

SCHOONER SINKS; HER CREW ESCAPE Pounding of Waves Opened Seams In the Luis G. Rabel's Hull. SAILED FROM HERE LAST WEEK

Terrified Sailors Had to Be Driven to Pumps and Vessel Was Kept Afloat With Difficulty Until Bull's Bay Was Reached—Carried Coal for Mayport.

While bound from Newport News for Mayport, Fla., with a cargo of coal, the schooner Luis G. Rabel, Captain Wyman, foundered in Bull's Bay, near Charleston, S. C., Sunday. The vessel and her cargo probably will be a total loss.

The Rabel sailed from this port for Mayport on November 11 and three days later encountered a violent southwest gale and heavy seas. The pounding of the waves opened the seams in her hull and she began to leak.

On Saturday a southerly gale was encountered and the schooner again began leaking. The crew, terrified from continued disaster had to be driven to the pumps, and after a long and strenuous battle the schooner was worked into Bull's Bay, where she went down.

The schooner was owned by J. S. Winslow Company, of Portland, Me., and her coal cargo was loaded here by the White Oak Coal Company, Mr. H. B. Holmes, local agent.

In a letter dated August 31, 1901, Mrs. Marsh says: "I have never yet heard the efficacy of Peruna questioned. We still use it. I traveled through Kentucky and Tennessee three years ago, where I found Peruna doing its good work. Much of it is being used here also."—Henrietta A. S. Marsh.

REDS AND BLUES FEAST

Victors, Vanquished and the "Spills" Entertained.

BANQUET AN ENJOYABLE ONE

"How We Did It," Discussed by Mr. McGowan and Captain Somerville—Advent of Six Hundred and Eighty-third Member.

The advent of the six hundred and eighty-third member of the Young Men's Christian Association was celebrated last night with a brilliant banquet in the assembly hall of the association building. Gathered around the festive board were the members of the "Blues" and "Reds" that succeeded, and practically all of the members did, in securing one or more new members during the wonderful membership contest waged last week. The new members and the association officials.

The banquets were led into the assembly hall by Mr. Louis C. Phillips, president of the association, who was the toastmaster of the evening. When the delightful repast which had been prepared under the direction of the Ladies' Auxiliary had been partaken of, the speech-making began.

President Phillips opened with an address of welcome to the new members. Mr. Charles McGowan, a member of the "Blues" followed, his subject being, "How We Did It." In a humorous address the speaker made clear the mysteries of the conduct of a successful membership contest, telling what tactics were used in securing many of the new members.

Captain J. A. Sommerville, of the vanquished "Reds" responded, his subject also being "How We Did It." Mr. C. Aylet Ashby spoke interestingly upon the subject, "The New Members," giving the new members many words of encouragement and advice. "Our Literary Society" was the topic of an address by Mr. J. C. Temple and Mr. W. B. Colonna spoke on the "Bible Classes." Mr. J. Clyde Ould made a talk on the gymnasium work and Mr. G. T. C. Keller discussed the educational department of the association.

Mr. U. S. Duncan, the association secretary, made an interesting talk, urging co-operation between the members and the officials of the association, and Mr. William Falkner concluded the speech-making with an address on "Men Who Have Upheld the Association in the Past."

During the evening the association orchestra rendered several selections and Messrs. W. C. Blackmore and William Robertson played piano solos.

At the conclusion of the program Toastmaster Phillips proposed three cheers for the Ladies' Auxiliary, which were given with a will, and the banquet ended with, "Blest Be the Tie That Binds," sung by all present.

This probably will be the last trip the steamer will make in this service.

GOING TO NEW YORK.

Transports to be Put Out of Commission at Navy Yard.

The United States army transports Meade and Ingalls, which arrived at this port from Manila, P. I., several weeks ago will, it is understood, be ordered out of commission at the New York navy yard in the near future. It was the original intention of the war department to put the ships out of commission here, but as the vessels can be maintained in New York cheaper, than they can be at this port, the department decided to send them there.

TRIAL OF SHEAN TODAY.

Alleged Accidental Shooting to Be Investigated.

The case of John Shean, charged with feloniously shooting Ernest Silgo, is set for trial in the police court this morning. The man probably will be held for the grand jury.

Shean shot and seriously wounded Silgo in Wood's Woodward's room on Eighteenth street several weeks ago. The three men were sitting in Woodward's room, when Shean picked up a revolver that lay on the bureau and after saying he had never shot one, leveled it at Silgo and fired. The bullet entered the man's abdomen, piercing one of his intestines. He was taken to the hospital, where an operation was performed. His recovery has been rapid and he probably will be able to appear in court today.

Felonious Cutting Charged.

Pinky Jones a negro, was arrested in Rocketts Sunday night by Officers Pearson and Price on the charge of feloniously cutting Warren Ferris, a notorious negro. Jones is said to have given Ferris a severe stab in the neck with a butcher knife. When the case came up for trial in the police court yesterday morning, Justice Brown continued it until today, the wounded man not being able to appear.
