A. H. Griffin of Grant township who is on the jury, took in a bed fellow night before last with him and some time after the night the young man got up and rifled Mr. Griffin's pockets and skipped out.

Mr. John Bragg writes us from Dakota announcing that he and his wife have returned from England and that Mr. Bragg's condition has very much improved, which news will very much please his old friends in Wichita.

The "Uncle Tom" company will give a second concert in the opera house on Sunday evening. The singing of the colored jubilee company is said to be very fine, and there are many other excellent vocalists in the organization.

The railroad magistrates are stopping at the Occidental. The party is composed of Geo. W. Cole, St. Louis; D. Whitall, St. Louis; F. D. Russell, Oswego; J. H. Cook, Chicago; W. L. Vanhook, New York; and Chas. T. Appleby, Pittsburgh, Pa.

The large display of blankets from the balcony of the New York store is enough to cause a red man to smile like a collar, and even the pale face grows more ruddy as he gazes upon them and thinks of the thermometer at twenty below zero.

A carload of plate glass arrived in the city yesterday. This large amount of beautiful crystal front came in under order, it is said, and are for the Smith, Healy, Pollock and Perry, Green and Hays and Black blocks. The shipment was made at St. Joseph, though the fronts were made at the Crystal Plate Glass works in Missouri.

Mr. Prof. Chadwick's school for the cure of stammering is located at 400 North Main street. He is in receipt of letters asking as to how long he will remain in the city, and referring to a notice appearing in the Eagle. The professor is a resident of this city and will be here, permanently, so scholars can come at any time. He is desirous of the most suitable cases that can be found.

Mr. John Schott, whom we mentioned as having lost largely by the Quantrell raid, and who is getting up a petition to the Legislature, who is meeting with splendid success, and that he will send up one of the largest petitions of any county in the state. He only takes the names of solid men, property owners and business men. We publish a circular upon the subject in this issue.

The great newspaper is after the Wichita Eagle on garden "ass" this time, and has to show up this week, a book of twenty-six inches long and seven inches wide, and in circumference, weight not known. One of our subscribers left it on our table while we were away and his name is out of it. It reads "This beats any bet that has ever been brought to this shop, and we should like to know who raised it. Can some one inform us?"—Caldwell's Journal.

Col. W. R. Colcord has been selling a lot of fine high grade Short-horn cattle at Kingman this week, and has about one hundred and fifty head of fine cattle, and is selling for sale to-day, the sale commencing at one o'clock. Among the buyers of the buyers are the late Gen. C. C. Colcord, Capt. Bullwinkle and C. C. Colcord of Chicago, W. H. Bushnell, of Connecticut, W. R. Hays, J. G. Glasgow, and Col. B. S. Harris, of Kansas City.

Mr. John Reynolds, who has just returned from New York, says that St. John at a meeting, which he attended said that he had shaken President Arthur's hand and that he could square with him out of it. It made the audience so mad that they left the hall, and Mr. St. John left the town on the first train. Since it has transpired that St. John is paid by the Democrat party to talk prohibition in doubtful states, he has lost much of his influence.

After the conclusion of the trial of the thief who attempted to rob Doc. Wernell, a few citizens proposed that a petition be circulated to collect money to reward criminal J. S. Wornell for his services in capturing the thief. One man offered to head the list with ten dollars. The idea is a good one and should be acted upon. It might serve as an incentive to others to do their duty regardless of what those who wish to contribute such offerings, may have to say about it.

At Hutchins and Freeman's lively stable, three drivers are being made in the way of a new departure. One down stairs is being plastered to serve as an office, while two up stairs have been partitioned off, plastered and arranged as quarters for the employees of the firm. They are very nice and will be in the long month of January.

A gravel and tar roof is being put on the Black building, the doors are being hung and a galvanised-iron cupola erected.

Mr. J. Reynolds of Goldard, arrived in the city yesterday morning on the Santa Fe. He has been visiting his old home in Wayne county, New York, during the last few weeks. He said that business is extremely dull in that country. In Lyons, the county seat, a city larger than Wichita, he said that one of our best stores does more business in a day than all of the stores of that line in the city. That the New York store kept more goods than all of the stores of that city put together. Wayne county ranks as one of the best in the state, and Lyons has been a live town. Mr. Reynolds said that he could not be induced to live there again and that about one half the people talked of coming to Kansas. He said that he had been at two county fairs but none of them began to compare with our last year's fair.

Draper's great double company this evening at the opera house.

Uncle Tom's always popular with the children and ladies. Matinee this afternoon.

Mr. Draper has the reputation of having the best Uncle Tom company on the road. Turn out and give them a big house and yourself a treat by witnessing a play that has a world wide reputation.

To the greatest play of Harriet Beecher Stowe the colored people owe, to a great extent, their liberty, as its production on the stage actuated the public mind on the question of slavery, and it is also the play that has done the most for the war.

Depositions were taken yesterday in the case of Barbara Kuhn against the Wichita & Western Railroad, before Frank Owen, at the office of Houston & Bentley. This is an appeal from the appraisement of the commission on a piece of land through which said railroad passed.

Some very pretty work in wood is to be seen upon the partitions and walls of two or three private apartments in the Meris block on Main street. Glass will also be profusely used in fitting up this room in a very elegant and attractive manner, but here the heavy cases, as it is said, the place will be used as a saloon and a place for gaming.

Miss Mattie Hovey has been quite ill during the past week with a very bad cold, and she has not been out of her room for some time. Her illness is the result of a cold she caught while on a visit to her mother in the city of St. Louis.

Our scribble learned last night that a gold watch and chain, a ring and other articles had been stolen from a house about five miles northeast of this city yesterday, while the men were on the farm and the lady of the house was absent at the house of a neighbor. Our informant had heard the state of the family but has forgotten it. A young well dressed man had been seen to pass along that road in the afternoon, and it is supposed he was the thief.

The popular restaurant, on the corner of Main and First streets, has changed hands. Mrs. Hovey, who is well and favorably known in the city as a successful and popular landlady, retires for a much needed rest and a visit to her old home in Ohio. It is safe to predict that she has made money while in the business and in the sale, as she is a good manager and has an eye to business at all times. Mr. Nugent, the gentleman who takes possession this evening, is a good manager and has a long experience in the art of catering to the tastes of the public, and will doubtless sustain the reputation of the house for good accommodation, and reasonable charges. Success to the new management.

Two burglars attempted to enter the residence of E. W. Israel night before last about 11 o'clock. George Israel, a young son of Mr. Israel, had been to the bank and was coming home on a bicycle, when he came into the yard and went around to the back door to get in, raising the two men in the act of ransacking the window. The boy saw the men and ran to the front door, but they had already fled. A pair of the same species of cattle attempted to get into Mrs. Kessler's house on South Main street, also the same night. A similar attempt had been made at the same house three weeks ago. The woods are full of them.

Mr. R. H. Herman, of Cincinnati, who is a resident of this city, and is a resident of St. Louis, is taking views along the line of the Santa Fe railroad for a New York firm, and is in town, and have been engaged for several days in taking views of the city. Yesterday a picture was taken of the real estate of all the prominent business places, and the residences of our city, that the people in the east may have an idea of the great city that is located upon the American continent, and the eastern mind of the grade and erroneous idea that they entertain of the west. Why would not a picture be taken of our city, and an advertisement scheme for the real estate men?

A twenty-seven hours walking match was started at the risk last night at 8 o'clock and will be kept up continuously until tonight at 11 o'clock. 100 miles must be completed in the course of the match, and the victor will receive a gold watch and a pair of boots, and should this insure a good race. It is hoped that they may have good success in the match, and that the people will be interested in the match, and refrain from telling them that Mr. Herman is the champion of the world, or that he walked five miles in 30 minutes. Mr. Chas. Harrison, the same man who is well known as a pedestrian, while the man who walks his name with an "e" dot figure at all in the front rank. Five very short miles can be covered at walking in the above time, but five full length, honest miles cannot be done at fair and legitimate head-and-neck walking by this man or any other in this time. Ninety-nine miles make nearly a mile as laid out at the risk, but twenty-five miles would doubtless be nearer a full mile. Every success is wished for those interested in this entertainment, if they give a good show and it is to be hoped the people may attend in large numbers if they are not deterred by the exception of one letter, as will be observed, is a man with a fine record as a pedestrian, while the man who walks his name with an "e" dot figure at all in the front rank.
