Your CHILD and the Croup Danger

The Danger Loses all Its Terrors When You Have This Marvelous Remedy at Your Hand

Any night your little one may waken with the croup. Death clutches tightly on the tender throat. And you—-are helpless. Be prepared. Keep a bottle of Gowan's Pneumonia Cure in your room. A moment's brisk rubbing on the throat and chest, and you have the croup under control. In a few moments the healing liquids have driven the cold out; the child is cured, as suddenly as croup comes.

GOWAN'S PNEUMONIA CURE

Is an external, safe, harmless, sure cure. Ask for Gowan's Pneumonia Cure at any drug store. Regular size, \$1.00. Croup size, 25c. Sent by mail, if desired. Gowan Medical Co., Durham, N. C.

Read a Father's Letter

"Your remedy is truly a God-send to humanity. We have used it in our family for the past year, and only last night our babe had an attack of croup. We at once applied Gowan's Pneumonia Cure, and in fifteen minutes our child was fast asleep, and this morning is quite well. We do not feel safe without the Cure in the house, and we recommend all people to get it and use it promptly.—J. D. GUNTER, Sandford, N. C."

A CITY OF MUD.

Peculiarities of Yezd, Its People and Its Houses.

"One of the most extraordinary cities in the world is Yezd, in central Persia," writes a traveler. "It is situated in the midst of a vast salt desert which stretches for hundreds of miles in all directions. The nearest inhabited place of any size is Isfahan, and that is 200 miles away. The inhabitants of Yezd who have been away from Yezd during their lives number perhaps two or three score, and the bulk of these have not extended their travels farther than to Shiraz or Kirman in the one direction or to Isfahan in the other. Yet between 50,000 and 60,000 people make the place their home. For ninety-nine out of every hundred of these the great outside world has absolutely no existence at all.

"Yezd is a city made almost entirely of mud. Not only are the houses built of this material, but the very furniture, the fire pans, the barrels for grain, the children's toys, the bread receptacles, even the beds, are simply molded into a rough form and dried in the sun.

"In the Yezd shops the goods, mostly mud, are displayed on tiers of mud ledges, and there is a mud room behind. The bakers' ovens are of mud, down to the very doors. Many of the Yezdis even eat mud and develop an unwholesome ruddy complexion in consequence."

WOMAN USED FLATIRON.

Isabella Still Struck Martha Harvey a Blow on the Head.

In a row in Lincoln street last night Isabella Still struck Martha Harvey a severe blow with a flatiron just over the right eye. Policemen Burgess and Curtis were soon on the scene and Isabella Still, accompanied by Martha and Lucy Smith, are expected to make a formal call on Mayor Thornton F. Jones at 9 o'clock this morning. The three women belong to the "society" of their section. It was said that "booze" was responsible for the trouble.
