

**MARKET WATCHING T. R.**

Attention of Stock Traders is Sidetracked.

**RAILROAD HOLDINGS WEAK**

Recent Severe Decline in Chicago & Alton Serves to Foster Doubts, Extending Through Other Lines and Communicates to C. & O.

(By Associated Press.)  
NEW YORK, June 18.—There was no stock market to speak of today, attention being distracted by the ceremonies incident to the welcome of Ex-President Roosevelt. The stock market element feels a keen interest in the direction to be taken by the ex-president's activities on home soil indicated by his assurance that "I am ready and eager to do my part so far as I am able in helping solve problems." As the reception parade moved up Broadway, prices rose to a substantial average fraction over last night.

A feature of the day's market was the weakness of the Hawley railroad stocks. The recent severe decline in Chicago & Alton which served to foster doubts of the maintenance of its dividend has affected the Toledo, St. Louis & Western stocks because that road owns control of the others. The weakness was communicated to Chesapeake & Ohio today, although the only connection between the two groups is the common control by Edwin Hawley of the various properties. The American Railway Association reported an increase in freight car surplus in the two weeks to June 8, which brought the net surplus up again to about the figure of a month before. Latest figures of railroad gross earnings continue to show the ratio of increase over last year maintained. The compilation of the Financial Chronicle of earnings as reported to the Interstate Commerce Commission shows an increase in gross earnings over last year 14 per cent, and \$27,164,000 following that year's gain over \$1908 of \$21,921,000. The April net earnings this year are but \$3,978,548, or 5.81 per cent over last year, the increase in operating cost here coming into play.

The bank statement shows all the expected gain in cash, but the loan expansion must be due to other than stock market causes and probably has to do with the large dividend payments of the week.  
Bonds were steady. Total sales, par value, \$542,000. United States bonds are unchanged on call from last week. Total sales for the day 155,200 shares, including: Chesapeake &

**HAPPY WOMEN**

Plenty of Them in Newport News, and Good Reason for it.

Wouldn't any woman be happy. After years of baskache suffering. Days of misery, nights of unrest. The distress of urinary troubles. She finds relief and cure?

No reason why any Newport News reader.

Should suffer in the face of evidence like this:

Mrs. Andrew Hollingsworth, 542 Thirtieth street, Newport News, Va., says: "I do not believe there is a remedy on the market equal to Doan's Kidney Pills in curing kidney complaint. My back caused me a great deal of trouble, becoming lame and painful every little while. I was unable to sit long in one position, for if I did, my back began to ache. Stopping, lifting or exertion of any sort brought on a severe attack of the trouble. Since using Doan's Kidney Pills, I have been free from these spells and my kidneys have been doing their work properly. I cannot praise Doan's Kidney Pills too highly."

**Sun Sets Late for Orville Wright.**

Orville Wright made two flights here today, giving a spectacular exhibition of fancy flying. No other aviators entered would risk the unfavorable weather.

Wright ascended more than 2,000 feet tonight after dark. On reaching that altitude a light appeared far below the western horizon, and going still farther up he was able to see the sun. The earth below was in darkness, yet he could look upon the light of day.

In telling of the flight Wright said the sight was one of the most thrilling and awe inspiring he had ever witnessed. He says that aviators soaring to high altitudes may often see the sun after it has gone down to the people below—New York Herald.

**LITTLE FABLES OF THE RISING YOUNG MAN**

(Continued From Seventh Page.)

didn't have to Go Back to it. Two long afternoons at Pool and Billiards was his conception of Relaxation and Recuperation. Lolling Around and Cat naps in arm chairs, when nothing more exciting offered, seemed more desirable than days' spent Out-of-Doors in Vigorous Healthy Exercise. He "Did Everything" on the place regardless of Time, Occasion or Cost. And in doing so he Did Up himself!

Chap No. 1 returned from his vacation Refreshed, Invigorated and Fit to jump back into the Daily Grind of Office Work. He had a Good Time and he'd had it Sane! Now he was ready to pitch in again and put his Shoulder to the Wheel.

Chap No. 2 returned from his several days before he intended doing so—for his Money Gave Out. He looked like a man in Need of a Vacation rather than one who had just Had One. He was Nervous and Restless and tired. He thought of that Daily Grind and Wished to Goodness he didn't have to go back to it. Two weeks, anyway, was Mighty Mesley Little Rest for a fellow who Sawed Wood a whole year! He was Ready and Fit to go again on another Vacation, the Right Sort of One, rather than to put his Shoulder to the Wheel.

But he had a Good Time! So had Chap No. 1!

Which goes to show that it takes

All Sorts of People to make up a World—only, one can't help having a Preference as to Which he'd rather be!

**What Noah Did.**

A member of the Nebraska legislature was making a speech on some momentous question, and in concluding said:

"In the words of Daniel Webster, who wrote the dictionary, 'Give me liberty or give me death.'"

One of his colleagues pulled at his coat and whispered: "Daniel Webster did not write the dictionary; it was Noah."

"Noah, nothing," replied the speaker. "Noah built the ark."—Boston Traveler.
