NEW YORK STOCK EXCHANGE.

NEW YORK, April 8.—The stock exchange was open today for the first time on Good Friday in over thirty years. When it was decided on Tuesday evening in response to a motion from the board of directors that the exchange should be open on Good Friday, it was expected that the President's message would be presented to Congress on Wednesday and that by Friday the stock of the exchange would be closed. The exchange of the motion was discussed when the postponement of the President's message was announced but no action was taken. As the event has proved, there was no disposition to trade even yesterday.

As for today's markets business was revived in amount and fluctuation was notably without significance. As foreign exchanges were all closed it was supposed there might be some business. A large number of brokers shut up their offices and from home they pursued the condition of affairs.

The total sales of stocks were 151,200 shares.

The Untrustworthy Liar.

Coming in on the Painesville car the other morning two real estate dealers were "talking shop."

"I heard a man get off a pretty good thing about Dash and Blank the other day," said one of them.

"What was?" the other asked.

"He said, 'I'd much rather deal with Dash than Blank.' 'Why?' I inquired. 'You know Dash is a man whom you can't believe under any circumstances.' 'That's the very reason I prefer him to Blank. Dash lies all the time, so you're never fooled by him, but Blank lies only half the time, and the great trouble is that you never know when he's doing it.'—Cleveland Leader.

Avoiding Dangerous Ground.

"Yes," was the reply. "He absolutely refuses to be led into conversation about the weather."—Washington Star.

CAN USE HIS TRACK

Mr. Daing Says He Has the Right of Way.

WILL TAKE IT TO COURT

Will Not Wait the New Electric Railway Company to Run Cars on Queen Street.

Sint. Mr. W. J. Payne's Statement.

The action of the town council in granting the right of way on Queen street was given exclusively to his company. This exclusive right has never been revoked and although the council has given the new line the right to use the Queen street tracks it is claimed it cannot go without a law suit.

Mr. Daing says he will positively make no agreement with the new line until they go over his tracks. It will have to be by a process of law. The new company is determined to go over the tracks referred to so there is every reason to believe a law suit will follow.

What the outcome of this will be it is impossible to say as there appears to be law on both sides of the question.

Speaking of this yesterday Mr. Daing said:

"I was very much surprised at the action of the council in granting that company's franchise, but regardless of their action I shall do all in my power to keep them off my tracks on Queen street and should think I would have some right to do that if justice is to be taken into account. If they insist on using my tracks I shall never run one of their cars over the tracks of the Newport News, Hampton and Old Point Railway Company on Queen street."

There seems to be a general satisfaction in Hampton at the action of the town council in granting the new company's franchise, but a number of people have expressed themselves as being very much surprised.

Popular opinion seems to be with the new company and very likely the majority of citizens of Hampton would vote for it if it were taken to the polls.

Mr. W. J. Payne, of Richmond, when asked by a representative of the Daily Press, said that traffic would not be interfered with when his company laid its tracks on Queen street, between King and Locust, and the cars, he said, would be so run as not to impede travel in the slightest degree.

YALE, 12, HAMPTON, 0.

A Listless Game at Riverview Park Yesterday.

Yesterday afternoon, at Riverview Park, the base ball team from Yale College failed to sleep the local team by the score of 12 to 0.

For the first three innings the game was remarkably listless, Yale only scoring two runs to Hampton's none, but after that the game followed a different course.

The team work on both sides was decidedly "ham," and had it not been for several brilliant individual plays the spectators would have thought they were at a funeral.

Hampton and Yale played the best game for Hampton, while the honors were about evenly divided for Yale. Dr. Hovey's expert, a victim of the "ham" at short was the feature of the game.

Following is the list of players and where they played:

Hampton: Position. Yale: Position.

Marshall Sullivan.

Bullock Chadsey.

Hickok Vadsoworth.

Cushing Deane.

Hovey Camp.

Smith Hoyer.

Williams Wallace.

VETERANS WANT WAR.

Soldiers Who Were in One Conflict Will Fight Again.

The present crisis in the American-Spanish situation has greatly stirred up the patriotism of a number of the veterans of the Soldiers' Home, and some of them have expressed a wish to meet the Spanish Don in armed conflict, if war is declared.

An old veteran speaking on this subject said yesterday:

"There are numbers of old soldiers here who would be willing and ready to help free Cuba and avenge the murder of the sailors of the Maine. I know of us are grey-haired and are getting old, but when our country's honor is at stake new life is in us and we long for the day when we can see the flag of our country go up I think I am safe in saying that at least one regiment could be formed here of the old veterans."

CONCERT LAST NIGHT.

Gentlemen from Yale College Sang Last Night.

Last night the Yale College Glee Club gave a concert in the hall room of the Hampton News building.

Every year several college base ball teams come to Hampton to play practice games with the local team and usually give a concert at Old Point after the game. These concerts are decidedly "ham," and large crowds of the society people of Hampton attend them. Last night was no exception to the rule, and
