Ayer's Sarsaparilla. Be wise in time. All baneful infections are promptly removed by this unequalled alterative. It is the most potent blood purifier, and a fountain of health and strength.

The farmers in the vicinity of Campbellton, Florida, are planting more corn and less cotton, are engaging in sheep husbandry and propose to raise their own meat.

American Newspapers in 1882.

The American Newspaper Directory, which will be issued next month by Geo. P. Rowell & Co., of New York, will contain the names of 10,611 periodicals in the United States and Territories, which is a gain of 844 in the year just passed.

The number of daily papers has increased in a somewhat larger proportion, and is now represented by a total of 996 against 921 in 1881. The largest increase has been in New York—10 dailies, 23 of all sorts. Illinois and Missouri show a percentage of gain which is even greater, while Colorado leads all others in the percentage of increase, both of daily and weekly issues. California, Nebraska, Nevada, Oregon, South Carolina, Tennessee, Vermont, and West Virginia have fallen behind 1881 in the total number of periodicals issued. In Georgia, Maine and Massachusetts the suspensions have exactly counterbalanced the new ventures. In every State not mentioned above, and in the Territories, there has been an increase.

The name of ex-Gov. J. M. Stone is being mentioned in various parts of his district as a candidate for Congress. He is a strong man in his section of the State.

Judge JERRY BLACK is quoted as saying: "I do not doubt that the President is the constant subject of matrimonial overtures from all quarters, some of them most diplomatically presented. When I was associated with President Buchanan as a Cabinet officer from his own State, I was continually solicited to be the medium of these delicate approaches and propositions."

THE SITUATION.

The water in the Mississippi continues to fall and no further danger from crevasses below Red river is now apprehended. The fall was two feet at Bayou Sara yesterday. From Memphis to Vicksburg the overflow water is rapidly falling, and the river is expected to be within its banks by the 20th inst.

On the other hand, the Atchafalaya continues to rise, and the situation at Morgan City has become so threatening that the people are moving to places of greater safety in large numbers. On the Teche the water is stationary at Franklin, but is still rising at New Iberia. Below, it is running across the country and into Bayou Sale at Centreville, while above it has overflowed into the Vermilion, which has risen two feet in twenty-four hours. Terrebonne is now feeling the effects of the flood, many plantations being already submerged and the town of Houma seriously menaced. Back water from the Grosse Tete crevasses is doing much damage in Ascension.—[Times-Democrat.]

The temporary suspension of the Oxford Eagle is announced.

The Handsboro Herald says the people of the coast will not go back on Gov. Lowry for refusing to re-appoint Judge Ham.

Faded Colors Restored.

Faded or gray hair gradually recovers its youthful color and lustre by the use of Parker's Hair Balsam, an elegant dressing, admired for its purity and rich perfume.

V. B. Thayer, the famous jeweler of Memphis, has failed, and Maj. Busby been made assignee.

"There is Life in the Old Land yet."

Hope is being revived; from every quarter of Benton county come the glad tidings that crops are further advanced, more work done, more repairing, fertilizing, plowing and planting than ever before at this time of the season. Hands are working better and buying less than usual. This is truly good news, and will gladden the hearts of everybody. There is hope, the people are at work; there is life in the old land yet.—[Ashland Register.]

The stands of corn in the prairies are the finest seen in many years. With proper work, and there is now every indication that the crop will receive it, abundance of corn will be made. Our information is from one of our most successful and reliable planters, which we found generally corroborated. Preparations for planting the cotton crop are also well advanced, many planters having already begun.—Columbus Index.

Governor Lowry's conduct during the flood and his attention to alleviate suffering has gained him very many friends.

Fifteen deaths from small-pox in New Orleans last week.

IMPORTANT TO DOCTORS.

It was enacted by the last Legislature of the State of Mississippi that hereafter no person shall practice medicine in the State unless he shall have received a license to practice, and have registered the same, from a Board of Censors—one board to be established in each Congressional District, whose duty it shall be to examine into the qualifications of applicants for license.

It was further enacted that every person holding a license to practice medicine shall have a transcript of the same recorded in the office of the Circuit Clerk of the county in which he resides in a book kept for that purpose, and the Circuit Clerk shall attach to said license his certificate of record, and the Clerk shall be entitled to a fee of one dollar and fifty cents, to be paid by the said licensee.

It was also enacted that every physician now practicing medicine in the State of Mississippi shall receive his license without an examination as to qualifications, from the State Board of Health through their secretary, upon application for such license, accompanied by a fee of ten cents. He is required, however, to give a full account of himself as to his graduation, etc., etc.—Yazoo City Herald.

Experience the Best Guide.

The reason why women everywhere use Parker's Ginger Tonic is, because they have learned by experience—the best guide—that this excellent medicine overcomes dependency, periodical headache, indigestion pain in the back and kidneys, and other troubles of the sex.—Home Journal.

Seventy-six nails were found in the stomach of a hog recently killed in Jackson county, Florida.

An act has passed by the last Legislature, and approved by the governor, increasing the pay of jurors to \$3 per day.

Good Manners at Home.

The following twelve rules for the preservation of good manners at home are worth memorizing:

1. Shut every door after you without slamming it.
2. Never stamp, jump or run in the house.
3. Never call to persons up stairs or in the next room; if you wish to speak to them, go quietly where they are.
4. Always speak kindly and politely to the servants if you would have them do the same to you.
5. When told to do or not to do a thing by either parent, never ask why you should or should not do it.
6. Tell of your own faults, not of those of your brothers and sisters.
7. Carefully clean the mud and snow from your boots or shoes before entering the house.
8. Be prompt at every meal.
9. Never sit down at the table or in the parlor with dirty hands or tumbled hair.
10. Never interrupt any conversation, but wait patiently for your turn to speak.
11. Never reserve your good manners for strangers, but be equally polite at home and abroad.
12. Let your first, last and best confidant be your mother.

Honesty is the best policy in medicine as well as in other things. Ayer's Sarsaparilla is a genuine preparation, an unequalled spring medicine and blood purifier, decidedly superior to all others in the market. Trial proves it.

WEEKLY COURIER-JOURNAL.

The Courier-Journal—Henry Watterson, Editor—is by circulation and reputation the acknowledged Representative Newspaper of the South, having by far the largest circulation of any paper at the South, and a reputation that renders it well known throughout the United States.

The Courier Journal is a consolidation of the Louisville Courier, Louisville Journal and Louisville Democrat, and is now in its fiftieth year. Being a long-established and thoroughly responsible paper, occupying its own property worth over \$500,000, and having the most costly machinery and ample means, subscribers in making advance payments for it do not run the risk of losing their money, as is too frequently the case in papers that have a precarious existence of only a few years.

Specimen copies and circulars giving special terms to agents for subscriptions to the Courier-Journal will be sent free of charge to any one on application. Subscription terms, postage free, are: For Daily, \$12, Sunday, \$2; Weekly, \$1.50 a year; Clubs of five, and over, \$1.20 each for yearly subscription; \$1 for 7 months; 50 cents for three months.
