsel in the arguments before the arbitration tribunal to which body the boundary question has been referred.

**JAPAN SENDS MORE WARSHIPS.**

**Difficulty with Hawaii Is Increased by Diplomacy.**

SAN FRANCISCO, June 6.—The steamer Coptic arrived this evening from Honolulu, bringing advices up to May 31. According to the Honolulu dispatches, the difficulty between Japan and Hawaii is growing out of the immigration question has been increased rather than diminished by the diplomatic proceedings. Officers of the Japanese government, now at Honolulu, state that a second Japanese man-of-war is now en route to Honolulu, and that a third armed vessel is about to depart from Yokohama for the islands.

Mrs. Shimamura, wife of the Japanese minister at Honolulu, has arranged to leave for Japan on June 5. The intended departure caused a rumor in Honolulu to the effect that the minister would follow her. He has admitted that he was not satisfied with the answer of the Hawaiian government in regard to the immigration controversy, and he gave his friends to understand that unless a reply satisfactory to him, were made he would depart for Tokyo, thereby severing diplomatic relations between Japan and Hawaii.

Since then nothing has been seen or heard of the boy or his abductor.

**NOT A CHANGE HAS BEEN MADE.**

**The Queen Regent Is Strongly Advised to Recall Weyler From Cuba—Madrid Greatly Surprised, as a Distinct Change of Policy Had Been Anticipated—Concession Probably Will Be Made in a Short Time to the Liberals—Minister De Lome Is Notified, but Declines to Discuss the Situation.**

MADRID, June 6.—The queen regent has confirmed Senor Canovas, the premier, in his ministerial power, and the cabinet will remain in office with the personnel unchanged.

All the leading members of the diet and the chamber of deputies who were consulted by her majesty, as well as three marshals, have advised her to recall Weyler from Cuba.

At a cabinet council held this afternoon at his residence, Senor Canovas, the premier, announced that the queen regent had renewed his powers and those of the cabinet in terms most flattering to him and all his colleagues. It is understood that the government does not contemplate any immediate change in the supreme command in Cuba, as reported by the press. The various sections of the opposition are not easy to describe.

**Radical Change Was Expected.**

LONDON, June 6.—The Madrid correspondent of the Times says:

"The solution of the crisis in Spain is a general surprise as much in ministerial circles as in the world at large. It was thought, not without reason, that the councils of the cabinet were in a state of confusion. Marshal Campos, Marshal Blanco and Marshal Dominguez, would have inclined the crown toward a radical and distinct change of policy in the event of a crisis. This idea is especially prevalent, as Senor Canovas has himself admitted that, both as regards reforms and the conduct of the war by Capt. Gen. Weyler, his own hopes and aspirations have scarcely been fulfilled.

The only explanation is that the first thought of the premier is to vindicate his course by far as possible. He is, however, concerned, and that when this is established, to find occasion at an early date so to modify the cabinet as to satisfy the Liberals, and to terminate the deadlock before the cortes assemblies, which will probably not be for several months. It can hardly be doubted that the modification would in fact be a complete reorganization of the cabinet, and that the minister of the interior, Capt. Gen. Weyler, by some other commander."

**Will Not Discuss Cuba.**

WASHINGTON, June 6.—The Spanish minister, Dupuy de Lome, today received a cablegram announcing the result of the decision of the cabinet in Madrid. The British premier and cabinet ministers, who recently tendered their resignations, the minister's dispatch is in line with the Associated Press advices, and he has not reached his decision after consulting with the former premier and the marshal. Included in the former were Senor Sagasta, Senor Canovas, Senor Marti Campos, and Martinez Campos, the captain general of Cuba who gave way to Gen. Weyler.

Mr. de Lome declined to discuss the possibilities of the retention in office of the present ministry in relation to the policy to be pursued with regard to Cuban affairs and the incumbency of Capt. Gen. Weyler. The minister also declined to discuss a cablegram from United States Minister Taylor, at Madrid. Presumably it is in connection with the happenings of the day that the secretary declined to discuss its contents. The secretary declined to make any statement in regard to the matter further than to say that he had received the confidence of the queen in the ministry.

Ex-Congressman J. Frank Aldrich, of Chicago, arrived here this afternoon. He is expected to be in Washington, and he came on instructions to be in Washington when Mr. Calhoun arrived. Mr. Aldrich was offered and accepted the post of consul general at Havana, but he has declined it, and his visit here at this time indicates that Consul General Lee's stay in the islands will be short.

**Woman School Teacher Rides on a Wheel Sixty Miles—Officers Have Warrants for White Bull, Yellow Hair and Sam Crow, and Will Try to Make the Arrests—A Claim That Agent Stouch Is Incompetent, and Is Thwarting the Execution of the Law by Ordering Deputies Off the Reservation.**

DENVER, June 6.—A special to the Rocky Mountain News from Miles City, Mont., says:

"The rumor sent abroad that settlers were returning with their families to their homes is not true. About fifty families, refugees from the Indians, are still in this city, and others are coming in daily. As many as seven and eight families are huddled together in one cottage, with no thought of returning to their homes while the Indians are off the reservation.

A school teacher who has been teaching on Otter creek, near the reservation, and about sixty miles from here, arrived last evening, having ridden the entire distance on a bicycle in seven days. She reports seeing several small bands of Indians prowling along the hills on foot.

Over 200 Indians are off the reservation, scattered in small bands, roaming through the country committing depredations and devouring everything on their line of march. There are said to be 1,300 Indians on the reservation. The dance house donated to the Indians some time ago by Capt. Stouch and others will be torn down and the large drum taken away from the reservation. The dance house made hereafter will be made in the open air. Sheriff Gibb and Stock Inspector Smith leave tomorrow for the scene of the trouble with warrants properly executed for the arrest of White Bull, Yellow Hair and Sam Crow. Sheriff Gibb says he is confident that Capt. Stouch, the agent, will cooperate with him in the arrest of the men.

The following message was sent to Senator Carter tonight by County Attorney Porter:

"Agent Stouch yesterday turned over Stanley, but he has not received any evidence against him and seems determined to keep the sheriff from making any investigation. Five other Indians are suspected, and vigorous efforts to secure evidence to cooperate with the sheriff in securing evidence against all these murderers, or that he be replaced by some competent man."

Los Angeles Police Arrest a Man Who Tried to Disappear.

LOS ANGELES, June 6.—For a week past the police have been searching for W. M.
