

TO-DAY'S NEWS IN BRIEF.

LOCAL AND SUBURBAN. The First German M. E. Church at Granite City was dedicated. The headquarters of the Reform Union were opened at No. 512 N. Twelfth street. In a collision between a Southern Electric car and a picnic wagon several persons were injured. East St. Louis police are investigating a report that white children are in captivity in a kippu camp. The theme of Reverend W. D. Bolton of the "Crescent" Baptist Church was "The Savior's Call to Sinful Men." Smoke from a photographer's flash light on Broadway created a fire scare, several fire engines being called out. The body of Clara Ogle, the St. Louis girl who committed suicide in New York, will be shipped here after the inquest is held. The thirty-ninth anniversary of the capture of Camp Jackson was celebrated by Massena Hotel, O. A. R., at Commodore Park. Charles Hubber, who shot and killed Oscar Holten at Bensenville Saturday, and who afterward shot himself, died yesterday afternoon. Ed Ryan was arrested at Madison, Ill., wearing clothes and effects and belonged to a comrade who disappeared while on a fishing trip ten weeks ago. The Reverend Doctor Jesse Bowman ministered at the Epiphany service at the Methodist church preached from the text, "I Will Bless Thee, and Thou Shalt be a Blessing." GENERAL DOMESTIC. The German editors of Wisconsin, assembled in convention, condemn imperialism in interviews in which they speak for their constituents. Two persons were fatally wounded and nine others were seriously injured by the premature discharge of a cannon at the encampment of a cavalry brigade, N. Y., at Camp Lincoln, Springfield, Ill., yesterday. A report just issued by the Treasury Bureau of Statistics on our foreign commerce, shows it to have been greater during the fiscal year just closed than in any other year of the nation's history, having passed the two billion dollar mark. The games of Chicago University, discussing domestic policy, applied to university students, decided that it is possible but not pleasant for a student to support himself and wife on \$300 during a term of nine months at the university. A warrant has been issued for the arrest of Edward L. Swazy, charged with intent to defraud the Third National Bank of Springfield, Mass., by attempting to sell the bank a second mortgage on 25 acres of cattle on the representation that it was a first lien. Eminent Chicago divines denounce the land-grabbing methods of Europe as being entirely responsible for the trouble in China, and state that the Boxers are patriots who are defending their country against the rapacity and greed of invading foreigners. Mrs. John A. Logan stated in an interview that her criticism on the appointment of Mrs. Potter-Palmer to the position of Commissioner at the Paris Exposition was not intended in any way as a reflection upon Mrs. Palmer, who, she states, has been misled by misquotations of her criticism. Speculative figures on the coming presidential election show that the battle hinges on the Central States, in which the large German-American vote, known to be largely disaffected from the Republicans by the administration policy on imperialism, is confidently expected, by Democratic leaders, to make Bryan the next President. FOREIGN. China makes the open threat that an advance on Peking will be the signal for the massacre of the Ministers. The white people in the interior of the Empire are believed to be doomed. General Roberts has returned to Pretoria, having failed to round up General Botha, probably on account of lack of co-operation. It is surmised that the Field Marshal's return signified a serious British defeat. A cable has been received in New York advising that the Chinese lines between Shanghai and Chee-Poo are interrupted. This may mean an outbreak between the two cities, a forward movement on the part of the allies toward Peking, or simply an effort on the part of the Chinese to cut telegraphs, to prevent any more news from getting out of Tien-Tsin by way of Chee-Poo. King Humbert of Italy was assassinated Sunday evening at Monza, Italy, by an Anarchist, who gave the name of Angelo Costi. The murderer fired three revolver shots at the King as the latter was entering the carriage to the palace. A public distribution of prizes in connection with a gymnastic competition. One of the shots pierced his heart and he fell back dead. The assassin was immediately arrested. SPORTING. IMP may race no more. Jake Waldner won first time prize in the Poerloo Race, run at Forest Park yesterday. Marine Intelligence. St. Michael, July 29.—Passed—Steamer Bma, Genoa, Naples and Gibraltar, for New York. Mobile, July 29.—Arrived—Parlatan, Montreal for Liverpool. Queenstown, July 29.—Arrived—Steamer Scotia, New York for Liverpool, and proceeded. Hong-Kong, July 29.—Arrived, previously—Steamer Monmouth, Portland, Ore., via Yokohama. Mobile, July 29.—Arrived—Anchorage, Glasgow for New York. Queenstown, July 29.—Sailed—Steamer Campania, for Liverpool. New York, July 29.—Arrived—Steamers California, Marselles, Genoa, etc.; Massagan, Rotterdam and Boulogne. New York, July 29.—In speaking St. Michaels passed New York for Gibraltar, Naples and Genoa. A SUDDEN SUMMONS. Mrs. Koenig Died While Walking With Her Husband. Mrs. Maria Koenig, wife of C. I. Koenig, a workman in the Alton Glass Factory, died suddenly on Manning street in Upper Alton last night. Mr. and Mrs. Koenig left their home on Brown street, Upper Alton, to take a walk through the park at 10 o'clock. Mrs. Koenig was in the best of health and spirits apparently. While walking toward home on Manning street, she suddenly sank to the sidewalk and her husband's feet. Mr. Koenig quickly picked her up. She was unconscious. He carried her into the home of Joseph Meyer, where it was found that she was dead. The funeral will take place Tuesday morning at 9 o'clock. ANNIVERSARY OF ST. IGNATIUS. Will Be Celebrated at St. Francis Xavier's Church. The anniversary of the death of St. Ignatius of Loyola, founder of the Jesuit Order, will be commemorated in St. Xavier's Church, Grand avenue and Lindell boulevard, next Sunday morning. The priests attached to St. Xavier's Church are absent, giving missions, the services will consist of a Mass at 10 o'clock and a sermon at 11 o'clock, at which a panegyric on the saint will be pronounced. St. Ignatius died in the year 1552. He was a member of a noble family of Spain, and in his early life was an officer in the Spanish Army. When 25 years old he received a wound in battle. While he was laid up with the wound he made up his mind to become a priest. After his ordination he organized the Society of Jesus. There were but ten members at first. Now it numbers 15,000. FIESTA WAS A FAILURE. Filipinos Took No Interest in Amnesty Celebration at Manila. Manila, July 29, 11:30 p. m.—(Edited by the Editor.)—The two days' fiesta in Manila, organized by the United States and its political followers to commemorate the amnesty, resulted in a fiasco. The people were passive, unenthusiastic and not even interested. Failing to perceive any tangible, effective results of amnesty, they say they can see no reason for celebrating. PREDICTS DIRECT NEWS FROM PEKIN. Continued From Page One. by the New York Herald Company.—The Daily Mail publishes the following from its special correspondent: "Shanghai, Saturday.—A telegram was received yesterday from Missions' Magazine at Shih-an-Fu, stating that in Shan-Shi Province the natives and converts were being massacred and that five more foreigners had been murdered. "Tantai Sheng yesterday made public a telegram received on July 19, containing the names of the foreigners who remained in Pao-Ting-Fu and the burning of all the foreign premises. He braggedly stated that he had kept this news back since the 19th. "Chinese borders are now deluged with the Province of Chih-Tsi with Christian blood. More than 2,000 persons have already been butchered. The Catholic Cathedral at Hah-Pang-Kow is besieged and the inmates are doomed. "Yu Shen, the Governor of Shan-Shi, has ordered that all missionaries and converts be massacred. "The China Inland Mission at Yung-Chow, Nanking Province, has been burned. "A cable is fast approaching here. Warships are concentrating. Great activity is manifest among the Chinese and orders have been sent to all the forts and garrisons to be strictly on their guard. It is rumored that 20,000 troops have been secretly moved to the vicinity of Shanghai and Woosung. "The arsenal in Nanking has been ordered to supply large quantities of swords and axes. Numbers of Boxers from Nanking are spreading over the Yang-Tze valley, many going to Shanghai and the neighborhood disguised as coolies and priests." GENERAL STATION BARKER. London, July 29, 4:15 a. m.—The Shanghai correspondent of the Daily Telegraph says that he is still firmly convinced that the Ministers are safe, but with the exception of a message from the Japanese Legation in Peking, dated July 29, brought by a runner, saying that the legation was still deluged with nothing but bullets, he has not been giving anything in the nature of news. On the other hand, the daily incoming reports of the missionaries and foreigners leave only the most slender thread upon which to hang a hope. The general situation is rapidly becoming darker, and a crisis is fast approaching. With the arrival of the second Japanese division the allied forces at Tien and Tien-Tsin will number 20,000. The river north of Tien-Tsin are diminishing. It is reported that Russians from Harbin have arrived at a point 45 miles north of Peking. BOER GENERAL ELUDED BRITISH. General Roberts's Return to Pretoria May Indicate a Defeat. FAILED TO ROUND UP BOTH. Circumstances Indicate That the Forward Movement is Ended for the Present—Reports Concerning De Wet. SPECIAL BY CABLE. London, July 29.—(Copyright, 1900, by the New York Herald Company.)—It seems after all that General Roberts's attempt to round up General Botha has failed, probably because the co-operation he expected was not forthcoming. The Field Marshal has returned to Pretoria, and it may be presumed that the forward movement is ended for the time being. News comes from the western part of the Transvaal to the effect that Delany is besieging Rustenburg, where Colonel Baden-Powell, the hero of Mafeking, is shut in. A relief force under Colonel Hickman attempted to rescue Baden-Powell, but proved too weak and was forced to retire. It is now reported that the British have been repulsed from Pretoria by the Daily Mail, the first definite information received concerning the siege of Rustenburg. Various reports are about as to Christian De Wet. According to one of these stories, De Wet is surrounded at Klerksdorp, but it must be remembered that this gentleman has been cornered a number of times before, but has always broken his way through the British cordons and escaped. A dispatch to the Daily Telegraph from Lorenzo Marquez, dated July 27, says: "A big fight is expected to-morrow, when, should it be broken, President Kruger will trek through Swaziland to Delagoa Bay, to take steamer to Europe." This optimistic prediction was sent before Roberts returned to Pretoria, and the circumstances indicate that if the battle took place the British forces were defeated. Official reasons for the Field Marshal's retrograde movement are not yet forthcoming. ROBERTS RETURNS. London, July 29, 3:45 a. m.—Operations in South Africa have again arrived at a sort of standstill. Pretoria telegrams announce that Lord Roberts has returned there with his staff, apparently finding it useless to proceed by heavy fighting to force a passage of the passes, which was stubbornly contested for two days. General Hunter's forces had the hardest work of the campaign, but his casualties amounting to about 100. The War Office has received a dispatch from Lord Roberts explaining that only during the night of the 27th and 28th, July 27, between Kroonstad and the Vaal and that it contained supplies and two officers and 100 men of the Welsh Fusiliers. CANNON EXPLODED. Eleven Persons Injured at Springfield Encampment. REPUBLICAN SPECIAL. Springfield, Ill., July 29.—A carelessly tossed cigarette caused the premature explosion of a cannon at Camp Lincoln this afternoon. Two militiamen were fatally injured and a score of others more or less seriously hurt. FATALITY INJURED. JESSE RUPPERT, Acting Commissary and Quartermaster of Battery A, was killed by a shell fragment. SERIOUSLY HURT. HENRY RYMER, Sergeant of Battery A, was injured. EDWARD SMOOT, private of Battery A, was injured. ALBERT STEVENS, private of Battery A, was injured. J. G. GRAYTON, private of Battery A, was injured. CHARLES SHARP, private of the Chicago detachment of the Signal Corps, was mangled and injured. HARRY REIDLER, 14-year-old boy, terribly injured, was killed. FREDERICK BROWN, private of Battery A, was injured. CHESTER HUNT, private of Battery A, was injured. JOHN SOLEMAN, member of Engineer Company, was injured. Several others received painful burns about the faces and bodies, but, as they were not seriously injured, their names were not learned. The accident happened at 4:30 o'clock. When the soldiers were preparing for the evening parade, the batteries were congregated about camp and the excitement following the accident was intense. When the smoke of the charge cleared away the ground in front of the cannon was strewn with the torn and bleeding victims. The clothes of several of the mangled were afire and their screams were heart-rending. Recovering from their consternation, the soldiers rushed to the aid of the suffering. Ambulances were summoned and the more seriously injured were conveyed to down-town hospitals. Others were cared for at the post hospital. In the excitement following the tragedy the person who threw the cigarette causing the explosion was not identified. It is thought he was a member of the First Cavalry Regiment and wore the stripes of a Sergeant.

NEW YORK PARTY LEADER SAYS DEMOCRATS WILL CARRY THE EMPIRE STATE. HARMONY ASSURES TRIUMPH. Bryan Pleased by the Encouraging News From the East—Quiet Sunday for Democratic Nominée. REPUBLICAN SPECIAL. Lincoln, Neb., July 29.—Mr. Bryan had a very uneventful day in the morning. He went to church and heard a Epiphany minister preach on "The Divine Oratory." The remainder of the day he passed in rest. He said this evening that he expected to be able to-morrow to definitely give the history of the trip to Indianapolis upon which he started August 4. Judge W. D. McNulty, the Democratic leader in Saratoga County, New York, called upon Mr. Bryan to-day. He was the first New York man Mr. Bryan has had a chance to talk with since David E. Hill was here, and received a warm welcome. They were joined for over an hour, and Mr. Bryan was visibly elated over the good news brought. New York Doubtful. The Judge was enthusiastic in his forecast of November's result in New York. He based the probability of Democratic success on the fact that the new candidates in the party, on opposition to the Republican machine, and President McKinley's attitude on the trusts and imperialism. He said: "The administration in granting special privileges to its favorites, as for example in the letting of war supply contracts, its failure to enforce the anti-trust laws and its attitude toward the Philippines, will combine to assist in its certain defeat in the Empire State this fall. Roosevelt will prove a disappointment to his supporters, and he is not nearly so strong a party asset as they imagine. Had he been nominated for Governor this fall he would have had a good chance of carrying the State as a member of the State Legislature, and his eccentric and unsafe individual, and one on whom little dependence can be placed. "The Republican will doubtless nominate B. D. Odell of Newburgh for Governor. He is Tom Platt's understudy, and purely a machine man. Outside of the few who will place him in nomination, he is scarcely known at the present time, and his association with the Ring means his certain defeat. "It is difficult to say who the Democratic nominee for Governor will be. Several good men are being suggested, but I believe the chances are slightly in favor of Senator Mackay of Albany. He has an enviable record as a member of the State Legislature, and his geographical location in the State is in his favor. The general opinion seems to be that an up-State man should be nominated. E. B. Smith of Albany is also prominently mentioned, but it is quite likely that his failure to lend enthusiastic support to the ticket of '96 will be against him. That year he is supposed to have worked passively a Democrat, not actively. Elliot Danforth is being urged by his friends, but I doubt his ability to win in the convention. Ed S. Cole of Wallingford of New York City, is also a dangerous competitor for these men. He has a magnificent record, having been especially successful in promoting the State's interests in the control of franchises. Harmony Assures Victory. "New York State is normally Democratic by many thousands, but the party has been so divided that last year the Democratic victory was impossible. As a result the Republicans will suffer this fall from overconfidence, while the Democrats will be in the field with all interests united and working in harmony with a determination of winning. Hill and Croker will stand shoulder to shoulder this fall and fight without fear or friction. It is believed that the party will win locally and nationally, and there can be but one result—victory. New York is the pivotal State, and no one knows this better than I do. Mr. Hill will hold the stump early in the campaign. It is my opinion that his first speech will be made at Albany, as no ratification meeting has yet been held there. After that time, he will probably be at the service of the National Committee. There is no question as to the loyal support of both Hill and Croker to the Republican cause. The Republican victory, and with New York in the Democratic column Mr. Bryan's election is assured." SENATOR WELLINGTON FLOPS. He Will Take the Stump Against McKinley. REPUBLICAN SPECIAL. Washington, July 29.—Senator George L. Wellington will, his friends here assert, take the stump for Bryan this fall. His reason for leaving the Republican party is that he is irreconcilably opposed to imperialism, and he believes the party has committed itself. W. A. Croft of this city, who cast his first vote for Lincoln, and early successive votes for Bryan, said that he had done so, but who is now alienated from his party, because of its imperialistic views, as he considers them, said to-night: "I saw Senator Wellington a few days ago in this city, and talked over the political situation with him. I asked him if he was with us, and he replied: 'Yes, I am with you. I am with any one who is trying to defend the conversion of this country into an imperialistic republic. I will do anything in my power to defeat President McKinley and the Republican ticket this fall. I will take the stump against him, and make as many speeches as my health will permit.' "A letter from the Senator to Mr. Croft reads as follows: "Cumberland, Md., July 27, 1900.—I shall be glad to indicate my position on the party congress on August 15 if health and other matters will permit. At present I am feeling very badly, but will make every effort to be present with our friends on the occasion above referred to. "Mr. Croft said that Senator Wellington had not become a Democrat in any sense, and he detected if the Republican adopted the principles of the Chicago platform. PHOTO-ENGRAVERS' OUTING. Winners and Prizes in the Various Athletic Events. The annual outing of Photo-Engravers' Union No. 9 was given at Fern Glen, on the Missouri Pacific, yesterday, and the party was largely attended. There was dancing, singing and refreshments and an excellent programme of athletic events. The winners and prizes in the various events were as follows: 100 yards—J. J. Johnson, first prize; silk umbrella; F. C. Warmold, second prize; Members' race, 100 yards—W.
