AMERICAN TONIC PILLS; A certain and effectual cure for Fever and Acute.

Used successfully in the treatment of bilious fever, nausea, general debility and nervous weakness.

THE most flattering recommendations of this Medicine have been received from many physicians, and others who have used it. Perhaps no medicine has ever been used whose action has been so beneficial, pleasant and invigorating, and called forth from the afflicted sufferer such heartfelt gratitude and pleasure. Persons taking it soon find themselves relieved.—Chill broken! Fever gone! Stomach and head free and beautiful! Strength and appetite increasing and improving, and all morbid weakness fled. It generally stops the chills and fever in twelve to forty-eight hours; never sickens the stomach, or operates upon the bowels, unless they are very much disordered indeed. Its action upon the whole system is such that persons are invariably surprised and pleased with their rapid and complete restoration to health!

This valuable Medicine is for sale, by Messrs. ROWAN & BRADSTREET, in Woodville.—Also, in Fort-Adams, by J. TIMON—who are the only authorized Agents for the country. May 22, 1841. 22

DR. PHELPS' COMPOUND TOMATO PILLS, (ENTIRELY VEGETABLE.)

A new and invaluable Medicine for all diseases arising from impurities of the blood, morbid secretions of the liver and stomach, also a substitute for calomel; as a cathartic in fevers and all bilious affections. THESE popular Pills being a combination of a newly discovered Alkaline substance, extracted from the TOMATO PLANT, with other vegetable substances which have been found to modify and diffuse its effects, are believed to be the best Alternative and Cathartic Medicine ever discovered. They have been abundantly and successfully tried, and have received universal approbation for scrofula, dyspepsia, jaundice, bilious diseases, gravel, rheumatism, coughs, colds, influenza, catarrh, nervous diseases, acid stomachs; glandular swellings of all kinds, costiveness, colic, headache, &c.

They are an antidote to contagious and epidemic diseases; prevent the formation of bilious and liver affections, fever and ague, &c., in those who reside in hot climates, and low and marshy countries, and are the best cathartic that can be used for those localities. Seamen will find them an infallible remedy for the scurvy; and travellers, the best medicine they can use to counteract the dangers of exposure in unhealthy climates. For ordinary family physic, they are universally approved, as the best ever offered.

They are neatly put up with full directions—price 50 cents a box. These celebrated Pills are for sale, by H. Y. & W. L. Collins, at Woodville. May 22, 1841. 22

PETERS' PILLS;

THESE Pills are no longer among those of doubtful utility. They were prepared away from the hundreds that are daily launched upon the tide of experiment, and now stand before the public as high in reputation, and as extensively employed in all parts of the United States, the Canadas, Texas, Mexico, and the West Indies, as any medicine that has ever been prepared for the relief of suffering man. They have been introduced wherever it was found possible to carry them; and there are but few towns that do not contain some remarkable evidence of their good effects. The certificates that have been presented to the proprietor exceed twenty thousand upwards of five hundred of which are from regular practicing physicians, who are the most competent judges of their merits.

Often have the cures performed by this medicine been the subject of editorial comment, in various newspapers and journals; and it may with truth be asserted, that no medicine of the kind has ever received testimonials of greater value than are attached to this.

They are in general use as a family medicine and there are thousands of families who declare they are never satisfied until they have a supply always on hand.

They have no equal in curing and preventing bilious fevers, fever and ague, dyspepsia, liver complaints, sick headache, jaundice, asthma, dropsy, rheumatism, enlargement of the spleen, piles, cholera, female obstructions, heartburn, furred tongue, nausea, distension of the stomach and bowels, incipient diarrhoea, flatulence, habitual costiveness, loss of appetite, bloated or sallow complexion, and in cases of torpor of the bowels, where a cathartic or aperient is needed. They are exceedingly mild in their operation, producing neither nausea, griping nor debility.

These pills are neatly put up in tin boxes containing 40 pills—price 50 cents a box. They are to be had in Woodville, at the stores of Messrs. Rowan & Bradstreet, and H. Y. & W. L. Collins; May 22, 1841. 22

Land for Sale.

THE Subscriber offers for sale Two tracts of Land on the Atchafalaya River, of 800 or 900 acres each. The 1st tract is on the right bank (near Bayou De Claret) of 800 or 900 acres, and one tract on Bayou De LaSalle of 480 acres, with 150 acres in cultivation, a comfortable dwelling house; kitchen, out-houses, &c. The above are all alluvial lands, and inferior to none in Louisiana, in point of fertility. They will be sold low and on accommodating terms—titles unencumbered and indisputable. Enquire of the subscriber living on Bayou De Glades, or of M. E. Saunders, Esq., of Wilkinson county, Miss. F. OLIVER. VANDERLA, Arroyelles, May 17, 1841. 22w3
