We tied up for the night. ... I passed the pilot house at 11:30 p. m. and saw the Healy in the river. ... I am making first-rate headway, and for the last twenty-four hours our progress has never slackened. We are waiting here for the Healy to get posted. We feel sure from information received tonight of reaching Fort Yukon in about a week. ... The motor also note asking Mr. Hawley to tell Mrs. Wood to call upon Mrs. Gage and Miss Healy, which means that those ladies are on the way to Seattle."

Special Dispatch to the Post-Intelligencer. TACOMA, Oct. 18.—The announcement that Prof. A. H. Bartow, principal of the Emerson school was charged by Magistrate Shields, charging the paternity of her child upon Prof. Bartow, was false in every particular. This last affidavit was the young woman signed with the name of Maggie Shields. It is questioned in some quarters whether the maker of the last affidavit is really the Maggie Shields who was the first one to sign the affidavit.

The only development in the case today was the appearance of a girl before the court clerk this afternoon who wrote out an affidavit, which she signed and swore to before that officer, to the effect that the former affidavit made by Maggie Shields, charging the paternity of her child upon Prof. Bartow, was false in every particular. This last affidavit was the young woman signed with the name of Maggie Shields. It is questioned in some quarters whether the maker of the last affidavit is really the Maggie Shields who was the first one to sign the affidavit.

ON NATIONAL ISSUES.

GREATER NEW YORK ELECTION MUST BE FOUGHT. Though Some Claim Only Local Issues Count, and Both Parties Are Divided—Ex-President Harrison's Views—Bryan Endorses George.

NEW YORK, Oct. 18.—Ex-President Harrison touched upon a truth regarding the New York municipal campaign in the interview with Murrat Halstead, which is published today. This is, that to some extent, the issue is whether there shall be any issue beyond purely local ones.

The only development in the case today was the appearance of a girl before the court clerk this afternoon who wrote out an affidavit, which she signed and swore to before that officer, to the effect that the former affidavit made by Maggie Shields, charging the paternity of her child upon Prof. Bartow, was false in every particular. TALK OF ANNEXATION.

CUBANS WOULD PREFER IT TO ANY SPANISH AUTONOMY. Meanwhile, They Begin Discussing Which Party Shall Control the Island Under Home Rule—Marshall Blanco's Plan of Operation.

MATANZAS, Cuba, via Key West, Fla., Oct. 18.—The business element here, in Havana and elsewhere, seem to have reached the conclusion that Spain cannot end the war on the basis of autonomy to Cuba and are holding secret meetings with a view of obtaining a more definite plan of Cuba to the United States as a means of guaranteeing protection of its interests and the interests of the island in general. It is believed that the ultimatum will be in favor of the annexation of Cuba to the United States as a means of guaranteeing protection of its interests and the interests of the island in general.
