\$200,000 Unclaimed Money May Go to Jamestown Negro Exhibit

MIRACLE STORY DISCREDITED

Methodist Minister Says Salvation Army Girl's Claim That Her Senses Were Restored by Prayer Sounds Like a Yarn.—Tower Gossip.

(Special to the Daily Press.) RICHMOND, Va., Feb. 2.—Giles Jackson's way now seems clear to procure the \$200,000 in the treasury of the United States to the credit of the estates of the deceased colored soldiers and still unclaimed.

A bill was introduced at the request of Jackson by Captain Lamb appropriating this money to assist the negroes in making a creditable exhibit at the Jamestown exposition.

Virginia Supreme Court. Opinions were handed down in eight cases by the judges of the Supreme Court of Appeals today, two of the cases being from the local courts.

The first was that of the Richmond Passenger and Power Company vs. Allen, appealing from a decree of the law and equity court of the city. Mrs. Sally W. Allen recovered \$1,500 damages from the company for injuries received by a car striking a carriage in which she was riding.

The other case was that of Gleaves West, which went up from the chancery court of the city. The matter grew out of the conveyance of a house and lot in his city and the court reverses the trial court and enters "such decree as the lower court should have entered."

peasant and C. J. Risey, Jr., for appeal and submitted.

Oriental Lumber Company vs. Blades Lumber Company. Argued by Edward R. Baird, Jr., for plaintiff in error and Wilcox for defendant in error, and continued.

Brown—Lee.

Cards are out for the marriage of Miss Anne Fitzhugh Lee to Lieutenant Lewis Brown Seventh United States cavalry. The wedding will take place in St. Paul's church, Norfolk, Feb. 15, at 6 p. m. Miss Lee is the daughter of General and Mrs. Fitzhugh Lee.

No Further Respite For McCue. The governor will not interfere with

the sentence of the court in the case of J. Samuel McCue, who is to hang one week from tomorrow at Charlottesville for the murder of his wife.

Several days ago a letter and a petition were received from Norfolk asking the executive to commute the sentence to life imprisonment. The governor sent a reply to the signers of the petition saying that "after profound reflection, I am unable to discover any grounds whereupon I could interfere in this matter."

At the same time it is understood the governor intimated to the gentlemen who contemplated getting up another petition that he thought it would be a useless undertaking, and that unless new evidence of a most important nature was presented he could not see his way clear to delay the administration of the laws of the State.

Get Broken Blade Out of His Pat. Two negroes charged with attempted murder had their cases continued in police court and each case had its unusual phase.

Frank Allen was charged with stabbing William Christian in the head. Drs. Leonard and Perkins of the ambulance corps have the future career of Christian on this sphere in charge. They sewed a hole in the head of the patient and removed from the brain a little over an inch of knife blade. The patient stood the delicate operation very well and there is a chance for him pulling through.

John Hix was charged with stabbing Herbert Jones. Herbert was in court to testify but the case was carried over to give Hix a chance to bring his defense. The victim in this case was stabbed above the heart, the knife grazing the great center of human life. There were other stabs but they were of minor importance. Herbert did not seem worried about his condition and Dr. Leonard says that he is all right.

Hadn't Heard of Miracle.

The Associated Press dispatch from Chicago, printed in the morning paper and telling of a miracle, alleged to have been performed by an itinerant preacher, who later here, does not interest

A woman named Inga Hansan alleges that she was deaf, dumb and blind and that a minister here brought the restoration of her senses of sight hearing and speaking through prayer. Incidentally the woman is charged with perjury in a Chicago court.

"If such a miracle was performed here," said a Methodist minister to day, "it would still be a live topic of conversation. It reads like a yarn to me."

Costa Rica May Slip Up.

The American Banana Company has appealed to Washington to protect it from maltreatment by Costa Rica; it objects to being kicked about. Costa Rica must beware how it treats one of the United States banana peeling.—Columbia (S. C.) State.

M'INTYPE IN TOMBS

Bogus Draft Man Held for the Norfolk Police

CHARGES FAST MULTIPLY

Ten Banks Make Complaint Against Him, Allying He Swindled Them Out of Amounts Ranging From \$150 to \$250.—Dr. Lynch Identifies Him.

(By Associated Press.) NEW YORK, Feb. 2.—Philip McIntyre, who was arrested here a week ago when he disembarked from a steamship from Mexico, was committed to the Tombs for thirty days by Magistrate Fyol in the Tombs court to await extradition papers from Virginia.

McIntyre was arrested at the request of Mexican authorities, but since then representatives of the American Bankers' Association have interested themselves in the case and when he was arraigned on the Mexican charges involving the theft of \$800, he was arrested on a warrant from Norfolk, Va. alleging the passage of a worthless draft for \$200 on the First National Bank of that city.

Dr. Lynch identifies him. Dr. W. J. Lynch of Norfolk, said he introduced McIntyre to the bank officials and identified the prisoner.

As McIntyre was taken to the Tombs a press server attempted to serve the prisoner with complaints in behalf of ten banks which he is alleged to have swindled out of sums from \$50 to \$250, but he threw the papers away saying the services was not legal.

TWO WANT AMAZON FOR WIFE.

One of the Man-Woman's Suitors is L. C. Schoelkopf, Graham, Va. (Special to the Daily Press.)

WASHINGTON, D. C., Feb. 2.—Two proposals of marriage, received in the same mail, seem to have done more for Frances Lamouche, 19, than all the skill of the City Hospital physicians for she took a turn for the better immediately on their receipt. Before that she had been gradually growing worse from day to day.

She is the girl who for months passed as a man and wore men's clothes.

When the letters were read to her she wept and said: "I could not think of marriage while on a sick bed," she declared to a nurse, "but I want you to acknowledge the letters and tell them I am grateful. Perhaps after a few days I may meet one or the other. Who knows?"

The nurse answered the letters on Tuesday. One letter, signed Wm. DeForest, 40 Morton street, New York, declared that the writer received \$40 a week wages and would send Frances care if she would come east and marry him.

The other, signed L. C. Schoelkopf, of Graham, Va., stated that the writer was a bachelor, with good wages and life insurance, 5 feet 11 1/2 inches tall and weighing 170 pounds.

Frances expects to correspond with either of the men later on.

ARBITRATION TREATIES.

Discussed at Length by the Foreign Relations Committee.

(By Associated Press.) WASHINGTON, D. C., Feb. 2.—After a discussion of more than an hour the Senate committee on foreign relations today adjourned without reporting the arbitration treaties between the United States and several European governments, but with prospects for an early agreement. Senator Bacon again urged the adoption of amendments that were made by the Senate to the Olney-Pauncefote treaty in order to guard the interests of States, but these were opposed by the Republican members of the committee. It is said that the committee will finally agree to an amendment requiring that every amendment to be arbitrated under the treaties must first be submitted to the Senate. Senators from Southern States who have opposed the treaties because of the effect they might possibly have on repudiated State bonds held abroad have agreed to accept an amendment of this character.

BATTLESHIP BUILDING RACE.

Navy Department Answers Complaint About Delivery of Armor.

(By Associated Press.) WASHINGTON, D. C., Feb. 2.—Acting Secretary of the Navy Darling today transmitted to the House reports from the various bureaus of the department relative to the delivery of material to the battleship Connecticut, being constructed in the New York navy yard in competition with the Louisiana being built in a private yard. The information is in response

to a resolution of the House introduced by Representative Fitzgerald of New York.

The reply from the bureau of ordinance refers to a letter complaining of the delivery of armor for the Connecticut from the naval constructor at New York, September 1, 1901. The complaint states: "It is evident that up to August 27 the delivery of armor for the Louisiana was three times as great as that for the Connecticut."

FREE SEED DISTRIBUTION.

Subject of Animated Controversy in the Senate.

(By Associated Press.) WASHINGTON, Feb. 2.—The Senate spent much of the day in discussing the policy of distributing ordinary farm and garden seeds by the agricultural department.

The controversy arose in connection with the consideration of the agricultural appropriation bill and from an attack upon the seed distribution custom made by Mr. Lodge. He and those who stood with him contended that the seeds sent out were the common varieties to be bought of dealers everywhere and urged that only rare varieties should be supplied free to the people of the country. Their opponents contended that much good was accomplished by the work of the department.

The Sentimental Side.

Mr. Pettus, the venerable Alabama senator, stood with the latter class and he appealed to his fellow "youthful" senators not to forget the days when they enjoyed the violets that grew in the flower box on the front porch.

The senators participating in the debate were Messrs. Proctor, Lodge, Platt, (Conn.), Spooner, McCumber, Teller, Patterson, Bailey, Pettus, Berry, Clay and Latimer. The bill was not completed.

Call it "Humbug."

Messrs. Lodge and Proctor both declared the seed provision "humbug." Mr. Latimer defeated the distribution as of great value. Mr. Bailey endorsed Mr. Lodge's views.

Mr. Clay asserted that the terms of the provision appropriating \$150,000 in the collection and dissemination of information concerning live stock permits the secretary to carry on an open business and expressed the opinion that there is danger of a business under an unwise administration. He declared that if so inclined, the secretary could buy and dispose of meats.

Mr. Lodge agreed with Mr. Clay, saying it would be competent under the provision for the secretary to turn the money over many times and to proceed as any other business man might do. Without taking action on the bill, the Senate adjourned.

FINDS LAW WAS VIOLATED.

Report of Commission is Against the A. T. & S. F. Railroad.

(By Associated Press.)

WASHINGTON, Feb. 2.—The Interstate commerce commission today forwarded to the attorney general a report on the investigation of the charges that the Atchison, Topeka & Santa Fe had been granting rebates to the Colorado Fuel & Iron Company the report showing that the law had been violated in these transactions and referring the whole matter to the department of justice for action. The commission's decision, holding that the law had been violated, is accompanied by the voluminous testimony taken at the hearings. There is no mention of Secretary of the Navy Morton, who commission's decision and no commission vice-president of the road at the time the transactions occurred, in the report. The report is filed by the commission between Mr. Morton and the rebates transactions complained of. The report will be made public tomorrow.
