RELIEF FOR PRISONER

He Brightens Up After Four
Days Questioning to Se-
lect Jurors.

SAN FRANCISCO, Nov. 18.—Selection of the jury and the introduction of expert medical testimony were to-day's developments in the manslaughter trial of Roscoe C. (Fatty) Arbuckle in connection with the death of Virginia Rappe. The court room was crowded for the first time in three days.

Dr. Selby P. Strange, acting city autopsy surgeon, and William Ophuls, who conducted both external and internal examinations of Miss Rappe's body, were the first witnesses. They described the injury which is said to have caused Miss Rappe's death. The prosecution accuses Arbuckle of causing this injury.

Dr. Ophuls, asked whether Miss Rappe's fatal injury might have been caused by sudden immersion in a tub of cold water, said such an injury was possible from such a cause.

Miss Rappe was immersed in a tub of cold water during the party in Arbuckle's hotel rooms at which it is alleged she was fatally injured.

Gavla McNab, chief counsel for the defense, suggested that no session be held to-morrow on account of the football game between California and Stanford universities. The court said he desired to proceed to-morrow. Court and counsel left the matter to the jury to decide overnight.

Five women, four of them married, are on the jury. An alternate juror, Stephen A. Hopkins, a paper merchant, also was sworn in.

Leo Friedman, an Assistant District Attorney, made the opening statement.

The names of the jurors and their occupations follow:

August E. Fritz, cotton goods merchant; John J. H. Dierkes, confectioner; Henry J. Reef, expert accountant; Mrs. Helen M. Hubbard, housewife; Mrs. Kitty L. MacDonald, housewife; William H. Torrey, retired livestock proprietor; Mrs. Dorothy B. O'Dea, housewife; Miss Louise E. Winterburn, no occupation; Arthur H. Crane, explosive expert; Clarence C. Sayre, contractor; Mrs. Adeline M. Nelson, housewife and Thomas Kilkenny, candy dealer.

Arbuckle seemed visibly relieved at the close of four and one-half days of questioning of prospective jurors. Percy Henderson, auditor of the board of public health, was summoned as a witness to introduce physicians' reports to the board regarding the nature of the injuries which caused the death of Miss Rappe.

Arbuckle's attorney said after the jury had been obtained he had tried to have six men and six women on the jury.

LANDRU HAS HIS DAY IN VERSAILLES TRIAL

Gives Address of Woman as
He Promised.

VERSAILLES, Nov. 18 (Associated Press).—Some doubt as to the guilt of the prisoner appeared to have been injected into the minds of the jury trying Henri Landru when Landru to-day gave to the court an address of one of the ten women he is accused of having murdered. This woman, Mme. Heon, was declared by Landru to have been alive and residing in a small hotel in Paris six months after her supposed death at his hands.

Prosecutor Godefroy told the court he had good reason to believe that Landru's statement was correct, but that the report of an investigation would be made to the court to-morrow morning. The general comment among the lawyers was that this was Landru's day.

During the day Landru continued his defence of silence or denial. In the questioning of the prisoner regarding Mme. Pascal, his tenth alleged victim, Landru denied that he had sold her false teeth for 15 francs. He said the teeth were worth much more than this sum and that, as he had shown himself to be a good business man, it was evident he had not sold them.

Membership was mentioned for the first time during the trial in explanation of Landru's alleged power over the long list of women he is charged with having murdered. Mme. Carbonel, a sister of Mme. Pascal, testified that Mme. Pascal told her that on her first visit to Gambrils, Landru placed her in a chair, took down her hair, made passes with his hands over her head and stared into her eyes with such intensity that she was frightened.

NEW JERSEY CENTRAL

Bavarian Law to Punish All Boozers and Gluttons

MUNICH, Bavaria, Nov. 18.—Drunkenness, gluttony and other manifestations of "high living" would be punished hard under a proposed Bavarian statute. Penalties proposed are: First offence, fine up to 100,000 marks; second offence, five years imprisonment, maximum fine of 200,000 marks, loss of citizenship. Any "assistance" in a party ending in overfeeding or drunkenness would also be subject to punishment. The law aims to end extravagant wine parties and banquets and lavish expenditures by profiteers.

ATONE FOR DESECRATION OF GUADALUPE VIRGIN

MEXICO CITY, Nov. 18.—Catholic Mexico at noon to-day made solemn atonement in all the churches of the Republic for the recent desecration of the image of the Virgin of Guadalupe, the patron saint of the nation, by the explosion of a bomb placed beneath the pedestal in the Guadalupe Cathedral.

More than 6,000 persons gathered in front of the cathedral here, and after listening to several speeches sang religious and patriotic songs and then paraded through the principal streets of the city. There were frequent verbal clashes between the marchers and spectators of the parade along the sidewalks.

EIGHT DIE IN FALL OF HOUSE.

MEXIA, Ark., Nov. 18.—Eight of the family of R. E. Weems at Wickes, Ark., twenty-six miles south of here, were killed last night when the Weems home collapsed during a storm. Reports of deaths reached Mexia to-day when a call for eight coffins was received. Details are lacking, due to the fact that all wires to Wickes are down, but it is understood little damage was done except on the Weems farm.

ANTI-BEER MEASURE GOES TO PRESIDENT

Senate Finally Passes Bill
Which Puts End to Medic-
inal Brew.

WASHINGTON, Nov. 18.—The brief days of "medical" beer were considered numbered to-day when the Senate, by a vote of 56 to 22, finally adopted the conference report on the anti-beer bill. With legislative action ended, the bill, fought over for months, now goes to the President, who is expected to give it his approval within the ten day period in which he can act. It was though possible, however, there might be a few days delay while an opinion as to the constitutionality of the measure was received from the Attorney-General.

Until the President's pen goes on the bill manufacture and sale by physicians' prescriptions will continue, the Treasury Department announced, but in all quarters the lease on life for "medical" beer was not placed beyond ten days, although the beer bars went down only a few weeks ago with the issuance of the Treasury's beer regulations.

Only an hour's debate, but of extra fervid character, preceded the Senate vote to-day. Prohibition advocates and opponents clashed sharply during the final discussion, limited by agreement. The lineup of the bill's opponents included twelve Republicans and ten Democrats, while thirty-three Republicans and twenty-three Democrats supported the measure.

Upon enactment of the bill, whose constitutionality has been questioned in the Senate as an extension of the prohibition amendment in its ban upon beer as an alleged medical and not a beverage concoction, it was deemed certain that brewing interests would carry a test case to the Supreme Court. Besides prohibiting beer with more than one-half per cent. of alcohol, the bill would reduce the amount of wine which physicians might prescribe.

TUMULTS IN BUDAPEST REPORTED IN VIENNA

Admiral Horthy Said to Have
Scheme to Defeat Foes.

VIENNA, Nov. 18.—Despite denials by the Hungarian Government, there are constant rumors here about tumultuous events in Budapest. The Government is reported to be unable to disperse the revolutionary bands which now are terrorizing the capital under the leadership of Goembus, head of the Chauvinistic Association.

Admiral Horthy, the Regent, is reported to be planning a stroke to get rid of the opposition elements and strengthen his rule with the help of the reactionary party, and it is stated that he is convinced that the Entente is not willing to make difficulties.

PAYING TELLER IS HELD.

Michigan Man Is Accused of Em-
bezzling \$22,000.

GRAND RAPIDS, Mich., Nov. 18.—Herbert E. Pierce, 33, paying teller at the National City Bank here, accused of embezzling more than \$22,000 of the bank's funds, waived examination when arraigned before a United States Commissioner to-day and was held to the Federal Grand Jury. Bond was fixed at \$25,000.

The warrant alleges the embezzlements extended over a period of three years and were concealed by false entries.

HIP POCKET IS A "JOINT."

Also an "Illicit Liquor Store" by
Washington Statute.

MONTREAL, Wash., Nov. 18.—A hip pocket was held to be a "joint" or illicit liquor store, within the meaning of the Washington "joint" statute, when John Misertich was convicted in Superior Court yesterday. Sentence was deferred, but under the verdict a penitentiary term is mandatory. Witnesses had testified Misertich sold whiskey from a flask.

MRS. M. FARRINGTON, BRIDE, SERIOUSLY ILL

Daughter of Frank J. Hodson
Is Victim of Pneumonia in
Montreal, Canada.

SPECIAL DISPATCH TO THE NEW YORK HERALD.

WATERBURY, Conn., Nov. 18.—News was received here to-day that Mrs. Margaret Hodson Farrington, daughter of Frank J. Hodson, one of the most prominent men in Connecticut, and a bride of little more than two weeks, is critically ill with pneumonia in Montreal, Canada. The young woman's mother, who was sent for by her husband, Edward J. Farrington, is at the bedside.

The marriage of Miss Hodson and Mr. Farrington, son of Mr. and Mrs. Daniel T. Farrington, society leaders of this city, on October 31 was one of the most prominent social functions of the fall. To it were drawn persons well known in society in New York, Boston, Bridgeport, New Haven, Pittsburgh and Washington. The ceremony was performed in the Roman Catholic Church of the Immaculate Conception.

Something of a sensation was caused during the ceremony by the appearance of a young woman who said she was Loretta Rodden. The Rodden woman, accompanied by her mother and a twenty-two-month-old boy, sought to stop the wedding by proclaiming herself the mother of the baby and accusing young Farrington of being his father.

Ushers quitted the two women and they finally left the church, not, however, until a buzz of comment had started. This ceremony was not halted, the bridal couple barely paying attention to the interruption. Later the Rev. Luke Fitzsimons, a priest attached to the church, gave out a statement in which he said an investigation had proved any such action unnecessary. Father Fitzsimons said that the claim of the Rodden woman had been investi-

The proposal is being discussed now in Washington.
