A. & S. LEADERSHIP SALES

Monday:—Brilliant New Offerings in the

Day by day these great sales have brought us by far the largest October business we have ever recorded.

Their extraordinary values are strikingly illustrative of the principle to which this business owes its success:—

A. & S. LOWEST PRICES FOR MERCHANDISE OF QUALITY.

We have adhered to it for 56 years. It is our guiding principle today. Through all the high price clamor of last year—the echoes of which are still persisting in the press—A. & S. prices steadily blazed the trail toward lower levels. We were able to make them do this because:

- (1) We own our store property absolutely free and clear.
- (2) We bought it, years ago, at low cost, thereby saving high rentals.
- (3) We always buy for cash and can therefore take quickest advantage of favorable changes in market conditions.

Constantly adhering to this policy has always maintained A. & S. Leadership in Brooklyn.

The wonderful results achieved in the Leadership Sales indicate strongly to us that the business outlook is distinctly brightening. If everybody will firmly believe, with us, in the resources and stability of this country, and act according to their belief, there will be no room for blue-spectacled calamity howlers!
