

MARK TWAIN PRESIDES AT FULTON EXERCISES

Elaborate Program at Exposition Monday in Honor of Steam-boat Inventor.

MARINE DISPLAY IN THE ROADS

Hundreds of Vessels of All Descriptions Will Participate—Rear Admiral Harrington One of the Principal Speakers for the Occasion—Tercentennial News Notes.

JAMESTOWN EXPOSITION, Sept. 19.—Dr. Samuel L. Clemens (Mark Twain), will preside at the exercises to be held at the Exposition auditorium under the auspices of the Robert Fulton Memorial Association, next Monday, which will be observed as Robert Fulton Day.

Among the Fulton Day speakers will be Rear Admiral P. F. Harrington, U. S. N., retired, who will deliver an address on behalf of the navy.

Hundreds of vessels of all descriptions will participate in the elaborate marine display in Hampton Roads, beginning at noon.

A "pier party" on the government pier; a dinner at the New York State building to the descendants of Robert Fulton, and an elaborate display of fireworks at night, will be features of the celebration.

Libertati's Band Coming. It has been announced by the department of special events at the Exposition that a contract has been closed with Libertati's band for a four weeks' engagement at the Exposition, beginning October 10.

This organization is considered as one of the very finest in the United States, on account of the individual skill and genius of its members, and because of the well-nigh inexhaustible repertoire of the whole.

The band comes to the Exposition from a two weeks' stay in Kansas City, having made a record run at the "White City," in Chicago only a few weeks ago, and having been presented with a silver loving cup by the management of Luna Park, in Cleveland, Ohio, at the close of its engagement there.

Rosa Linde to Sing. Rosa Linde has been engaged to sing at the Exposition during the week beginning October 20. Miss Linde's voice is a deep contralto, and is one of great power and unusual range, extending over three octaves. In quality it is round, warm and mellow, lending itself with good effect to almost any style of singing.

The artist has a large repertoire at her command, which fact she has demonstrated on several occasions. Among her most marked successes have been her appearances with the Boston Symphony orchestra and the Seidl orchestra, in the Nordica-Linde concerts and the Boston Festival concerts.

Lady Maccabees Drill. Richmond Hive No. 2, Lady Maccabees of Richmond, Va., defeated Mt. Vernon Hive No. 2, of Washington, D. C., yesterday at the Exposition, and captured a prize of \$200.

The Richmond Hive was under command of Mrs. Mary E. Robinson and the clear and distinct tones of her commands brought comments from the many army officers who witnessed the drill. Although Miss Edith Van Ness was the captain of the Mt. Vernon Hive, she did not give the commands, as her company were put through their movements by the use of a whistle in the hands of the male coach who accompanied the team on its trip, and this was marked against them for points.

Judges of the contest were: Second Lieutenant W. Copp, Twenty-third Infantry; Second Lieutenant P. H. Bagby, Sixth Infantry; Second Lieutenant E. C. Wadill, Nineteenth Infantry.

WOMAN JAILED AGAIN FOR SELLING COCAINE

Police Determined to Break Up Operations of the Notorious Martha Robinson.

Martha Robinson, a notorious negro woman who is well known in police circles, was arrested at Warwick Avenue and Twenty-third street about 4 o'clock yesterday afternoon by Patrolman A. A. Padgett on a warrant sworn out by Sergeant T. A. Mitchell, charging her with having sold cocaine to negroes. The

prisoner was hailed by Justice Seaman for her appearance in the police court this morning. The bond was fixed at \$100, and F. C. Lenz was accepted as security.

The Robinson woman was arrested on the same charge on September 9, and the following day Justice Brown found her guilty of the charge in the police court and imposed a fine of \$52.75.

CHICKEN THIEF AT WORK.

Takes Just One Dozen Fowl From Negro's House.

A thief broke into the chicken house of James Perry, a negro living at 2803 1-2 Madison avenue, sometime Wednesday night and stole three hens, three pullets, and seven chickens. The robbery was discovered by Perry yesterday morning, and he reported it to the police. The negro has no idea who the thief was.

FINAL SETTLEMENT TODAY

Exposition Company Owes Union Labor Committee \$1,100.

The joint committee representing the Central Labor Union of this city, Norfolk and Portsmouth, which had in charge the arrangements for the Labor Day celebration at the Exposition, will meet Mr. R. H. Sexton, representing the Exposition company, at noon today for the purpose of making a final settlement. The committee's share of the receipts for Labor Day amounts to \$1,100.

Next Sunday afternoon the joint labor committee will meet at Pine Beach to discuss arrangements for entertaining the American Federation of Labor when that organization meets at the Exposition.

BONAPARTE STIRS 'EM UP

Request for New Federal Grand Jury Follows Visit to Chicago.

TRUST SUITS ARE PLANNED

Believed President's Policy Regarding Illegal Combination Will Be Resumed at an Early Date—Maps Out the Course to be Pursued.

CHICAGO, ILL., Sept. 19.—Following the visit of Attorney General Charles J. Bonaparte to this city it became known today that Judge Bethia had been asked to convene another Federal grand jury within the next few weeks. This has given rise to the belief that President Roosevelt's policy regarding illegal combinations will be resumed in Chicago under the guidance of the Attorney General and the personal direction of United States District Attorney Sims.

At a conference with District Attorney Sims Mr. Bonaparte went over all litigation now pending against big corporations in the local branch of the United States courts. In the afternoon the Attorney General made a speech at the University of Chicago after which he departed for Baltimore.

At the end of the conference Mr. Bonaparte in a formal statement, announced that he and District Attorney Sims are in absolute accord with reference to the course the government shall pursue. This is taken to include the Chicago and Alton immunity matter, which will be presented to Judge Landis next Tuesday morning.

Among the cases of importance discussed in addition to the Alton matter were the International Harvester case, important trust and railway rate prosecutions now under consideration and the coming trial of John R. Walsh. In connection with the last named case, what is considered a significant statement was made by the Attorney General.

"I stated on assuming office that I should deem it my duty to see all the laws of the United States enforced," resumed Mr. Bonaparte "and the enforcement of these laws should be undertaken without regard to what I personally might think of the expediency of such steps. At the time of my appointment as Attorney General there was a certain amount of criticism of my selection because of views I was reported to have expressed at the convention in Chicago in 1899. As a matter of fact, I did not attend the particular convention, but I declined then and I have declined since to make any statement of my personal views on the trust problem.

"My reason for this refusal is that my views are entirely irrelevant."

ROCKEFELLER'S PROFITS GO INTO THE MILLIONS

Head of the Standard Oil Company Has Cleaned Up \$125,000,000 in Eight Years.

TRUST CONTROLS TEXAS COMPANY

Corsicana Concern Which is Allowed to Do Business in the Lone Star State Controlled by the Standard People—Rockefeller Owns One-Fourth of Standard.

(By Associated Press.)
NEW YORK, Sept. 19.—That the Standard Oil Company is operating under the name of the Corsicana Refining Company in the State of Texas which has forbidden the oil combine to operate within the State, was shown today when Wesley H. Hill, treasurer of the Standard Oil Company, under examination in the government's suit against the company, testified that H. C. Folger and C. M. Payne, whom Frank Kellogg, the attorney for the government, states control the Corsicana company, are prominent in the conduct of the affairs of the Standard Oil Company.

Mr. Kellogg sought to draw from the witness the information that the Corsicana company was really the Standard Oil Company and was operating in Texas because the anti-trust laws of that state would not permit the combine to operate it.

Mr. Hillford replied that as far as he knew the Standard Oil Company had no interest in Texas. He said that Mr. Folger and Mr. Payne were both officers of the Standard Oil Company, but he was not aware that they owned the Corsicana Company.

Rockefeller's Interests. Another interesting development was the official statement made public for the first time today of John D. Rockefeller's personal holdings in the Standard Oil Company. Just what the extent the reputed head was financially interested in the concern has long been a matter of speculation.

It was brought out today that Mr. Rockefeller owned 256,854 shares, or more than one-fourth of the total 972,500 certificates of the Standard Oil Company. Based on the earnings of the company as placed on record Tuesday, it is computed that Mr. Rockefeller's personal profits during the past eight years have aggregated almost \$125,000,000. At Tuesday's hearing it was testified that in the years from 1899 to 1906 inclusive, the Standard Oil Company had earned total profits of \$490,215,955.

ALLEGED EXPRESS ROBBER PLACED UNDER ARREST

G. M. Shumate of Mount Sidney, Making Determined Effort to Keep Away from Richmond.

(Special to The Daily Press.)
RICHMOND, VA., Sept. 19.—Word was received here this afternoon that G. M. Shumate of Mount Sidney, Augusta county, was placed under arrest at his home this afternoon on warrants sworn out by the Adams and Southern Express companies charged by these companies with robbery while employed by them as messenger running into Richmond.

Shumate is making a desperate effort to keep from returning to Richmond. He has secured a certificate from a physician which says that he is physically unable to make the trip here. He will be closely guarded at Mount Sidney if he does not come here.

Shumate is believed to be implicated with Orebough and Gibson who are now in jail on a similar charge.

RABBI CRITICISES POPE.

Says Encyclical on Modernism Would Put Race Back a Thousand Years.

NEW YORK, Sept. 19.—Rabbi Joseph Silverman, of Temple Emanuel, at 521 Fifth avenue, made a strong plea for the advancement of knowledge in his address to the congregation at the services held on the Day of the Atonement. He criticized the Pope for his reactionary encyclical forbidding the teaching of modern philosophy in Roman Catholic schools.

"We need more light, learning, and culture," said the Rabbi, in his general consideration of the deficiencies of mankind today. "We sorely need in this age the light to true wisdom. True culture and religion needs the new light into the light of the spirit. No wonder prejudice, bigotry, passion and warfare are rampant.

"The great potentate of the Roman Catholic Church has issued to his thousands of subjects a decree declaring that what he spells by the term modernism and what others spell by the terms science and philosophy shall be excluded rigidly from the churches and the schools. It is time,

high time, I repeat, that the governments of the great religious organizations should protest against such a dictum that would put the human race 1,000 years backward and make for the upholding of a blind faith that can never bring true happiness to humanity."

YACHT ELEANOR WINS IN LIPTON CUP RACE

By Tacking Outer Mark on Wrong Side, the Sue Was Disqualified—Final Race Today.

(By Associated Press.)
JAMESTOWN EXPOSITION, Sept. 19.—While the yacht Sue today was first to cross the line in the second of the races for the Lipton trophy cup she was disqualified by tacking the outer mark on the wrong side and in addition was handicapped by a time allowance of six minutes, thus giving the race to the Eleanor, with the Dorothy second, Dorothy Q third, and Capicum fourth. Time 3:15.

On points the boats now stand as follows: Dorothy Q 8; Dorothy S; Eleanor 7; Capicum 5; Sue 1. The race was fifteen miles over a windward course. The finish was close between the Sue and Dorothy. The final race will be called today.

JAPAN MAY HAVE TO ANNEX KOREA BODILY

Marquis Ito Says If Koreans Permits in Hostility It Will Be Last Day For Them.

(By Associated Press.)
TOKYO, Sept. 19.—The possibility that Japan may have to annex Korea seems again to have arisen. Marquis Ito is quoted as having said that it may be necessary to alter Japan's policy owing to the present situation; and that if the Korean people persist in their attitude of unfriendliness it will be "the last day for them. Tokio papers are receiving reports that insurgents are gathering from all directions around the city of Seoul to attack it.

Their number is unknown, but one band of 800 is reported. Roving parties of Koreans under the leadership of ex-soldiers are killing Japanese officials and civilians and Koreans suspected of being pro-Japanese.

These parties take to the mountains upon the approach of the Japanese troops, but not before suffering heavily.

PRESIDENT GOING IN CAMP FOR 17 DAYS

Will Have a Hunting Trip in the Swamps in Madison Parish, Northwest Louisiana.

BIG GAME IS SAID TO ABOUND

Bear, Deer and Wildcat Awaiting the Arrival of the President—Mosquito Problem Seems to be a Serious One—Genuine Vacation for the President—No Da. Set.

(By Associated Press.)
OYSTER BAY, N. Y., Sept. 19.—Far from the scene of official routine and free from the details attendant upon the responsibilities associated with the office of chief executive, President Roosevelt will enjoy 17 days in camp. This is to be the nearest approach to a genuine vacation that the President has allowed himself.

The President will be the guest, while in camp, of Civil Service Commissioner John A. McElhinny, of New Iberia, La., and John M. Parker, of New Orleans.

Where He Will Hunt.
NEW ORLEANS, La., Sept. 19.—The region where the President will probably hunt is the Bayou Macon and Tensas swamps, semi-tropical jungles in Madison Parish near the Mississippi river, in north Louisiana. In these swamps bear are numerous, deer abundant, and smaller game, from wildcat down to squirrels, is innumerable. A year ago a hunting party, headed by Governor Blanchard, of Louisiana, killed 40 deer in this section. The swamps are the center of a hunting ground about 75 miles long and ten to thirty miles wide. During most of the year it is necessary for hunters, in these swamps to wear nets suspended from their hats in order to protect their faces from mosquitoes. Hunters must raise these nets from their faces before firing. The mosquito nuisance begins to abate in October.

WILL MEET IN RICHMOND NEXT YEAR.

CHICAGO, ILL., Sept. 19.—The National Prison Congress adjourned today to meet in Richmond, Va., in September, 1908.

BRYAN WILL DECLARE

Stated He Is Willing to Take Nomination if Party Wants Him.

SOON TO MAKE A STATEMENT

Aggressive and Growth of Chanler Boom Has Aroused Nebraskan to Advisability of Making His Position Known—Prefers Not to Be Candid.

WASHINGTON, D. C., Sept. 19.—Friends of William Jennings Bryan announced that within the next few weeks he will issue a statement defining his attitude toward next year's Democratic Presidential nomination. The statement will be issued after a conference between Mr. Bryan and his most trusted friends from all parts of the country, and will be in the nature of an outline of the platform upon which he is willing for the third time to lead his party in a national contest.

In this statement, it is said, Mr. Bryan will announce that he is willing to accept the nomination, if it be the judgment of the convention and the party at large that he is the most available Democrat for the Presidency. In order to assist the party in reaching a conclusion as to his availability, Mr. Bryan will state his position on all public questions that are likely to figure as issues in the campaign. He will discuss the tariff, trusts, railroads, Federal and State powers and their respective spheres and limitations, and other important matters.

Issues for the Future.
Mr. Bryan has said to close friends recently that he realizes that government ownership is an issue for the future; that the party is not ready to follow him on that question now, and that he will defer to the majority of his party as to issues that are of ultimate importance. Therefore, that subject may not be discussed. Likewise the initiative and referendum may be passed over.

That Mr. Bryan's statement is due to be made in the near future is due in no small measure to the aggressiveness with which the Presidential boom of Lieut. Gov. Lewis Stuyvesant Chanler, of New York, is being pushed. It is the belief of Mr. Bryan's friends that something is necessary to be done to head off the Chanler movement, especially in the South, where it appears to be making vigorous headway.

The conference of Mr. Bryan's friends, at which his statement is to be submitted for consideration, was originally set for September 25, but it has been postponed and probably will be held some time early in October.

Boy Gets Damages.
A verdict for the plaintiff was returned in the case of Herbert Chalkley against the Fleischman East Company, and judgment was given for \$500 damages.

The plaintiff in this case is the boy who was severely injured several weeks ago when his father's fish wagon was run into by a runaway team belonging to the defendant company. Suit was brought to recover \$1,000 damages.

peared as counsel for the defendant. **Hurt Goes Free.** Andrew G. Hurt, charged with felonious assault, was acquitted, after the jury had been out only a very few minutes.

Hurt was charged with assaulting A. Bagalonio in McKee's saloon on Thirty-eighth street several months ago. The testimony showed that Bagalonio, who was intoxicated, insulted Hurt and that the latter retaliated by striking Bagalonio in the face with his open hand. Bagalonio fell to the floor, striking heavily on his head and injuring himself so seriously that he lay at the point of death for some time.

Commonwealth's Attorney Robinson prosecuted the case, and Mr. R. M. Lett was counsel for the prisoner.

MRS. HARRY TYLER BADLY INJURED IN ACCIDENT

Frightened Horse Dashes Into Vehicle in Which She and Her Sister Were Seated.

(Special to The Daily Press.)
RICHMOND, VA., Sept. 19.—Information was received in this city tonight to the effect that Mrs. Harry Tyler and her sister, Miss Connie Robinson, of Wellington, near Manassas, met with a serious accident while driving in the latter place at a late hour this afternoon. A horse drawing a wagon from the Manassas Industrial School took flight at a passing train and ran into the wagon, colliding with the buggy in which the two women were seated. The buggy was completely demolished.

One of Mrs. Tyler's arms was broken and the other was badly mashed. Miss Robinson was severely bruised also about the body and her scalp badly lacerated. Mrs. Tyler is a daughter-in-law of Edmund Tyler, of Wellington, who for a number of years was manager of the Portner estate at Manassas.

Have Purchased Valuable Lands.
"It was learned some months ago that the Standard Oil man and his associates had bought up all the available lumber and coal lands in West Virginia. Those purchases amounted to thousands of acres and will in some future time supply the Tidewater road with traffic.

"W. N. Hays is president of the Tidewater Railway. When completed the road will extend from Deepwater, W. Va., on the Kanawha river, to Sewall's Point, Va.

"The authorized stock is \$35,000,000. The first mortgage 5 per cent bonds, none of which have been placed on the market are issuable as follows: \$25,000,000 for the construction of the line from Deepwater to Sewall's Point, 442 miles single track. For each and all miles of single track on the main line \$75,000 bonds may be issued; \$50,000 a mile for branch lines, and \$50,000 for main line second track."

THOUSAND SINGLE WOMEN SAIL FOR THIS COUNTRY

Remarkable Exodus of Marriageable Persons of the Gentile Sex From Great Britain.

(By Associated Press.)
LIVERPOOL, Sept. 19.—The remarkable exodus of marriageable young women from this country to the United States and Canada is emphasized by the departure today of a thousand unmarried women on the steamer Baltic alone, while several hundred more were among the total of 5,000 passengers carried on three trans-Atlantic steamers which sailed today.

(Continued on Page 3.)
