

P. P. C. Printing Facts

When a man orders twenty tons of coal he would be somewhat annoyed if the dealer should send him nineteen tons or twenty-one tons. And yet the printer—that privileged individual—is permitted by a trade custom to do this kind of thing.

There are so many operations in producing a piece of printed matter that the printer can never foresee exactly what the waste and spoilage will be.

BRYAN AND BORAH HOLD CONFERENCE ON WORLD PEACE

Idaho Senator Remains Im- placable Against Inter- national Alliance.

DISCUSS HARDING PLAN Senator Reed Sees Difficul- ty in Procuring an Im- partial Court.

CITES PANAMA TOLLS Belief Persists That New Ad- ministration Will Free Canal to U. S. Ships.

WASHINGTON, Dec. 22.—William J. Bryan, who visited President-elect Harding at Marion recently, conferred today with Senator Borah of Idaho, a leader among Republican opponents of the League of Nations.

The purpose of Mr. Bryan's visit here, it was stated reliably, was to discuss possibilities of procuring an agreement or reaching some common ground in the movement toward a concord for maintenance of world peace.

Significance was given Mr. Bryan's call upon Senator Borah because of the former's very recent talk with Senator Harding and the former Cabinet premier's expressions, after his Marion visit, of hopefulness for a solution of the world peace problem.

"A judicial league is no more feasible than a political league," was the statement today of Senator Reed of Missouri, prominent Democratic "iron- cask," who had a long talk with Senator Harding last week.

"It is the accepted rule," said Senator Reed, "that no judge shall sit in any case in which he has any interest; also that the litigants themselves should not participate in the judgment."

"Take the case of the Panama Canal national court, the American Justice would be bound under the accepted practice to retire. If Great Britain raised the question of tolls it might be that the British Justice also would retire, but this would leave settlement of the question to Judges representing nations with Great Britain's in seeing that American vessels should not have free tolls through the canal."

Senator Reed's statement was advanced to illustrate trials facing actual development and drafting of agreements for a world court plan.

In connection with the Panama tolls ferred with Senator Harding recently and returned here believe one of the first acts of the new Administration will be to restore the free toll provision for American shipping.

PSEUDO RICKENBACKER SOUGHT AS EMBEZZLER Accused of Swindling Hotel Man in Jacksonville.

JACKSONVILLE, Fla., Dec. 22.—A John Doe warrant was issued here to-day charging embezzlement against the man whose wedding at St. Augustine Mon- day gave rise to reports that Capt. Eddie Rickenbacker, ace of the A. E. F. air force, had been married there. A tele- gram from Capt. Rickenbacker, who is on the Pacific coast, disclosed the error last night.

The warrant was signed by Charles Ray, a hotel proprietor. Embezzlement from Mr. Day by "John Doe, alias Eddie Rickenbacker," is charged in the war- rant. Mr. Day has offered a reward of \$50 for the apprehension of the man.

The accused man stopped at the hotel of which Mr. Day is a proprietor while in Jacksonville and is accused of having obtained \$750 on a check indorsed by the hotel man.

W. M. Farans of New York and Philadel- phia, salesman for a brass manufac- turing company, who was a witness at the wedding, told the police that the man had taken from him \$1,000 in cash, his watch, diamond ring and a diamond stickpin.

MEXICO APPEALS TO SMITH. Governor Asked to 'Revise' Two Death Sentences Here.

WASHINGTON, Dec. 22.—The Mexican embassy announced to-day that through the proper channels it had appealed to Gov. Smith of New York for a "revision" of the cases of Augustin L. Sanchez and Enrique Garcia, both Mexican citizens, who are under sentence of death in New York for murder. If the cases are not revised, the Governor is asked to com- mite the sentences.

The embassy said that an investiga- tion by the Mexican Consul-General in New York led to the belief that San- ches was innocent and that Garcia had acted in self-defence.

ONE WIFE FOR CITY MAN, TWO FOR FARMER, IS PLEA

Colorado Governor Urged to Obtain Law, to Raise More Boys for Farm Work, and Become Greater Than Lincoln.

SPECIAL DESPATCH TO THE NEW YORK HERALD. DENVER, Dec. 22.—One wife for each man in the cities, two for each man on the farms—this is what George Smith, a Colorado farmer, suggests to Gov. Shoup as a solution of the farm prob- lem, in a letter received at the Gov- ernor's office.

Adoption of the suggestion, Smith believes, will make Gov. Shoup a greater man than Lincoln, but the Governor has not decided whether he will include Smith's suggestion in his message to the Legislature as one of the proposed measures for the relief of the Colorado farmer. Smith gives a number of reasons in support of his suggestion. Here is what he has to say:

"I am a farmer seven miles south of Denver. My wife is sick and I can't hire any house help. You are a good Governor, or the people wouldn't have elected you by such a large majority the second time. You should originate some good help for farmers, and I offer you something to help the farm- ers and you can lead all the other

HARDING VIEWS ARE STUDIED BY HUGHES

Continued from First Page.

to the exact kind of an association which should be established. Mr. Hughes now is studying the proposals of the President-elect as outlined by him at their recent conference in Marion.

According to the fairly definite in- formation which has come to the New York Herald Senator Harding has in- formed Mr. Hughes that he would like to have him consider entering the Cab- inet. The tender has not been formal, it is said, and there has been no hint as to the exact position which the Pres- ident-elect had in mind for the one time Republican nominee.

It was generally understood in the Capitol today that the place was more likely to be Sec- retary of State than anything else, al- though the possibility of Mr. Harding wanting Mr. Hughes for Attorney-Gen- eral was not overlooked.

As Secretary of State Mr. Hughes would have direct charge of the work- ing out of the international programme, but as Attorney-General he also would be a factor in the deliberations, giving opinions from time to time as to the constitutional limitations under which the United States could act.

It would be essential, both Mr. Harding and Mr. Hughes agreed, that they should be in accord on the form of the proposed as- sociation of nations.

Mr. Hughes has had some definite ideas as to such an association, his thoughts in the main, it is understood, relating to a world court to which the nations of the world could go with their international troubles for settlement

LINER BRINGS MANY HOME FOR HOLIDAYS

Olympic In With Nearly 2,400 Passengers After Stormy Atlantic Passage.

The White Star colossus Olympic, with nearly 2,400 passengers of all classes, including 603 in first cabin, the greatest Christmas-time invasion on record aboard one ship, arrived yesterday after a stormy trip from Southampton and Cherbourg. To accommodate all the saloon voyagers at meals in one sitting the special dining saloon on the upper deck was opened.

Count Francis Pulaski, descendant of the General who won glory in the Amer- ican Revolution, arrived here as coun- sellor of the Polish Legation in Wash- ington, but holds the rank of Minister Plenipotentiary. He said that all ques- tions, political and racial, were being put aside in Poland for the economic rehabilitation of the country, which was in the hands of the Socialists and peasants.

Owen W. Bohan, Assistant District Attorney of New York county, got back from helping in the prosecution in Italy of Cocchi, the murderer of Ruth Cruger, and paid tribute to the methods of ad- ministring justice in Italy. Cocchi got twenty-five years, which is equivalent to life imprisonment. While in Rome Mr. Bohan assisted in the extradition of Vincenzo Papapacolo, accused with an- other Italian of shooting two British soldiers in a street. Mr. Bohan said he believed the extradited man was aboard the Italian liner Duca d'Aosta, held in Quarantine yesterday because of a case of smallpox in her stowage.

Roscoe Arbuckle, who has been seeing things in Europe, especially in France, said he would hereafter go in for "big stuff" exclusively, four reels or more, and that his next picture would be "Brewster's Millions." He fell in love with the French, he said, and de- scribed them as "simply wonderful."

Representative Alvan T. Fuller, who is Lieutenant-Governor-elect of Massa- chusetts, returned with his wife and mother to his home in the kingdom of the United States on the return of the district to France and visited the American soldiers on the Rhine. He said he would hold his seat in the House of Represent- atives until March, although he would be inaugurated Lieutenant-Governor on New Year's Day.

Other passengers by the liner were Lloyd B. Sanderson, who has been in Chicago working out the details for a fortnightly service of the Royal Mail steamships between New York and Southampton and Cherbourg; Mrs. William K. Vanderbilt, Mr. and Mrs. Fred- erick H. Prince, Frank Altschul of La- zard Freres, James V. Audette, stevedore and shipbuilder; William H. Ingersoll, Lucien Maratore, Italian tenor of the Chicago Opera Company; Lois Mer- edith, actress, who brings a Belgian pi- ceau dog given to her by King Albert; Sir William McKenzie of Toronto, Mr. and Mrs. Samuel Sloane, George E. Rat- sey and Mr. and Mrs. Wallace Nesbitt.

LANDIS'S OUTBREAK STIRS WASHINGTON

Dorsey, Who Defrauded by Mail, Released Owing to Ill Health, Says Statement.

SPECIAL DESPATCH TO THE NEW YORK HERALD. New York Herald Bureau, Washington, D. C., Dec. 22.—Ill health led to the release from Fed- eral prison of James A. Dorsey, cattle- man of Elgin, Ill., Department of Jus- tice officials explained to-day after the denunciation yesterday by Judge Landis in the Federal Court in Chicago of Dorsey's going free after serving only two of the eight years to which he originally had been sentenced.

President Wilson, the officials said, commuted the sentence upon presenta- tion of a statement of facts which per- tained to Dorsey's physical condition and the extent of the sentence imposed. The reduced sentence was ordered by Mr. Wilson on June 18, 1920. Dorsey was paroled December 4.

Officials were surprised by Judge Landis's statements. The parole, they said, was virtually a routine matter, fol- lowing a general practice of taking up cases for parole after one-third of a sen- tence had been served.

Dorsey was convicted of using the mails in a scheme to defraud after a trial in the Federal Court in Illinois and was sentenced by Judge Landis to serve eight years in Leavenworth and to pay a fine of \$2,000. The Circuit Court of Appeals confirmed the sentence and the Supreme Court of the United States de- clined to review the case.

Representations finally were made to the Department of Justice that Dorsey was not in good health and that the sen- tence was extremely heavy in view of other sentences imposed virtually for the same offence. The papers went to the President, who commuted the sentence "to four years subject to reconsideration in case the applicant shall fail to receive his parole at the parole period on a four year term or in case of serious develop- ment of his disease." Upon this basis, that of four years, the prisoner was eli- gible for parole on October 4. The United States Parole Board recom- mended the parole and Dorsey was released.

COOLIDGE PRESENTS CUP. Rewards Signal Work of Crew on Destroyer Graham.

BOSTON, Dec. 22.—Gov. Coolidge to- day presented to the signalling crew of the destroyer Graham a silver cup which he had offered to the destroyer of the United States Navy showing the great- est attainment in radio and visual sig- nalling during the year. The Graham, which is at Norfolk, was declared the winner by Capt. N. E. Irwin of the bat- tleship Oklahoma, who acted as judge.

The Graham's representatives in the competition who received the cup from the Governor were Quartermasters C. H. Hanson of New York, W. S. Pierce of Hartford, Conn.; W. P. Spellman of Springfield, and Radio Electricians A. R. Loomis of Bristol, Conn., and A. A. Winthrop of Georgetown, Mass.
