

DIAMOND BURGLARY.

THE JEWELRY STORE ROBBERED BY \$1000 WORTH OF GOODS. The Most Skillful Bit of Thieving Ever Planned or Executed in the Pacific Northwest—Not a Diamond Lost in the Place—Hundreds of Watches, Rings and Miscellaneous Articles of Jewelry Swell the Booty—Not a Clue for Detectives to Work On.

Almost simultaneously with the arrival in the city yesterday morning at 4 o'clock of the steamer ship Portland there occurred a burglary and safe cracking which proved a most successful work.

Where in the criminal annals of this city, those of Tacoma, Spokane or Portland are equalled or surpassed in which daring and unqualified success are so completely combined.

The burglary and safe cracking took place at the jewelry store of William H. Pink, 215 Second avenue, and the amount of diamonds, rings, watches and other articles taken is estimated between \$1,000 and \$1,500.

The diamond was left in the store, and the only watches that Mr. Pink has in his business with are fifty-six gold cases and forty nickel, which were left on the floor at the back part of the store. Out of a store of 20 rings, gold watches and one was overlooked.

The gold settings intended for diamonds were swept into the burglars' sack and hurried away. With exact knowledge of the value of different watch movements, the good ones were taken and the cheap ones left behind.

Fifty new watches, many of them very valuable, are in Pink's customers, cannot be found. Nothing but the best would satisfy the rapacious eyes of the daring burglars, and under the rays of the electric light, while people, kept on the alert by the excitement of the arrival of the steamer, were passing to and fro, the burglars, cracking the big jewelry store, without the use of explosives of any kind, and eventually walking away with a haul of diamonds, watches and other articles that would make any burglar envious.

Then he suddenly saw on the floor behind the partition, a small box and his eyes rested on the drawers of the desk. The situation came upon him as if he had been struck with lightning.

Broken-hearted, but keen to the best thing to do, Mr. Pink rushed to police headquarters and reported the case. Capt. Sullivan was the first to reach the store. The safe was opened. It did not need unlocking. It was empty and property worth \$1,000 had taken to the streets.

The police realized the importance of the case and began work at once. A partial list of diamonds, watches, rings, pens, etc., was obtained, but the complete list did not come out until Mr. Pink and a Post-Intelligencer reporter got down to close figuring in the afternoon.

The job was done in the most approved and latest style. Detective Cullhee says it is the hottest thing ever done in the Northwest. The crackmen probably entered between the Colonial and brick blocks, went up on the porch of Mrs. Baker's house and jumped over into her yard and began crawling on the bars, which were not high.

How It Was Done. The job was done in the most approved and latest style. Detective Cullhee says it is the hottest thing ever done in the Northwest. The crackmen probably entered between the Colonial and brick blocks, went up on the porch of Mrs. Baker's house and jumped over into her yard and began crawling on the bars, which were not high.

Our police department consists of forty-two men, including the chief and all the officers. There are twenty-eight patrolmen for \$2,000 per month.

FOUND DEAD IN HIS HOUSE. An Old Man in South Seattle Starves Himself to Death. Coroner Yandell and his deputy, Bert Burdett, were called upon Saturday afternoon to investigate the death of an old man named James Hagan, who died suddenly in South Seattle. The deceased was 70 years old and rumored to be wealthy, but was too miserly to purchase his living food to keep him at average weight.

SPORTS AND PASTIMES

The professional bicycle riders who are to take part in the Labor day race at the Y. M. C. A. park will arrive in the city today from Tacoma and remain here until they go to Victoria. It is now an assured fact that Ziegler, the King, Starnes, the Pacific Northwest whirlwind, and Freeman, the rival of both for big honors, will meet here Labor day. Following are the entries:

Professional—Otto Ziegler, California; Allan Jones, California; Eddie D. Allan, Spokane; Bert Efford, California; Hardy Downing, California; Danny Witman, California; George Sharick, Tacoma; Jack Sharick, Tacoma; Ben Bonser, Tacoma; James Jones, Tacoma; Howard Freeman, Portland; John Slave, Portland; A. A. Johnson, Seattle; George Crawford, Seattle; E. W. Viner, California; Percy Mott, California; Lorenzo Dow, California; J. Frank Cotter, Tacoma; Frank Coombs, Seattle; Watt Snipp, Salem, Or.

In reference to the question asked of Fred T. Merrill as to his connection with the movement in the Northwest, he replied as follows: "I was started by the C. A. C. C. movement in the Northwest for several reasons. First, it became very evident to me that the Pacific coast was much better able to take care of itself than the Eastern states were to take care of themselves. The primary reason why the wheelmen of the Pacific coast should send several thousand dollars per year to be expended by the Eastern officials on the Eastern coast, was that the Pacific coast was much better able to take care of itself than the Eastern states were to take care of themselves.

Mr. Pink Leaves the Store. Saturday night Mr. Pink left the store at 11 o'clock, after having put all his diamonds, watches and rings in the drawers of the safe. He got out on his fishing hook, intending to go out trolling early in the morning, and for the first time in his life, he left the store at night. He was seen to leave the store at night. He was seen to leave the store at night.

Broken-hearted, but keen to the best thing to do, Mr. Pink rushed to police headquarters and reported the case. Capt. Sullivan was the first to reach the store. The safe was opened. It did not need unlocking. It was empty and property worth \$1,000 had taken to the streets.

For Skagway or Dyea, take steamer Utopia August 29. Florence Marvin predicted Klondike strikes. \$14 First.

HIS FINAL SABBATH.

REV. DAVID CLAIBORNE GARRETT'S FAREWELL TO ST. MARK'S.

Close of a Rectorship Which Marks an Epoch in the History of the Parish—The New Church a Monument to His Energy—Tender Words of Valuedictory Spoken Yesterday—Services That Willlinger Long in the Memory of Those Who Attended.

Yesterday was one of the days that will be written down in the annals of St. Mark's parish as marking the close of an epoch in the history of that church. It was the farewell Sunday for Rev. D. C. Garrett as rector who, in point of service, is up to September 1, the oldest Protestant pastor in Seattle. Rev. Mr. Garrett began the rectorship of St. Mark's church July 1, 1896, when the parish was in its infancy and the question of its permanent establishment. Within a year after Mr. Garrett's arrival the congregation had so increased that the church building, which was enlarged three times. Although many who were transients in the city moved away, the net increase of membership has been steady and there are now enrolled 528 communicants, while an almost equal number are more or less connected with the congregation.

It seemed as though every communicant was present for the sacrament, so great was the throng that approached the altar. The regular announcements, spoke most earnestly about the coming of the new rector, Rev. J. D. L. Lloyd, who will be installed on September 12, and urged the congregation to give him a loving welcome and a most loyal support. He begged all to stand by St. Mark's, and to remember that the parish is in the community for good.

The sermon was on "The Three Gifts That Remain." The text was "I have said that the greatest of these is love."—I Cor. xiii. 13. Mr. Garrett said: "I am going away, but there is something that will remain with you, certain gifts above all else that I want you to have. They are love, faith and hope, and for me, Paul tells us in this portion of his epistle how to answer the question of the proportion of these gifts. It is the question of supremacy of spiritual gifts. He shows us in the preceding chapters that the gifts are not all, and differences of operations and gifts, but all in all. He also tells us how many broad are the gifts, and how they are to be used. He says, 'The gifts are to be used for the edification of the church, and for the glory of God.'"

At night the church was again filled, and the service was very beautiful. Instead of a sermon, the morning sermon being the last, the rector addressed the congregation on having such noble volunteers, which, God bless them, will be the foundation of the people in worship. He bade them "Love one another," "Love one another," "Love one another," and when it came to the words "A few more partings over," the church passed out through the ambulatory, as a result of the great service of the rector was at an end.

Mr. Garrett will leave on this morning's train for Portland, and will officiate for the first time as rector of Trinity church in that city next Sunday.

Home Camp, No. 26, convened in regular session last Monday evening. One candidate was regularly introduced into the mysteries of Woodcraft, and several applications for membership were presented. Many visitors were in attendance from neighboring camps. Mr. McQueen of this camp, gave a spirited talk on the excursion to Sidney and on Woodcraft in general, which was well received.

Seattle Camp, No. 48, held its regular meeting on Friday night, and considerable business was transacted. The camp was visited by Messrs. Haddock, Haddock, Kerr and McKenny of Los Angeles camp.

Harmony Lodge, No. 5, held a banner convention last Thursday evening, being presided over by Chancellor Commander A. T. Anderson. Besides the regular lodge attendance, there was present a large number of visitors and, interesting to note, members belonging to almost all the principal lodges in the territory. The rank of Esquire was conferred on two candidates, and the rank of Knight on one candidate. The work was done in that excellent manner for which Harmony is noted.

Inspection of the work. The executive committee of the local union of Christian Scientists will hold its regular monthly meeting Friday evening.

Church Work and Workers. The executive committee of the local union of Christian Scientists will hold its regular monthly meeting Friday evening.
