

DISHEARTENED BY TIEN-TSIN'S FALL.

Chinese Said to Be Seeking Terms of Peace From the Allies.

CONCERNING THE MINISTERS.

Report That Chinese Officials Are Sworn Not to Reveal Details of the Massacre—Situation Reviewed.

London, July 22.—A. M. Sir Chib Chen Loh Pwan, the Chinese Minister in London, took the annual stay of paying a Sunday visit to the Foreign Office.

According to the Coo-Foo correspondent of the Daily Mail the fall of Tien-Tsin has so disheartened the Chinese that they are seeking terms of peace.

Li Hung Chang's visit to Shanghai seems to be a complete failure. Except the Chinese customs officials, no one has visited him.

The Shanghai correspondent of the Daily Express professes to have authority for the assertion that Great Britain will repudiate any credentials Li Hung Chang may bring from the Emperor Dowager.

Sworn to Secrecy. The Shanghai correspondent of the Daily Mail declares that the Chinese officials are thoroughly frightened by the fall of Tien-Tsin and desire to open negotiations.

"Therefore," although all are aware of the horrible Peking massacre, every official down to the humblest retailer has been sworn to secrecy upon the penalty of wholesale executions should they leak out.

The decision to keep the Indian division at Hong-Kong is supposed to be due to the disquieting proceedings of the Black Flag at Canton. It is reported that the Black Flag forces are being retrained by the Chinese with quick-firing Krupp and large stores of ammunition, and that the Chinese are mounting guns and buying torpedoes at various points along the coast between Hong-Kong and Swatow.

All foreign women and children have been advised to leave the ports on the Yangtze-Kiang.

Slight skirmishes are reported from Manchuria between the Russians and Chinese.

ANGLO-AMERICAN EVENTS. REPUBLICAN SPECIAL.

Washington, July 22.—The United States are acting in strict accord with Great Britain on the whole China situation, and the policy of the United States is absolutely dominated by the British Foreign Office.

Secretary of State Hay, of course, with the advice and consent of the President, has been in constant communication with Lord Salisbury ever since news from the foreign Ministers at Peking was admitted.

The only note of discord between the United States and Great Britain at this moment, and that is a mere question of detail, is that the United States are in favor of an advance in the Chinese tariff.

The accord between Great Britain and the United States in the Chinese crisis is the result of arrangements in which the United States allowed themselves to be embraced by Great Britain under Secretary Hay, beginning substantially with the joint high commission negotiations on the Alaskan boundary.

On July 3, the United States Government sent out a note to the Powers indicating its objection to the Chinese mandate. This was a mere tentative policy, but in entire accord with the policy of Great Britain.

Russia's attitude has become aware of the alliance between the United States and Great Britain and has changed her tone of hostility to the British demand that Japan shall have the mandate in China.

It is proved by the daily news that Japan is constantly increasing her force in China, notwithstanding the original stipulation in the Russian-American agreement that Russia is to exercise Great Britain to retain control of affairs in China.

The policies of Great Britain and the United States have been shown to be so identical in all matters for the past two years that the accord in the Chinese crisis is indisputable.

PRESIDENT RECEIVES APPEAL.

Washington, July 22.—President McKinley has received what purports to be a direct appeal from the Chinese Imperial Government to use his good offices to extricate that Government from the difficult and dangerous position in which it has been placed as a result of the Boxer uprising and the ensuing hostilities.

CHINA IS PUT TO SUPREME TEST.

Asked to Deliver Conger Into American Hands.

MUST ACT QUICKLY.

That Is Hay's Reply to Appeal for Mediation.

WU ACCEPTS TASK.

Says He'll Try to Prove the Minister Is Alive.

Washington, July 22.—There is reason to believe that Secretary Hay has notified Minister Wu that as a condition precedent to mediation by this Government to end the war in China, Minister Conger, as well as his staff, be delivered safely into the hands of Admiral Remey within a period limited to the time necessary for the journey from Peking to the seaboard.

Moreover, it is understood that the Secretary of State has informed Minister Wu that it will be impossible for this Government to make any progress in negotiations with other Powers until all foreigners in Peking are similarly delivered into the custody of the Admirals at Taku.

This demand is the supreme test of China's good faith in appealing to the United States to intercede with the Powers. Failure to deliver Mr. Conger, his associates and all other foreigners now in Peking will render abortive any efforts which may be made by this Government to restore peace, and unless the American demand is complied with within the period specified, the Powers will redouble their efforts to reach Peking and the policy of the United States may undergo a radical change.

WU ACCEPTS TASK. REPUBLICAN SPECIAL.

New York, July 22.—A Washington special to the Press says: "Minister Wu places such confidence in the genuineness of Mr. Conger's dispatch and such faith that the Chinese Government is protecting the foreign Ministers in Peking, that he has agreed to try another plan to demonstrate absolutely to this Government that the American Minister is alive."

"It is nothing short of delivering Minister Conger into the hands of Admiral Remey at Taku, that he may in his own person speak for the integrity of the Imperial Government and tell the world the truth regarding the situation in Peking. The State Department has been so won over that it now has confidence in Minister Wu and his friends that they can accomplish what ordinarily appears to be the impossible."

CONSULS AT SHANGHAI DECLINE TO ENTER ANY NEGOTIATIONS WITH LI HUNG CHANG.

SPECIAL BY CABLE. Shanghai, July 22.—(Copyright, 1900, by W. R. Hearst.)—Li Hung Chang is taking every precaution to prevent communication between his guard and the foreigners or Chinese of the town. No one from his ship was allowed ashore yesterday.

Finco Sheng went to Woon-Sung early yesterday morning in a special steamer to meet Li Hung.

When Lord Li landed here he received a very cool reception, very different from that at Hong-Kong. Nevertheless he was not at all disturbed, and appeared characteristically cheerful. He smoked pipes and asked questions in his usual manner. He is evidently hale and hearty.

Lord Li was accompanied by a few followers. No Consuls were at the wharf. Li clearly perceived that he was boycotted. The usual decorations and welcoming crowds were absent.

He proceeded under a police escort to the Foreign Affairs Bureau. The Consuls were greatly annoyed by his presence, which was regarded as inopportune, and refused to negotiate with him.

No trouble is anticipated. There are no Chinese troops in the vicinity of Shanghai, while there are ten gunboats in the harbor, comprising two Japanese, four British, one United States, one German and one Dutch, and the volunteer number over 1,000.

Every precaution is made to meet any outbreak. The natives are quiet. It is understood here that suggestions have been called from London that foreign troops be landed to protect Shanghai. The suggestion is premature, the Consuls say. Unless there are such a landing would constitute a breach of the agreement with the Yank-Tse Viceroys, whereby the Viceroys have undertaken to preserve order at the river ports.

The Amoy, on which Li came, having munitions of war on board, violated the harbor regulations by entering, and was compelled to leave the limits. The Consuls have decided not to call upon Li Hung Chang officially.
