**Blackheads** indicate your cleansing method is wrong

BLACKHEADS indicate that you are not using the right method of cleansing for your type of skin.

A skin specialist would tell you that blackheads are caused by excessive oil collecting dirt in the pores of your skin.

To free your skin from this disfiguring trouble, use this simple treatment:

APPLY hot cloths to the face until the skin is reddened.

Then with a rough washcloth work up a heavy lather of Woodbury's Facial Soap and rub it into the pores thoroughly, always with an upward and outward motion.

Rinse with clear, hot water, then with cold—the colder the better. If possible, rub your face for thirty seconds with a piece of ice. Dry carefully.

To remove blackheads already formed, substitute a flesh brush for the washcloth. Then protect the fingers with a handkerchief and press out the blackheads.

GET a cake of Woodbury's today and begin this treatment tonight. A 25-cent cake lasts a month or six weeks.

## Makes the Gas Do More Work

With but two or three burners going six or seven things can be cooking at a time on the roomy top of this newest design in gas ranges.

**VULCAN SMOOTHTOP**  
COMPACT CABINET GAS RANGES

With this remarkable range you can save gas because the enclosed top keeps heat from scattering into the room and retains it for cooking.

Vessels need not be placed directly over burners for the top gets hot all over.

Easy to keep clean. Grease does not reach burners. Vessels will not

tip. The new comfort height prevents stooping.

Endorsed by domestic science authorities.

But remember! You cannot get Smoothtop results by placing a solid top on your range. There is only one Smoothtop, and that is scientifically constructed for this purpose. It's the VULCAN
