NINE HOUR WORK DAY

Local Brewery Employees Granted Important Concession.

AGREEMENT SIGNED YESTERDAY

Few Minor Changes Made Before Manager Kimmich Affixed His Signature—Product of the Plant Will Bear Union Label in Future.

An agreement between the Old Dominion Brewing Company and local No. 370, International United Brewery Workers, was signed yesterday and from now on the product of the Old Dominion brewery will bear the union label. Among other things the agreement provides for a work day of nine hours, and it is said that nowhere else in the South have brewery workers been granted such a concession.

The agreement was prepared several months ago and adopted by the union. Later it was approved by the Central Labor Union and submitted to the management of the brewery. Several of the provisions were objected to and after various conferences one or two minor changes were made. According to the resolution of the union the agreement was to go into effect on August 1 and yesterday, the last day of July, General Manager Kimmich, of the brewing company, put his signature to the paper.

IN STRICT CONFIDENCE.

Women Obtain Mrs. Pinkham's Advice and Help.

She Has Guided Thousands to Health.—How Lydia E. Pinkham's Vegetable Compound Cured Mrs. Fred Seydel.

It is a great satisfaction for a woman to feel that she can write to another telling her the most private and confidential details about her illness, and know that her letter will be seen by a woman only, a woman full of sympathy for her sick sisters, and above all, a woman who has had more experience in treating female ills than any living person.

Over one hundred thousand cases of female diseases come before Mrs. Pinkham every year, some personally, others by mail, and this has been going on for twenty years, day after day.

Surely women are wise in seeking advice from a woman of such experience, especially when it is absolutely free.

Mrs. Pinkham never violates the confidence of women, and every testimonial letter published is done so with the written consent or request of the writer, in order that other sick women may be benefited as they have been.

Mrs. Fred Seydel, of 413 North 54th Street, West Philadelphia, Pa., writes: Dear Mrs. Pinkham:—

Over a year ago I wrote you a letter asking advice, as I had female ills and could not carry a child to maturity. I received your kind letter of instructions and followed your advice. I am not only a well woman in consequence, but have a beautiful baby girl. I wish every suffering woman in the land would write you for advice, as you have done so much for me."

Just as surely as Mrs. Seydel was cured, will Lydia E. Pinkham's Vegetable Compound cure every woman suffering from any form of female ills.

No other medicine in all the world has such a record of cures of female troubles as has Lydia E. Pinkham's Vegetable Compound. Therefore no prudent woman will accept any substitute which a druggist may offer.

If you are sick, write Mrs. Pinkham, Lynn, Mass., for special advice. It is free and always helpful.

A WOMAN TO BE PRETTY

Must Have Luxuriant and Glossy Hair. No Matter What Color.

The finest contour of a female face, the sweetest smile of a female mouth, lose something if the head is crowned with scant hair. Scant and falling hair, it is now known, is caused by a parasite that burrows into the scalp to the root of the hair, where it saps the vitality. The little white scales the germ throws up in burrowing are called dandruff. To cure dandruff permanently, then, and to stop falling hair, that germ must be killed. Newbro's Herpicide, an entirely new result of the chemical laboratory, destroys the dandruff germ, and of course, stops the falling hair, and prevents baldness. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.
