

THE SCHOONER INCA.

THE SHE BRINGS THE LATEST NEWS FROM THE ORIENT. Mrs. Carew, the Famous Murderess Who Killed Her Husband Last Year at Yokohama, Sent to Holloway Jail in England. Where She is to be Imprisoned for Life—Official Notification of the Bubonic Plague in Formosa—Quarantine Regulations Specially Necessary—Value of Japan's New Possession.

Special Dispatch to the Post-Intelligencer. PORT TOWNSEND, June 19.—The schooner Inca, from Kobe, brings the latest intelligence from Japan. Mrs. Edith Carew, the woman who was convicted of poisoning her husband, and almost succeeded in warding suspicion by ingenious writing anonymous letters to the authorities and herself, accusing a mythical "woman in black" of the crime, has been sent to England to be confined in the Holloway. The trial was brimful of dramatic sensations, which were carried to Europe and America by the column. The Post-Intelligencer contained a full account of all the leading incidents of the case. Its special correspondent in Japan happening to be present in the court room when Mrs. Carew stole a document from the court files and was searched, with the result that the missing paper was found secreted on her person. She was found guilty in a consular court and ordered to be imprisoned for life. The Japanese Shipping List says that Mrs. Edith Carew, who passed through on the Ancon en route for Hongkong, and thence to England, though a convict under sentence for murder, is not treated in the same fashion as ordinary convicts guilty of larceny or other minor crimes. She is, says the paper, enjoying all the luxuries of a cabin passenger, is smartly dressed in a stylish morning costume, and has the general run of the ship. Under date of May 10, from Tokyo, comes this dispatch, and owing to many immigrants coming to Puget sound from Hongkong, it will be particularly important to quarantine inspectors.

"A notification of the governor-general of Formosa has been issued stating that he has received an official note that the fact that, owing to the prevalence of bubonic plague in Formosa, the Formosan islanders would not be permitted to land at Hongkong until further notice. The Tainan nineteen fresh cases of bubonic plague were reported on the 7th inst." The foreign department at Tokyo having intimated that information has been received that the Brazilian government has approved an application of the Kissa Emigration Company to send immigrants to that country, preparations are being made to dispatch 150 men to the Tosa Maru on the 25th of next month. In answer to the protest made by the Japanese government, the Russian government has intimated to the foreign office that the Korean representative in Seoul has been instructed to decline the request of the Korean government to engage more Russian officers for training the Korean army.

Mr. Ikeda Kenzo, the managing director of the One Hundredth Bank of Tokyo, who has intimated to the foreign office that the Korean representative in Seoul has been instructed to decline the request of the Korean government to engage more Russian officers for training the Korean army. Oil and Fertilizing Factory.

Special Dispatch to the Post-Intelligencer. WHATCOM, June 19.—The Bellingham Bay Oil & Fertilizer Works will be ready for operation about July 1. Reynolds & Carroll are the proprietors. Mr. Carroll recently came here from Texas, where he had considerable experience in the manufacture of cottonseed oil. Mr. Reynolds also came here from Texas, is engaged in the manufacture of corn meal, graham flour, chop, etc. Great quantities of dogfish are caught in this vicinity annually, but heretofore little use has been made of them. Reynolds & Carroll expect to utilize herring and other fish also in the manufacture of oil and fertilizer.

Drying Kiln Burned.

Special Dispatch to the Post-Intelligencer. NEW WHATCOM, June 19.—The dry-house of the Lamont Shingle Company, near Laurel, burned last night together with 20,000 shingles. The mill also caught fire, but was saved. Loss about \$50,000 insurance.

ON BOUNDARY CREEK.

GREENWOOD IS TO HAVE A BONDED WAREHOUSE. Customs Officer to be Stationed at Midway—Unsold Lots in Anacosta—Volunteer Fire Department Organized With Fifty Members—Irrigation Ditch Completed—District Visited by the Supreme Chief Ranger of the Independent Order of Foresters.

Special Dispatch to the Post-Intelligencer. BOUNDARY CREEK, B. C., June 19.—As the outcome of the recent visit of Inland Revenue Inspector W. Gill and Collector E. M. White, to the east end, it is to be established at Greenwood. This will be a convenience to merchants and others bringing in goods under bond. The warehouse will occupy a part of Remell & Co.'s commodious store, and Deputy Collector Angus K. Stuart will be in charge. A customs officer will shortly be stationed at Midway for the protection of the revenue and the importers who have been into the province at this point of dutiable and other goods. J. Sutherland, formerly connected with the provincial educational department, in the capacity of school-teacher, but late of Greenwood, will be placed in charge, his appointment to date from July 1.

A three-quarter interest in the unsold lots of the town of Anacosta has been purchased for \$2000 by T. Garland, late of Portage la Prairie. The town is situated on Boundary Creek, about a mile below Greenwood, at a point where the Grand Prairie road from the east and the Copper Camp road from the west junction with the main road up Boundary Creek from Midway and Boundary Falls through Anacosta to Greenwood and Boundary Creek. A volunteer fire department has been organized at Greenwood for service in the event of fire. A commendable amount of interest has been evinced by residents, more than fifty of whom have signed the membership roll. From these ten to fifteen will be chosen to perform definite duties assigned them by the captain in charge, so that about a dozen will be the duty of particular men to promptly place in readiness for use buckets, ladders, axes and other appliances for fire-fighting purposes. The funds for the purchase of these articles have already been subscribed by residents.

The irrigation ditch, made by the Midway Township Company, was lately completed and the water was last week turned into it. The purpose of this work is to irrigate lands at Midway, which the company will sell in five-acre lots for garden and other cultivation uses. The ditch is between two and three miles in length and will convey water from Boundary Creek to the intake being at a point between Midway and Boundary Falls.

J. H. F. Fournier, ex-convict, convicted of manslaughter in Skagit county, and sentenced to five and ten years, respectively, in the state penitentiary, for killing a man at Seattle on the dock at Seaman. These applications were accompanied by a transcript of testimony numbering 700 pages, and strong recommendations from prominent citizens in the community where the crime was committed.

Our I's and... Other Eyes.

Our I's are just as strong as they were fifty years ago, when we have cause to use them. But we have less and less cause to praise ourselves, since others do more than willing for you to see us through other eyes. This is how we look to S. F. Boyce, wholesale and retail druggist, Duluth, Minn., who after a quarter of a century of observation writes:

"I have used Ayer's Sarsaparilla for more than 25 years, both at wholesale and retail, and have never heard anything but words of praise from my customers; not a single complaint has ever reached me. I believe Ayer's Sarsaparilla to be the best blood purifier, that has been introduced to the general public." This, from a man who has sold thousands of dozens of Ayer's Sarsaparilla, is strong testimony. But it only echoes popular sentiment the world over, which has, "Nothing but words of praise for Ayer's Sarsaparilla."

Any doubt about it? Send for "Curebook" It kills doubts and cures doubters. Address J. C. AYER & CO., Lowell, Mass.

Every one sending a yellow ticket will get a set of cardboard creeping babies at the end of the contest. Those sending three or more in one envelope will receive a charming 1898 calendar, no advertisement on it. Besides this thousand dollars, we will pay \$150 each to the two persons who send in the largest number of yellow tickets in one envelope between June 15 and the end of the contest—August 31st. Cut this out. You won't see it again for two weeks. Address: SCHILLING'S BEST TEA SAN FRANCISCO.

No Patchwork! advertisement. Text: "One of the most encouraging features of a cure made by S.S.S. (Swift's Specific) is its permanency. Of all diseases, it is well known that those of the blood are the most obstinate, and therefore the most difficult to cure. The medical profession, in fact, have virtually admitted that a really deep-seated blood disease is beyond their skill. Of course, their admission is not made in so many words, but actions speak louder than words, and their inability to cure, after months and often years of treatment, is sufficient evidence that diseases of the blood cannot be cured by doctors. Their mercurial mixtures, although taken faithfully, only cover up the symptoms of the disease, inducing the patient to feel that he is being cured; but when he is sooner or later seized with stiff joints, pain in the bones, etc., the evidence of the doctor's patchwork is conclusive. Such results cannot be expected from the use of S. S. S. Being purely vegetable, containing no harmful mineral ingredients, it is the only blood remedy which acts on the true principle of forcing the disease from the system, building up rather than tearing down the health. No loss of hair, no stiff joints, no decrepit mercurial results result from the use of S.S.S."

H. L. MYERS advertisement. Includes a portrait of H. L. Myers and text: "I was afflicted with a terrible blood disease, which was in spots at first, but afterwards spread all over my body. These soon broke out into sores, and it is easy to imagine the suffering I endured. Before I became convinced that the doctors could do no good I had spent a hundred dollars, which was really thrown away. I then tried various patent medicines, but they did not reach the disease. When I had finished my first bottle of S.S.S., I was greatly improved and was delighted with my result. The large red spots on my chest began to grow paler and smaller, and before long disappeared entirely. I regained my lost weight, became stronger, and my appetite greatly improved. I was soon entirely well, and my skin as clear as a piece of glass. S.S.S. is a sure cure for all manner of blood diseases, and disappointment never results from its use. It is Purely Vegetable and one thousand dollars will be paid for proof that it contains a particle of mercury, potash, or other mineral. S.S.S. is sold by all druggists.
