THE LATEST BARNATO STORY.
It is said that when Mr. Barney Barnato gave a picnic at the opening of the Johannesburg water works, he had an accident that had happened to him in London some time before, says the Westminster Budget. A scold-looking man, described himself as a journalist, called on him one day, and offered to cut out from papers, etc., all the complimentary articles sold at Mr. Barnato's. The genial man of millions saw that the man was "down on his luck" and engaged him on the spot at a salary of \$15 per month. This was quite a considerable sum for a "scold" and the journalist accepted. At the end of six months the man, who had been paid monthly, again called on Mr. Barnato and presented a huge bundle of clippings from newspapers, asking whether he should continue the work. "No," replied Barney, "but I will engage you for six months at the same salary to cut out all the nice things you can find said about me." Another six months elapsed, and once more the indefatigable paper-chipper turned up and reported his work to be finished. "Well," asked Barney, "what are the results of your work?" Here Barney assumed his gravest aspect as he repeated the man's reply: "I have not been able to bring them in; there are two cart loads outside."

Turned to Money.
Real estate can be turned to money at any time—but it is seldom that money can be turned into real estate such as we have to offer just now.
Description will be useless, you've got to see to appreciate these values. Drop into the office at any time—we are never too busy for visitors.

The real estate market is always dull during January and February on account of the cold and rainy weather, so if you want a good investment do not mind the weather, but buy NOW to save money. Every indication seems to point to a very active market this spring; also a big advance in realty values.
