

**BY AID OF THE PIG**

During his conquest of Mexico, Cortez carried with him a large herd of porkers, so that Mexico may be said to have been conquered by aid of the pig.

By the same aid many perplexing business problems are being conquered today.

In witness whereof, behold the number of people whose breakfast at CHILDS includes ham or bacon!

The crisp, savory bacon and tender, sweet ham so naturally accompany a brace of fresh-laid eggs.

**GERMANS SHOWING SOME RESIGNATION TO THE 'FIRM HAND'**

Expect Premier Briand's Threat to Be Carried Out on May 1.

AMERICA ONLY HOPE Possibility of Berlin Being Occupied Regarded as Temporary Plan.

TOO LATE FOR INITIATIVE Cannot Form New Policy, Agreement on Which Would Satisfy Allies.

**By RAYMOND SWING.**

Special Cable to THE NEW YORK HERALD, Copyright, 1921, by THE NEW YORK HERALD, New York Herald Bureau, Berlin, April 6.

Unless America or some of the neutral Powers intervene in the reparations question German political judges expect to see the threat of Premier Briand of France fulfilled and "a firm hand placed on Germany's collar on May 1."

Much attention is being paid here to the hint by Dr. Walter Simons, German Foreign Minister, in his American memorandum that allied capital participate in German industries in lieu of more direct payments, and informal discussions in political clubs here are being held to debate the practicality of Dr. Simons's suggestion.

But the general tone here is depressed, and observers comment on the spirit of resignation shown by the people now—a spirit which was not noticeable in the previous crises. Apparently many Germans who previously refused to consider the possibility of further allied occupations of German territory now favor letting the Allies experiment along this line. Even the possibility of Berlin or the Ruhr Basin being occupied by the Allies is now regarded less in the nature of an irrevocable calamity and more likely to prove to be a temporary measure which will not be productive of results.

Unless negotiations with the Allies can be reopened through outside interference, it is felt that the Germans probably cannot marshal enough political support to take the initiative themselves. The regard themselves as politically incapable of agreeing to the Paris reparations programme of the Allies and feel it is impossible to establish a new programme upon which their own experts would agree and still be likely to interest the Allies as long as they are in their present humor.

The *Zeitung am Mittag* greets Premier Briand's speech before the French Senate as a proclamation of a new martial attack against Germany, and reports that it should be kept in view by the Americans, who are now ready to busy themselves with threats against European peace.

**COEDUCATION IN SPAIN 'HARMFUL TO MORALS'**

**Catholic Women Workers Oppose Its Introduction.**

MADRID, April 6.—The executive committee of the National Federation of Catholic Women Workers in consequence of the decision of the professors of the normal schools in Madrid to introduce coeducation, to-day published a strong protest against such action. The protest says:

"Having constantly heard laments over the evil caused by coeducation in foreign countries, and also the injury it causes, we urge that efforts should be made to prevent the decision of the professors becoming effective in Spain, where coeducation certainly would destroy the distinctive character of modesty and morals."

**PAPER MAKERS FOR NATIONS**

It should be a source of pride to Americans that the paper money and the bonds of so many nations of the world are produced in this country.

At present 26 countries issue currency, or bonds, or both, engraved on paper made in Dalton, Massachusetts.

The paper is made by Crane & Co. It is perhaps unnecessary to add that all the paper used by the United States for bank notes and bonds is Crane's Paper.

Crane's Bond is used for every business purpose from a business letter up to a government bond.

**Bullet Out of Brain, Mania Leaves Convict**

ROMAN LEONDOWSKI, from whose brain a bullet was removed in Sing Sing prison on March 29 by Dr. William L. Chapman of Brooklyn, is "doing finely," prison physicians reported yesterday. It is too early to tell whether the suicidal and homicidal tendencies with which the man had been afflicted for several years have been cured by the operation, but his physical recovery seems assured.

Dr. Abraham Kossoff of the prison medical staff said yesterday there had been no sign of mania since the operation, but that mental tests could not be made for at least a month. He will be removed to Dannemora prison when able to travel and upon the results of observation there his release depends.

**SINN FEIN DISAVOWS SECTARIAN SPIRIT**

Talbot's Appointment Called British Ruse to Divide Irish Catholics.

DUBLIN, April 6.—The Sinn Fein to-day issued an official statement declaring that Lord Edmund Bernard Talbot has been appointed Viceroy of Ireland because the Government hoped to turn his name and religion to successful propagandist use in foreign countries and create disunion among Irish Catholics.

The statement asserted the present state of Irish opinion was destitute of sectarian spirit and called attention to the fact that some of the Catholic bishops favored a settlement on lines not acceptable to the majority of Sinn Feiners and have discountenanced armed resistance to aggression. Were the national movement sectarian those views, the statement declared, would naturally influence the character of the national demand, but had not done so. The statement said:

"The actual effect of this appointment among Irish Catholics will be repulsion at the thought of a Catholic acting as the agent of tyranny."

ROME, April 6.—A semi-official Vatican statement says: "The appointment of Lord Edmund Talbot as Viceroy of Ireland has produced a good impression because of the abolition of an unjust law which prohibited a Catholic from becoming Viceroy over that Catholic population. Regarding the effect this act of the British Government may have on the present situation in Ireland, it is impossible to make any prediction."

LONDON, April 6.—Cardinal Bourne, Archbishop of Westminster, in a letter to Premier Lloyd George says the Roman Catholic bishops at their annual meeting expressed the conviction that restoration of law and order in Ireland would be greatly promoted "were the auxiliary troops withdrawn without delay."

**SINN FEIN POWDER CACHE UNCOVERED**

**Ammunition Shipped From Massachusetts.**

LONDON, April 6.—Methods by which Sinn Feiners are receiving arms and ammunition have been disclosed by the discovery of an underground dump in Dublin, says the *Evening Standard*. Ammunition boxes found there, it declares, bear the stamp of powder works in Massachusetts. The boxes, the newspaper asserts, were shipped by Irish-American sympathizers who had established wireless communication between "gun runners" on the west coast of Ireland and in America.

DUBLIN, April 6.—A military lorry was bombed to-day while passing the Harcourt street station. Two civilians were killed and several were wounded. One officer was wounded.

**THE CHATTANOOGA AT LISBON.**  
 LISBON, Portugal, April 6.—The American cruiser Chattanooga arrived here to-day to participate in the ceremonies attending the burial of the bodies of two unknown, Portuguese soldiers, brought from Flanders and from Africa. The burial will occur Saturday.

**SAYS FRANCE MUST KEEP LEVANT HOLD**

Secondary Place in Mediterranean Not Sufficient, Premier Declares.

CHAMBER VOTES ON SYRIA Briand, Supported by 197 to 90, Denounces Berlin Note to Washington.

PARIS, April 6.—Radical critics of the Government delivered an attack in the Senate to-day during the discussion on the appropriation for the high commissioner in Syria, which they sought to reduce from 150,000,000 to 100,000,000 francs.

Premier Briand made it a question of confidence, which was accorded by a vote of 197 to 90, but more than a hundred members abstained from voting, principally adherents of ex-Premier Doumergue.

"France's problem," said the Premier, "lies on the Rhine, but the Premier who neglect other questions and turn his eyes from the future would show little mind. The Government would be unworthy its trust if indifferent to the Mediterranean. I consider that France must have a place in the Mediterranean, and not a secondary one, without encroaching on other Powers. Syria and Alexandria are in our hands under mandate; that is not negligible. And France's future demands that she keep them."

In the lobby while the vote was being counted Radical Senators remarked to M. Briand that they had no ulterior design in seeking to reduce the appropriation. "Yes, I know," retorted the Premier; "no one wants to overthrow the Ministry straightaway, but rather to bleed it white, until it appears exhausted. I prefer clear cut situations."

Former Premier Ribot during the debate protested against the terms of the German note to the United States regarding the devastated regions of France. In reply Premier Briand gave figures and facts which, he declared, it was necessary to bring to the knowledge of France's allies and friends.

"It has been pretended," the Premier said, "that the people of the devastated regions left them, without a desire to return. Whereas the population of these regions was 4,700,000 in 1914 and 1,900,000 at the time of the armistice, at present it is 4,100,000.

"Germany pretends we have done nothing in the way of reconstruction, whereas thus far on a soil practically a wilderness our peasants have levelled 55 per cent of the area and have broken up the ground and reclaimed 80 per cent of it for agriculture. Fifty per cent of the industries and mills already are in operation, 93 1/2 per cent of the destroyed railways have been repaired and 80 per cent of the art works have been restored. The German Government is aware of this, but nevertheless has the audacity to spread insinuations throughout a nation friendly to France that the latter country makes capital of her disasters in order to perpetuate hatred in the world. Such action does not even deserve notice."

**\$2,000,000 GOES TO CHARITIES.**

CHICAGO, April 6.—Mrs. George M. Pullman gave \$2,000,000 to charities in recent years, it became known to-day when her will was filed for probate. The bulk of Mrs. Pullman's \$4,000,000 estate was left in trust for her two daughters, Mrs. Frank O. Lowden, wife of the former Governor of Illinois, and Mrs. Francis J. Carolan.

**KNOX, LODGE, HARVEY CONFER WITH HUGHES**

Harding's Foreign Policy is Likely Discussed.

SPECIAL DESPATCH TO THE NEW YORK HERALD, New York Herald Bureau, Washington, D. C., April 6. Senators Knox and Lodge of the Senate Foreign Relations Committee and Col. George Harvey, who is to be Ambassador to London, held a long conference with Secretary Hughes to-day.

It is understood they discussed the foreign policy of the United States as it will be outlined in President Harding's coming message and will be put into effect by Administration and Senate leaders.

It became known also that diplomats are receiving instructions of a different character than usually is given to them. It is being made plain that only the performance of great service will justify their appointments. Any diplomat who goes abroad with the idea he is about to enjoy a social pastime is due for a rude awakening.

**TURKS KILL ARMENIAN AND GREEK CHRISTIANS**

Britain to Protest Reported Atrocities in Asia Minor.

LONDON, April 6.—An official British protest is understood to be in prospect as a result of alleged Turkish cruelties and atrocities on Greek and Armenian Christians in Asia Minor. A Turkish terror raiding three days is reported to have occurred in Caesarea in which many Greek and Armenian Christians were killed.

The Greek Metropolitan of Sokia, fifty miles southeast of Smyrna, was arrested by the Turks, and his present whereabouts is unknown.

**CROATS AND ITALIAN FIGHT GROWS WORSE**

Sailors Help to Hold Insurgents in Check.

TRIESTE, April 6.—The conflict between the Croats and Italians around Carnizza, in the Pola area, which had its inception Monday in an attack by Croats on Italian Fascists, is becoming worse in the neighborhood of the coal mines, which have been occupied by Croat workmen for several weeks. The anti-Italian propaganda Chiega is encouraging the peasants to believe that Istria is about to pass from Italian sovereignty to that of Jugo-Slavia.

Large numbers of wounded Fascist and Italian soldiers have been taken to hospitals in Pola and Trieste. The number of dead and wounded Croats cannot be ascertained. The Italians, who have been reinforced by numerous sailors from a torpedo boat destroyer, are holding the insurgents in check.

**HERRICK ACCEPTS EMBASSY TO FRANCE**

Nomination Will Go to Senate With That of Harvey Early Next Week.

GRONNA FOR DENMARK Reginald W. Kauffman Confers With President Relative to Diplomatic Post.

SPECIAL DESPATCH TO THE NEW YORK HERALD, New York Herald Bureau, Washington, D. C., April 6. Myron T. Herrick has accepted appointment as Ambassador to France, a position he held under the Taft administration, according to apparently reliable information here to-day. His selection by President Harding to represent the United States at Paris is acceptable to the French Government and that fact soon will be officially communicated to Secretary Hughes.

As soon as that formal courtesy takes place, President Harding will announce the appointment of Mr. Herrick. His nomination is expected to go to the Senate early next week along with the appointment of Col. George Harvey as Ambassador to Great Britain.

It is understood that the President has offered to appoint former Senator Gronna (N. D.) as Minister to Denmark. Mr. Gronna was one of the Republican Senators who was unsuccessful in procuring a re-nomination. Because of their association in the Senate, President Harding has come to have a high regard for the ability of the former Senator and would like to have him accept a diplomatic appointment. Mr. Gronna is said to be considering the post.

Reginald W. Kauffman, novelist and magazine writer, was a caller at the White House to-day and spent fifteen minutes in conference with President Harding. It was learned that Mr. Kauffman is being considered for a diplomatic appointment. Mr. Kauffman was an active worker for the Republican Presidential ticket during the last campaign, especially in Pennsylvania, he being a native of Columbia of that State.

**LUFBERRY'S BODY TO BE SENT HOME SOON**

Remains of Famous Ace Exhumed; Ready for Transfer.

SPECIAL CABLE TO THE NEW YORK HERALD, Copyright, 1921, by THE NEW YORK HERALD, New York Herald Bureau, Paris, April 6.

The body of Major Raoul Lufberry, the American aviation ace, has been exhumed and will be sent shortly to Major Lufberry's home at Waterbury, Conn. Arrangements for the transfer of the body have been made by Charles Keating of Corry, Pa., now with the Graves Registration Bureau, who was one of the few who saw Major Lufberry fall on the western front after a record of having brought down eighteen enemy planes.

Lufberry before the United States entered the war was a member of the Lafayette Escadrille, and fought with the French air force.
