THE ANNOUNCEMENT.

Weeks ago, before the store was enlarged, people, our regular old customers, began asking for House Furnishings. "Well, why DON'T you keep them?" Invariably the reply was, "No Room." The building of the new store, however, gave the wanted space, and the establishment of a permanent branch house in New York City brought the needed facilities. It would have been sheer WRONG-HEADEDNESS to have turned away from the "open door" that enables us to serve you well, and this first "sale" is a great STEP IN THE RIGHT DIRECTION. There are two thousand samples of Granite and Tinware at VERY NEAR HALF PRICE. They could not have come at a more opportune moment. The hundreds of VISITORS IN TOWN who come to "see" the Bon Marche, much as Londoners take "country cousins" to view Westminster and Tussauds, will have an opportunity to test the money-saving power of the
