NATIONAL LEGISLATION. The Fisheries Treaty is Dealt a Severe Blow.

Senator Sherman Speaks on the Bill to Admit Dakota—Proceedings in the Lower House.

WASHINGTON, April 18.—In the Senate an advance report was made from the committee on foreign relations on the fisheries treaty in the consideration of the fisheries treaty in consideration. It is understood that this action was taken on a motion by Mr. Sherman, who is the author of the bill, to report the treaty back to the Senate with the opinion of the committee that it ought not to be ratified, and that he is requested to secure as prompt action as possible upon it.

The land foreman bill went over as undebated business and at 3 o'clock in the afternoon the Dakota bill came up and Mr. Sherman took the floor in its support. He replied in an impassioned manner to Mr. Vest's allusion to the unfair methods of the Democrats in not ratifying the treaty.

Mr. Sherman stated that every senator ever cast upon that proceeding has been repelled and that it stood in history as a monument to the Republican position could not be impeached. Mr. Sherman showed by the vote in the Senate that the bill was not a Republican but a Democratic measure.

Twenty-six Democrats had voted for it and only twenty-one Republicans, showing that the bill was not a Republican but a Democratic measure.

Mr. Sherman stated that the bill was not a Republican but a Democratic measure.

His sleep was somewhat interrupted by the noise of the street and he did not get up until 10 o'clock.

The physician held a consultation this morning. He was enthusiastic in his opinion that the emperor would be able to visit Berlin in the summer of 1888.

Dr. Howell inserted a canal, and physicians have again succeeded the emperor's head and from that they are not affected. This strengthens the opinion that an abcess has formed in the emperor's head.

Owing to the circulation of the report that the emperor intended to drive from Charlottenburg to Berlin, there was much excitement in the streets of the city.

The emperor appeared at the window at Charlottenburg Castle at 12:45 p. m. and was seen to be in the garden.

His visit this morning lasted about an hour.

PARIS, April 18.—The Gazette says that at the request of Emperor Victor the French doctors Foss and Fossel and the English doctor Evans will proceed to Charlottenburg to examine the emperor.

LONDON, April 18.—A dispatch to the Exchange Telegraph company from Berlin times at 4 o'clock says that the emperor is in the city.

BERLIN, April 18.—The condition of Emperor Frederick has changed for the worse. He lies in bed and is unable to get up.

FROM PORT TOWNSEND. TRAVELING MEN KICKING AT THE PACIFIC COAST STEAMSHIP COMPANY.

A party of traveling men were seated in the Reception last night discussing the state of the harbor in the morning.

When the latter theme was reached there arose a loud complaint from several knights of the Pacific Coast Steamship Company.

Probably the quickest ever made by a Sound tug boat was that of the Hoycock's on Sunday last, she left Port Townsend at 10 o'clock in the morning to get a raft of logs at Samsah for Port Hadlock.

At 10:30 o'clock the same evening she had the log raft at the latter port. The distance between Port Hadlock and Samsah is over 100 miles and she made the run in 10 hours.

That 't'm little schooner, christ the "Challenge" came down from Seattle yesterday and departed last evening on a logging voyage, ostensibly for the grounds near Cape Flattery.

It is believed, however, by those in a position to know, that she was bound for the coast of Behring Sea. It will be remembered that she was seized up there last summer but was not released until the fall.
