**FEVERS! FEVERS!!**

THE Season for fevers is approaching and every family should be supplied with the "ELECTRICAL FEBRIFUGE" or "Speeds Fever Tonic." This preparation is not only simple, safe, and pleasant in its effects, but will cure any species of Fever in less than one-fourth of the time ordinarily required! None can appreciate its value but those who have used it.  
The following from the New Orleans Delta, speaks volumes:  
SEEK and YE shall FIND GOOD TESTIMONY.—We copy the following from the New Medical Dispensary, published at Cincinnati, Ohio:  
"The success of this article finally reached the ears of some physician, who prepared from it a nostrum called 'Electrical Febrifuge.' Those who have used the tincture, or the 'Electrical Febrifuge,' among whom are several physicians, speak well of it in all species of Fevers, nervous and bilious headache, colds, pneumonia, hemorrhages, leucorrhoea, cholera, ague-erick, and several other diseases though it is in fevers especially in which its efficacy has been mostly observed. \* \* \* \* \* If one-half of the virtues reported to exist in this plant are true, it is certainly deserving the close investigation of all classes of physicians."

From the above, it would seem that a good thing might come out of Nazareth, or be contained in a "nostrum." At any rate, we consider it a heavy endorsement, and sufficient guarantee for Messrs. A. KENDALL & Co., of this City, the proprietors of the Febrifuge. We would give the name of the "plant" referred to, but for fear of deleterious and fatal results, it being the same plant reported there two years ago which people caught at with such avidity, and its administration was attended with fatal consequences in some instances. We have good reason to believe that the experience of the Cincinnati physicians has been wholly with the Febrifuge prepared by A. KENDALL & Co., and not with the plant referred to—knowing, as we do, some eminently successful doctors who have graduated on the merits of the Febrifuge and nothing else. One of the graduates, writing from the Isthmus, says: "My science and the Febrifuge are beating the Regulars hollow! I have treated upwards of two hundred fever patients, and for so far have not lost a case. The only trouble is that it cures too quick! I can't get fee enough out of them." Verbum sat, etc.—N. O. Delta.  
Prepared only by A. KENDALL & Co., 72 Magazine street, New Orleans, sole Proprietors.  
CAUTION.—Since the Febrifuge has become so popular, other parties have pretended to prepare the same thing. The genuine has a likeness of Dr. Speed, with our fac simile signature on every envelope, with its name blown on the bottle.  
Buy no other. All others are not only base counterfeits, but what we have seen and examined, extremely dangerous.

**WISTAR'S BALSAM**  
OF WILD CHERRY.

The great American Remedy for Lung complaints, and all affections of the Respiratory Organs.  
THE BEST remedy ever known to man, for Coughs, Asthma, Colds, Croup, Bronchitis, Influenza, Bleeding of the Lungs, Difficulty of Breathing, Liver Affections, Pain or Weakness of the Breast or Side, First stages of consumption, &c.  
REMARKABLE CURE. Of all the cures that have yet been recorded, there are certainly none equal to the one first mentioned, which plainly shows the curability of consumption, even in some of its worst forms.  
JEFFERSON COUNTY, La., Feb. 27, 1849.  
Messrs. Sanford & Park—Gents: This is to certify, that my wife, Nancy Dononey, has been in a declining state of health for the last two years. Her disease baffled the skill of the best medical aid I could procure—her physicians pronounced her disease—"Consumption in the last stage," and said that her recovery was past all human hopes. As a last resort, with very little hope, I procured Wistar's Balsam of Wild Cherry.—After using a few bottles, I found, to my agreeable surprise, that her health was improving rapidly. She is now so far recovered, as to be able to attend to her regular household duties, without suffering any inconvenience. Her rapid improvement and present health, warrant me in the belief that she will soon be entirely restored.  
RHODES DONONEY.

To the Public.—I, Jacob Green, of the county of Jennings, and state of Indiana, do hereby certify, that in the early part of last season, I was taken with a violent cough attended with a pain in the breast, and some times fever, and that I employed a skillful physician for some time, who said he could give me no relief. I then commenced using Wistar's Balsam of Wild Cherry, and felt almost immediate relief; and after taking three bottles, I find myself in as good health as I have enjoyed for a number of years. My restoration, under the blessing of God, I attribute to the use of the medicine above named.  
JACOB GREEN  
March 1st, 1849.  
State of Indiana, Jennings county. I, David T. Skinner, a Justice of the Peace in and for the said county and State, do certify that the above named Jacob Green, subscribed and made oath to the foregoing certificate, before me, this first day of March, 1849.

We would advise those of our readers who are laboring under an affection of the lungs, to make immediate trial of this truly excellent medicine. The most intelligent and respectable families of our city have adopted it as a favorite medicine; and persons predisposed to consumption, who have used it, speak in the highest terms of its efficacy.  
Beware of counterfeits and imitations—syrups, and all other preparations of Wild Cherry. Remember, they only imitate in name, not in virtue. Sold wholesale and retail, by SCOVILL & MEAD, 143 Chartres street, New Orleans

LAST TESTIMONY TO THE MANY CURES.

**ASTONISHING CURE OF THREE CANCERS.**  
This is to certify that my wife has been afflicted with Cancers for the last seven years and has been suffering the most excruciating pain—and often trying all remedies that could be thought of. I came to New Orleans with her for the purpose of procuring relief and shortly after my arrival here I applied to Samuel Reynolds, at 123 Gravier street, who healed her Cancers three in number—one on the lip, one on the temple (very large) and one on the nose just below the eye. I am now happy to say that I believe my wife is entirely cured after three weeks treatment under the hands of Samuel Reynolds, 123 Gravier street, New Orleans.

**CERTIFICATE** of cure from Captain Nat. Ostrander:  
"Dr. J. Reynolds, Sir—Having for many years been afflicted with two large and inveterate Cancers, (one upon my right hand, the other upon my left arm,) I sought in vain for cure at the hands of our most experienced surgeons.  
Hearing of your successful treatment of Cancers, I determined to have the benefit of your experience, and for this purpose came to New Orleans, eight months ago, when I speedily received relief, by your mild and effectual mode of taking both Cancers out, without the aid of the knife. The Cancer upon my hand weighed over a quarter of a pound, that on my arm, more than three quarters of a pound, yet the new and healthy flesh took their place so rapidly that I was entirely restored to health in a few weeks.  
As a token of gratitude for your able and successful treatment of my Cancers, I voluntarily add this my testimony to your numerous credentials, and trust that those effected with Cancers may be directed to you, for a speedy and effectual cure. Respectfully, yours,

**Ruptures Cured!**  
Let all afflicted with Ruptures, read, read and be healed, or at least be made secure from the horrors of Strangulated Hernia, which security can best be found in the use of SHERMAN'S

**New Patent Truss and justly celebrated RUPTURE REMEDY.**  
OBSERVE the following extract from Lawrence, an eminent English surgeon: "The treatment of the Ruptures demands, from the different states in which their contents exist, as great a combination of anatomical skill, with experience and judgement, as that of any disorders in surgery." Now, how few men and the inventions of kind and sorrowing friends and nurses have failed to give the smallest relief to the consumptive sufferer. Thousands of consumptive persons have been deceived repeatedly in buying medicines that were said to be infallible cures, but which have proved only palliatives, but this medicine is not only a palliative but a cure for ulcerated lung. It contains no deleterious drugs, and one trial will prove its astonishing efficacy better than any assertions or certificates in curing consumption and all diseases of the lungs, such as spitting of blood, coughs, pain in the side and chest, night sweats, &c., &c.  
About 1000 certificates of almost miraculous cures performed by this medicine, from some of the first doctors, clergymen and merchants, have been sent us for this medicine, but the publication of them looks too much like quackery, (we will show them to any person calling at our office.) This medicine will speak for itself and enough in its own favor wherever it is tried.

HERE your attention is called to the cut of Truss my experience in Ruptures has led me to invent, in order to overcome the objections of every other in use. It is remarkable for the ease and comfort with which it is worn and the security it affords under the most violent exercise. It is, also, immovable in any position the body may be thrown into—a consideration that should not be overlooked.

IN this Cut you see the Truss as applied and worn for an Inguinal Hernia on the right side. It does not injure the back, the pressure being on either side of the spine. Physicians and surgeons who have examined the instrument approve of it, are delighted with it, and scarcely a day passes but the send me a distressing case. And here I warn they lightly affected against putting off, from day to day, procuring the best means of security, as they are hourly exposed to accidents that may cause strangulation and death.

IN my treatment of Hernia I do not rely solely on the efficacy of a Truss. Experience has taught me something more is required, and tedious experiments have enabled me to discover the most powerful auxiliary which, to guard against deception, I have put up in quart bottles, with these words, "J. A. Sherman's Rupture remedy" blown in glass. It at the instance of a celebrated surgeon, was analysed, and the following certificate given in its favor:  
Certificate from Martin, the Chemist.—"I have analyzed Sherman's Rupture Remedy, and find it to contain valuable properties to aid in curing ruptures."  
JAS. MARTIN, Chemist.  
New York, January 10th, 1851.

THIS cut represents a Truss as worn for a rupture on both sides.

Letters are frequently received, from persons informing me of cures made by the use of the Truss and Remedy.—Want of space, however, allows me to give but few of them:  
NATCHEZ, May 23, 1850.

Mr. Sherman: Dear Sir—Last January, was in New Orleans, and observing your advertisement in the Delta, I called to see you about fitting me with a truss, having previously used the different kinds sold in stores to no purpose. They were a perfect source of annoyance. My rupture yearly increased in size, filling my soul with terrible forebodings, for I had on one occasion been eye witness to the awful results of strangulated rupture. Now my apprehensions are all gone; my mind is composed; and I can with joy to myself and surprise to my friends, among whom is one of our most eminent physicians, inform you that I am cured—that my rupture has not shown itself for two months. The bottle of wash you gave me is all used up; and if you think it necessary to continue the use of it, I would like you to send me some.  
Mr. Jones who has made a trip to New Orleans on purpose to have you fit him, with a truss, was at my house on last Sunday, and is quite well pleased; says the truss is so easy he sometimes forgets, he has it on, and is only convinced by feeling. He now believes, although he was sceptical when he got the truss, that his case is curable, and that the truss and preparation you furnished him on will cure it. I suppose his faith is strength, assured by the present condition of my case. If persons knew how their sufferings were aggravated by the use of the old fashioned, ill-fitting trusses, I am sure they would never use them. The comfort derived, and the security felt in the use of your truss, certainly over balance all pecuniary considerations. With respect and esteem, I remain yours, etc.,  
E. W. WATSON.

P. S.—If this will benefit any one suffering as I once suffered, by making it public you have my consent to do so.  
SHERMAN'S office for the fitting of his Patent Truss, and the sale of his Rupture Remedy, is 70, St. Charles, (sign of the) New Orleans. Remember the name and number.

**JUDSON'S**  
CHEMICAL EXTRACT OF

**CHERRY & LUNGWORT,**  
FOR THE CURE OF  
Coughs, Colds, Hoarseness, Spitting of Blood, Night Sweats, Asthma, Liver Complaints, and CONSUMPTION.

DO NOT NEGLECT IT.—Consumption cases by this only certain remedy, Judson's Chemical Extract of Cherry and Lungwort, and no remedy has ever before been discovered that will certainly cure Consumption. The most strongly marked and developed cases of pulmonary consumption, where the lungs have become diseased and ulcerated, and the case so utterly hopeless, as to have been pronounced by physicians and friends to be past all possibility of recovery, and at times thought to be dying, have been cured by this wonderful remedy, and are now as well and hearty as ever. It is a compound of medications which are peculiarly adapted to and essentially necessary for the cure of Coughs and Consumption. Its operation is mild, yet efficacious; it loosens the phlegm which creates so much difficulty, relieves the cough and assists nature to expel from the system all diseased matter by expectoration, producing a delightful change in the breathing and chest, and this after the prescriptions of the very best medical men and the inventions of kind and sorrowing friends and nurses have failed to give the smallest relief to the consumptive sufferer.

Thousands of consumptive persons have been deceived repeatedly in buying medicines that were said to be infallible cures, but which have proved only palliatives, but this medicine is not only a palliative but a cure for ulcerated lung. It contains no deleterious drugs, and one trial will prove its astonishing efficacy better than any assertions or certificates in curing consumption and all diseases of the lungs, such as spitting of blood, coughs, pain in the side and chest, night sweats, &c., &c.  
About 1000 certificates of almost miraculous cures performed by this medicine, from some of the first doctors, clergymen and merchants, have been sent us for this medicine, but the publication of them looks too much like quackery, (we will show them to any person calling at our office.) This medicine will speak for itself and enough in its own favor wherever it is tried.

Caution.—This medicine is put up in a large bottle, and you must find the name of Judson & Co., proprietors, New York, on the glass wrappers around the bottle, to whom all orders must be addressed.

**BE YE FRUITFUL AND MULTIPLY,** is a command that should be cheerfully obeyed by the children of men.—For Female and Male: Dr. Larzette's JUNO CORDIL, or Procreative Elixir, prescribed as an effectual restorative in cases of Debility, Impotency, or sterility, and all irregularities of nature. It is all that it professes to be, viz: Nature's great restorative, and remedy for those in the married state without offspring. It is a certain cure for seminal emissions, general debility, loss of strength of the genital organs, nervous affections, leucorrhoea or whites. As a vigorous medicine it is unequalled. Also, a certain remedy for incipient consumption, indigestion, loss of muscular energy, physical lassitude, female weakness, debility, &c. It is warranted to please the user in any of the above complaints, and is of priceless value to those without offspring.  
Caution.—This celebrated medicine cannot be genuine unless the fac simile signature of Judson & Co. (N. B. the only American agents) is on the wrapper of each bottle.  
Caution to be carefully read and remembered: A counterfeit of this celebrated Juno Cordil has lately been issued, having the name of Levi Judson on the wrapper. This Levi Judson is in the store of, and connected with, our Lucius S. Comstock, who is believed to be the instigator and real vendor of the counterfeit Juno Cordil.  
Remember that the counterfeit has the name of Levi Judson on the wrapper, and the genuine has not his name on the wrapper.

**TO THE LADIES—THE GENUINE BALM OF COLUMBIA**

FOR RESTORING THE HAIR.  
"Long hair is a glory to a woman," says Paul, and all feel the truth of the pious quotation; Preserve it then, ladies, your glory may fall. Unless you protect it with this preparation. If you wish a rich, luxuriant head of hair, free from dandruff and scurf, do not fail to procure the genuine Balm of Columbia. In cases of baldness, it will more than exceed your expectations. Many who have lost their hair for twenty years, have had it restored to its original perfection by the use of this Balm—Age, state, or condition, appears to be no obstacle whatever; it also causes the fluid to flow with which the delicate hair tubes are filled, by which means thousands (whose hair had been as grey as the Asiatic eagle) have had their hair restored to its natural color by this invaluable remedy. In all cases of fever it will be found the most pleasant wash that can be used. A few applications only are necessary to keep the hair from falling out; it strengthens the roots, it never fails to impart a rich glossy appearance, and as a perfume for the toilet it is unequalled. It holds three times as much as other mis-called hair restorative, and is more effectual.  
Caution.—Never buy it unless you find the name of Comstock & Co., proprietors, on the wrapper of each bottle, or you are cheated with a counterfeit article.  
Sold in New York only by Comstock & Brother, No. 9 John street, and in Woodville, by our Agent CHARLES OUREY, in Liberty, by STRATTON SHIRK & Co.

**TO THE OLD AND YOUNG—**

"Ho! ye red heads and greys!"—Pho nomenon in Chemistry!!!—EAST INDIA HAIR DYE, Colors the Hair, and will not the Skin.—This dye may be applied to the hair over night, the first night turning the lightest red or grey hair to a bright jet black, and by repeating a second night, to a bright jet black. Any person may, therefore, with the least possible trouble, keep his hair any dark shade or perfect black, with a positive assurance that the dye, if applied to the skin, will not color it. By an occasional application, a person turning grey will never be known to have a grey hair. Directions complete with the article. There is no coloring in this statement, as one can see.
