"Don't Speak to me."

Overwrought Nerves.

As soon as a woman's nerves become excited by some feminine disorder, she loses control of her speech. She has no patience with anybody or anything. The ones she loves the best are the ones to whom she talks the meanest. Trifles light as air drive her almost frantic. She is worse than crazy, because she knows what she is doing and can't help it. She doesn't have hysteria and doesn't have fainting spells. She is nervous, horribly nervous. Does she get sympathy? Oh, yes, she gets sympathy for awhile, but she acts so outrageously that everybody keeps out of her way as much as possible. After a while they begin to think she's malicious and could do better if she tried real hard. She has turned her best friends against her.

This woman is sick with about the most discouraging sickness women can have, and there is a person who understands her case better than any one else in the world. That person is Mrs. Pinkham. The nervousness comes from some derangement of the feminine organs, and is constantly fed and made worse by the constantly developing disease. Female diseases never get better of themselves. They must have proper treatment. Ordinary physicians do not know how to grapple with these diseases of women. Out of the hundreds of thousands of women Mrs. Pinkham has cured, not one in five hundred tried her advice or her medicine until they had exhausted the skill of their own physician, sometimes of several physicians.

Mrs. Pinkham's address is Lynn, Mass. Her advice is prompt and free to all suffering women. You may not know that your nervousness comes from female troubles. Your doctor may not know it. He may tell you it does not; but does he cure you? Does he help you any? Mrs. Pinkham will tell you the truth about yourself, and you'll believe her. Don't throw your life's happiness away and make yourself unlovable, when a little diligent heed to Mrs. Pinkham's advice will drive away your nervousness by removing the cause of your trouble. Read carefully the letters from women Mrs. Pinkham has helped. After thirty years of success in curing women's ills, can you not believe it worth while to test the virtues of

Lydia E. Pinkham's Vegetable Compound?

Heartfelt Stories from Cured Women.

"DEAR MRS. PINKHAM:—I feel it my duty to write and tell you of the benefit I have received from your wonderful remedies. "Before taking your Vegetable Compound I was a misery to myself and every one around me. I never laid my aching head upon my pillow without wishing I could die. "I suffered terrible pain in my back, head, and right side, was very nervous, would cry for hours. Menstrues would appear sometimes in two weeks, then again not for three and four months. I was so tired and weak, could not sleep nights, sharp pains would dart through my heart that would almost cause me to fall. I was so poor and white that my folks thought I was going to die. My mother coaxed me to try Lydia E. Pinkham's Vegetable Compound. I had no faith in it, but to please her I did so. The first bottle helped me so much that I continued its use. I am now well and weigh more than I ever did in my life. "Your remedies deserve the highest praise."—MRS. WHELFORD ALLENBER, Farmington, Ill.

"DEAR MRS. PINKHAM:—It gives me great pleasure to tell you how much your Vegetable Compound has done for me. I had been a sufferer for years with female trouble. I could neither read nor sew but a few minutes at a time without suffering terribly with my head. My back and kidneys also troubled me all the time. "I was advised by a friend to take Lydia E. Pinkham's Vegetable Compound. I had no faith in it, but decided to try it. After using one bottle I felt so much better that I continued its use, and by the time I had taken six bottles I was cured. There is no other medicine for me. I recommend it to all my friends."—MRS. SARAH SWODER, 103 West St., La Porte, Ind.

"DEAR MRS. PINKHAM:—I am very grateful to you for your kindness and the interest you have taken in me, and truly believe your medicines and advice are worth more to a woman than all the doctors in the world. For years I had female troubles and did nothing for them. Of course, I became no better and finally broke down entirely. My troubles began with inflammation and hemorrhages from the kidneys, then inflammation, congestion and swelling of the womb, and inflammation of ovaries. I underwent local treatment every day for some time; then after nearly two months the doctor gave me permission to go back to work. I went back, but in less than a week was compelled to give up and go to bed. On breaking down the second time, I decided to let doctors give up and try your medicine. I have gained twelve pounds during the last two months and am better in every way. Thanks for your kind attention and advice."—MRS. E. J. GOODEN, Ackley, Iowa.
