## FOREIGN FANCIES

are those things which, but just arrived from the other side, are the newest of the new.

A Torchbearer

Beneath the black and white exterior is hidden a little electric light which snaps on above the mirror as the bag is opened. One can see how it looks in the sketch below.

Main Floor, 34th Street.

The Newest Thing

Nowadays, the newest thing is a feather fan—that is to say, an impudent swirl of vivid feathers, midjet size, tucked inside a lady's bag—and rejoicing in the name of a "bag-fan."

Main Floor, 34th Street.

The Mode Says "Metal!"

And from Czecho-Slovakia comes the answer—"Yes—in girdles made of glittering strands of metallic beads, strung between medallions of bright colors." There's no disputing it—these are the smartest bits of shimmering slenderness that have twinkled on our counters for many a day.
