Autumn Weather Is Drawing Visitors to the Catskills

Ideal Time for Mountain Climbing Keeps Cottages Colonies at Many Resorts Well Filled Through September—Majority of the Hotels Open.

Special Dispatch to THE NEW YORK HERALD. CATSKILL, N. Y., Sept. 16. WEATHER as delightful as at any time during the summer has marked the week throughout the Catskills. There has been an increasing number of autumn vacationists at the hotels and boarding houses throughout the entire section, all of which are remaining open except the Hotel Kaaterskill and the Catskill Mountain House, where, following precedent, the houses were closed last week after successful seasons.

The completion of the State highway between Ashland and Windham, on the Mohican Trail, combined with the fact that with the exception of a short distance between South Durham and East Windham the trail over the East Windham Mountain is as smooth as glass, has added to the number of automobile parties that have been in this section during the week and kept the hotels busy.

While there is less social activity than during the summer months, weather has been ideal for mountain climbing and automobile driving, and the near approach of the hunting season will hold many of those now here in the mountains until November.

Miss Evelyn Haggerty of New York is occupying her bungalow at Blue Mountain, near here. Among the other members of the cottage colony who are passing mid-September at their bungalows are Mrs. W. J. Hutton, Dr. and Mrs. Wallace McMullen, C. C. Erwin, Mrs. E. E. Olcott, Mason Olcott and Gen. George Wingate.

At Saugerties and in the hamlets near by the vacationists are lingering later than usual and the village has presented a busy appearance during the week. There are undoubtedly more members of the automobile contingent here remaining at their summer homes this fall than ever before.

Dr. and Mrs. C. H. Ermentraut of Woodhaven, L. I., are passing mid-September at the Central House at Palenville.

Windham has for many years been one of the most popular mid-September resorts in the Catskills, and to-night one finds as many people here at hotels and boarding houses as was here during the early part of July.

Joseph C. Wooten and Miss Dorothy Wooten of Ossining, N. Y., have been passing a part of the month here.

The Rev. C. S. Tubby of Elizabeth, N. J., who has been enjoying a vacation here, delivered an interesting lecture at the Presbyterian Church last Sunday evening.

Simple Way To End Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

Tennis Claims Attention of Sea Bright Visitors

Special Dispatch to THE NEW YORK HERALD. SEA BRIGHT, N. J., Sept. 16.—Tennis once again comes to the fore among the colonies of Rumson, North and South Beach to-morrow afternoon, when the final chapter of the mixed doubles play for the Lawn Tennis and Cricket Club title is to be decided. Miss Mary Hubbard plays with her cousin, Mr. Charles Hurds opposes Mrs. Reeves Schley and Mr. Bernon Prentice.

The golf enthusiasts on the links of the Rumson Country Club have been enjoying the best golf weather during the past week. Among the topnotchers who have been registering low scores are Mr. George Leslie, Mr. Irving Riker and Dr. John Vieter.

Winding up one of the most successful seasons in years the Peninsula House closed for the season on Tuesday last. A few guests will remain in the south annex until the first of October.

The porpoises have started their annual trip to the southern waters. Yesterday several schools of the large type leather back deep sea fish were seen at the beach club and along the beach as they made their way inshore along the coast. For more than two hours the big fellows played about small feed about a quarter of a mile from the beach and finally when nearing the pound nets darted cleverly around the off shore end of the pound pocket and leisurely headed toward the tropical waters.
