MADE A SHROUD OF A LACE CURTAIN.

Parents of Adolph Levin Compelled by Poverty to Bury the Child in Potter's Field.

FATHER THE ONLY MOURNER.

He Rode on City's Dead Wagon to the Pauper's Burying Ground—Hopes to Exhume the Body.

With a lace curtain for a shroud, the infant son of Gustav Levin of No. 123 Morgan street was buried in Potter's field yesterday afternoon. The father was the only mourner. To give his child a decent burial, he rode in the city undertaker's wagon to the graveyard, where he witnessed the burial. Some day when he has the money, he said, he will have the body exhumed and buried in a private grave with a headstone.

TO SUPPLY WATER TO WEBSTER GROVES.

Measure Introduced in the Council to Allow the Suburb to Utilize St. Louis's Facilities.

CITY TO BE REMUNERATED.

Another Ordinance to Authorize the Purchase of a New Engine-House Site—Minor Matters Transacted.

Water to be supplied at equitable meter rates, as may be established, and Webster Groves to reimburse St. Louis for the exact quantity of water used.

A bill to authorize the Water Department of St. Louis to supply water to Webster Groves was introduced in the City Council yesterday afternoon by Mr. Carroll, by request. In general, the bill provides that the town of Webster Groves shall endure all the expense of installing shafts, meters and other equipment. The document relates that, by virtue of an act of the State Legislature, effective since April 25, 1895, one municipality is empowered to furnish water to another corporation, and that an act of similar nature dated May 4, 1898, entitles one municipal corporation to procure its water supply from another, both for its own and its citizens' uses.

The town of Webster Groves is to lay all the mains to the city limits of St. Louis and to make all connections at its own cost, and the Water Commissioner of St. Louis shall be entitled to issue permits for the location of water mains, meters, attachments and all other appliances within this city's limits, the entire cost to be borne by Webster Groves.

Water is to be supplied at equitable meter rates, as may be established, and Webster Groves to reimburse St. Louis for the exact quantity of water used. The Mayor and Comptroller may enter into a contract with Webster Groves in the manner provided in the ordinance, the agreement to be twenty years, and the contract is to bear the signatures of the Mayor, Comptroller and City Register. Duplicate contracts shall be made, one of which shall be filed with the Assessor and Collector of Water Rates, whose functions will be to collect the meter assessments determined upon.

Mr. Carroll, by request, submitted a bill to permit the Kennard Building Company to make excavations under the sidewalk on the east side of Olive street, between Washington avenue, Mr. Kraus introduced, by request, a bill to appropriate \$25,450 for the relief of Nick Carr, Superintendent of the Workhouse.

A bill to facilitate negotiations for the sale of No. 6 engine-house, located on the east side of Seventh street, between Olive and Market streets, was introduced by Mr. Carroll, by request. This bill's purpose is to enable the Mayor and Comptroller to purchase a portion of land, the cost not to exceed \$50,000, somewhere between Third, Fourth, Fifth and Sixth streets, and to sell the same to the city of St. Louis, if an option on a new site can be obtained. The No. 6 engine-house could be sold under the terms of a former ordinance.

Amendment to the ordinance of the Municipal Code relating to the bonds and deposits for contracts for public work was approved, after some debate, Messrs. Carroll and Kratz introduced a bill to change the amount of the bond for contracts for public work, the amendments provide for the increase in the amounts of the bonds and the deposits. Bonds for work aggregating \$10,000 and over for the full amount of the contract, while bonding for work in excess of \$5,000 shall be for the rate of 25 per cent. Deposits shall be for 10 per cent of the estimated cost. The mandatory ordinance was sent to engrossment.

Bills were passed appropriating \$1,025.50 for the opening of an alley in city block No. 628, and for the opening of an alley in city block No. 3672. The contract of M. Hasick for the wrecking of the old City Hospital was approved. The Exposition bill, which provides for the practically the reverse in effect of what it was originally, and a bill appropriating \$5,000 for the Iron Mountain Company in compromise for damages sustained by the change of grade of South Broadway were passed.

POWELL SAYS HE WILL SUE.

Jerseyville Man Claims Interest in Valuable Alton Property.

Joseph Powell, a real estate man of Jerseyville, Ill., yesterday visited Alton and made the announcement that he intends to institute suit in the Jerseyville court to obtain possession of at least a part of two valuable tracts of land, owned respectively by Anton Mehl and William Sonntag of Alton. One piece of property is an eighty-acre lot just outside the limits of Alton, while the other is composed of several city lots within the city itself.

According to Powell's story, the land formerly belonged to his grandfather, William Russell, who willed both tracts to his grandchildren. The property was allowed to be sold for taxes after his death, however, and the eighty-acre tract was bought by Anton Mehl, and the other by William Sonntag. The city lots were bought by Mehl at a tax sale and are now occupied by several lodging-houses.

The city property lies between Vine and Cherry streets on Fourth street, and is very valuable. It is estimated that the two tracts of land are worth at least \$50,000. Powell is a retired capitalist of Alton, while Sonntag is a real estate dealer of the city.

Powell says that he intends to file a petition suit and will endeavor to regain city lots a portion of the property. He intends to file the suit at once.

OPPOSE TRACKS IN FOREST PARK.

Council Committee Probably Will Amend the Suburban Bill in This Particular.

PROVIDIONS IN THE SUBURBAN BILL TO GRANT A RIGHT-OF-WAY THROUGH FOREST PARK FROM UNION BOULEVARD TO MACKLIND AVENUE PROBABLY WILL BE ELIMINATED BEFORE THE MEASURE WILL HAVE BEEN REPORTED TO THE CITY COUNCIL.

It is understood on authority that is considered absolutely reliable that the Committee on Railroads has determined to submit an amendment, when the bill is returned, to strike out this clause. The section recites that the St. Louis and Suburban Railway Company shall have the right to construct tracks through Forest Park from Union boulevard on the north side to Macklind avenue on the south side, whenever Union boulevard will have been extended southward through the park, by whatever name the extension may be called.

President Charles H. Turner of the Suburban last night explained that his company asks for the right-of-way for the extension of its future interests and for the benefit of the people living beyond the park. It is not known, he said, that a road ever will be constructed through the park at this point, and the company would not be entitled to build a line there unless this be done. Having tracks along Union boulevard and Macklind avenue to the confines of the park, he considers it only just that his company be assured of a continuous route if at any future time the theoretical road be laid out.

According to the terms of the pending ordinance, he thinks his company could not operate cars through the park until the thoroughfare will have been constructed. Furthermore, the plans would have to be approved by the Board of Public Improvements before they could be commenced. "It will be found necessary after awhile," he said, "to have a road north and south through Forest Park for the convenience of the general public. It is far as distance around the park. Besides, there could be no detriment to any one by a railway; in fact, the line would be a great benefit to the park, and it would be a walk to the park pavilion and terminals all the way to the grounds."

In Central Park, in New York City, street cars run on the surface and partly in subway. No less than six railroads run through Fairmount Park in Philadelphia along ordinary embankments. There, it should be remembered, that the Washburn Railroad runs through Forest Park now, and no one objects. Residents of the vicinity are pleased with the Washington street cars that add life and charm to the park.

"So far as the right-of-way along Forest Park boulevard, as far west as Boyle avenue, is concerned, I need only say that the railway would not be an encroachment in any sense. There are no fine residences there now and never will be. Our company will not touch a single lot of land on the boulevard. I think we are entitled to the privileges enumerated in the bill, as we ask for nothing more than other local railways have. If the people of St. Louis want competition, we will give it to them if they will grant us the means."

While it is not known when the bill will be reported to the Council, it is generally known that the majority of the Committee on Railroads has decided that the Forest Park clause should be stricken from the bill, and an amendment to this effect will accompany the bill on its return.

IN THE COUNTY.

—Mrs. E. J. Ayer of No. 54 Indianapolis avenue, Indianapolis, wrote Recorder Eason yesterday, inquiring if a marriage license had been issued on February 7, 1901, to Frank LeVon and Amanda Wagner. The license does not appear on the records.

—Patrick Leyden of Webster was yesterday fined \$5 and costs on the charge of attacking his mother, Mrs. Anna Leyden, by Justice John T. Rapp. Leyden could not pay the fine and was sent to jail at Clayton.

A marriage license was issued at Clayton yesterday to Walter Longworth and Amanda Jones of St. Louis. A license was refused Edward F. McComer of No. 2522 Park avenue, and John Steurer of No. 1029 Marion on account of the young lady's age.

Professor August Herboth yesterday appeared to the Circuit Court on the decision of the Probate Court, disallowing his legacy in his wife's estate of \$2,000. Mrs. Virginia Herboth, Professor Herboth's widow, had renounced it nearly a year ago. The estate is valued at \$20,000. The annual election of directors of the Creve Coeur Farmers' Hall Association will be held next Monday. The candidates are: Charles Elgasser, Fred Niedringhaus, George Hauer, Henry Mavis, M. B. Greenfelder, H. M. Koch, Doctor Pfister, Eugene Shible and H. H. Hackmann.

The annual election of officers of the Merchants' Farmers' Hall, held Tuesday night, resulted as follows: President, John F. Schager; first vice president, Fred Roemer; second vice president, Richard Busick; recording secretary, George Herpel; financial secretary, Jacob G. Goring; corresponding secretary, William Schaeffer; treasurer, Henry L. Kerth; trustees, Herman Schaeffer and Fred Von Taube.

CRITICAL PERIOD IN CITY'S FINANCES.

Departments May Be Closed if the Treasury Deficit Is Not Wiped Out.

OFFICIALS GROW UNEASY.

Recent Transfer of Funds Afforded but Little Relief—Electionary Institutions Are in the Worst Plight.

Municipal officials well informed in city affairs anticipate that the most critical period in the history of the city's finances is nearing, and that by the first of February, at the latest, the fiscal authorities probably will feel inclined to invoke the assistance of various department officials to attempt to avert monetary breakers. It is not denied that there is now more reason than ever to expect a momentous shortage that will scarcely spare any city office.

Prior to the adjournment of the Municipal Assembly Comptroller Sturgeon and Assistant Comptroller Gabel succeeded in arranging the finances by extracting sums from the appropriations of departments with a temporary surplus and awarding the amounts to departments that had immediate needs. However, the fiscal authorities realized, perhaps better than any one else, that the relief could be effective only in the best of cases, and that in a more menacing manner either late in January or by February 1.

A few city officials—and they are disposed to view the deficit as a permanent condition—believe that some city departments will have to be closed in the course of time, unless temporary remedy be discovered for relief until after the spring election. The deficit is growing steadily from week to week, and the fiscal authorities acknowledge that they are not aware of any plan that could be adopted for correction. They even estimate that they are unable to divert money from any other fund in the city treasury, other than municipal revenue, to meet the emergency.

The electionary institutions probably probably cannot meet their requirements, however, cannot be defied, and it is understood to be the desire of several city officials and members of the Municipal Assembly to draw money from any other source, from appropriations allotted to other departments. If this be done, the electionary institutions may be conducted at present or near present amounts, but they will have to suffer the consequences of depleted appropriations.

It is believed that the aggregate shortage of \$200,000, which was estimated in the Comptroller's last report, is evident, therefore, that the Ways and Means committee of the Municipal Assembly, under the direction of Chairman Carroll, practically accomplished little or nothing in striving to reduce the estimated deficit.

REMEY REPORTS A BATTLE.

Fourth Infantry and Marines Make Several Filipino Prisoners.

Washington, Jan. 4.—The following dispatch was received at the Navy Department this afternoon from Admiral Remy: "Manila, Jan. 4.—Bureau of Navigation, Washington: An attack on the morning of December 31, 1900, by the 4th Infantry and Navy at Cavite Viejo resulted in the capture of one Lieutenant Colonel, two Major, one Captain, one Lieutenant, one Sergeant, one private and four other prisoners. The remainder of the force, including the 4th Infantry, were discharged. Seats thanked the Judge and said he would do his best to get work."

PHILADELPHIA, Pa., Jan. 4.—A frightful explosion of dynamite occurred in the powder machine-house of the Republic Chemical Company, whose works are located on Philadelphia Point, a thinly settled spot on the Delaware river, twelve miles below the city.

The building was annihilated and three workmen, in it at the time, were blown to atoms. They were: Oliver McVane, Gibbstown, N. J.; William Whyne, Gibbstown, N. J.; John Kirby, Thorofare, N. J. Several workmen in other buildings were hurt by the force of the explosion, but none seriously.

DINGLEY WOOLEN MILLS FAIL.

Its Affairs Involved With Those of Firm That Recently Failed.

Philadelphia, Pa., Jan. 4.—The Dingley Woollen Mills Company, an extensive manufacturing concern, has gone into the hands of a receiver. The affairs of the company were involved with those of George Campbell, who failed recently, and it was found necessary to ask for the appointment of a receiver, and Robert Smith was named. He is also receiver for Mr. Campbell.

Excitement at Union Station.

Pistol Dropped From a Small Boy's Pocket and Was Discharged.

When Union Station was crowded last night about 8 o'clock, a pistol shot reverberated through the main waiting-room. A dozen policemen flocked to the scene, and everybody exclaimed, "Who's shot?" The sound came from a pocket which was thrust into the waiting-room to the market street entrance. Immediately after the report a boy in knee pants was seen to rush to the steps, and run toward Market street. Station Policeman Hickey hurried after the retreating figure, but when he got upon Market street the boy was turning north on Eighteenth street, which was the last seen of him by the police.

No evidence was found about the station to show where a man who looked like a revolver was hidden, but it was thought that the pistol was either a toy weapon or was loaded with blank cartridges. A witness of the scene said that the pistol dropped from the boy's pocket and struck upon the floor. The boy was seen to pick it up. The weapon was a revolver it was of very small caliber.

Housewife's Hands Powderburned.

Mrs. Louis Matheny's hands were severely burned last night by the accident of loading a revolver in her residence, No. 125 North Jefferson avenue. The revolver, loaded with live cartridges, was lying on the dresser all when Mrs. Matheny removed the covering. The revolver fell to the floor, and she reached to pick it up. It exploded, and both of her hands were slightly burned.

Fired Two Shots at a Burglar.

Albert Anchoff fired two shots yesterday at a burglar who was in the act of forcing an entrance into his residence at No. 111 North Fifteenth street. Neither of the shots took effect.

A pure, cream of tartar baking powder

The perfect purity and great leavening strength of Dr. Price's Baking Powder assure the finest, most delicious and wholesome food. Its exclusive use is a safeguard against alum and other baking powder adulterants.

Dr. Price's Cream Baking Powder is not only the most efficient and perfect of leavening agents, but promotes the healthfulness of the food.

NOTE.—There are many cheap baking powders made of alum, Liebig, the celebrated chemist, says that alum disorders the stomach and occasions acidity and dyspepsia.

PRICE BAKING POWDER CO., CHICAGO.

BEGGED TO PAY MOTHER'S RENT.

Mrs. Seats Appeals for Her Son in Court and Judge Sidelers Grants a Parole.

W. H. Seats, who is the sole support of his widowed mother, with whom he lives at No. 111 Great street, was a defendant in the First District Police Court yesterday morning on a charge of begging. When arraigned he did not deny his guilt, but hung his head in shame. Judge Sidelers was about to pronounce sentence upon him when a little old woman arose from the audience and slowly made her way towards the bench.

"That's my boy," she said, in trembling tones. "He is my only support, and when he lost his position a week ago it left us penniless. Three weeks' rent was unpaid and the landlord was about to evict us. In order to avert the calamity, I sent the boy out to beg the money, if necessary."

A policeman caught him in the act and arrested him. Sheriff Sidelers was touched by the mother's story, and decided to exercise clemency. He continued the case until January 10 on his own motion, as a parole. If Seats conducts himself properly meantime he will be discharged. Seats thanked the Judge and said he would do his best to get work.

Three Men Blown to Atoms.

Building in Which They Were Working Wrecked by Dynamite.

Philadelphia, Pa., Jan. 4.—A frightful explosion of dynamite occurred in the powder machine-house of the Republic Chemical Company, whose works are located on Philadelphia Point, a thinly settled spot on the Delaware river, twelve miles below the city. The building was annihilated and three workmen, in it at the time, were blown to atoms. They were: Oliver McVane, Gibbstown, N. J.; William Whyne, Gibbstown, N. J.; John Kirby, Thorofare, N. J. Several workmen in other buildings were hurt by the force of the explosion, but none seriously.

FOG TIES UP LONDON TOWN.

Out-of-Door Workers Compelled to Suspend Labors.

London, Jan. 4.—A choking, brown fog enveloped London for several hours this morning, causing great inconvenience. There were many collisions in the streets and several casualties. Thousands of outdoor workers were compelled to suspend their labors, the railroads experienced delay in train arrivals, and river traffic was completely stopped.

SHERIFF DICKMANN TO MAKE A CHANGE.

Property Sold by Order of Court Will Be Auctioned at the Real Estate Exchange.

Sheriff Dickmann yesterday announced that, in compliance with a request of the members of the St. Louis Real Estate Exchange, in the future all Sheriff's sales of real estate will be made at the Real Estate Exchange, instead of at the east door of the Courthouse, except in cases where the latter place is specifically designated in the deed.

A voluminous petition was sent to the Sheriff Wednesday afternoon, which contained the names of nearly all of the prominent real estate agents in the city, asking that sales be made on the Real Estate Exchange, instead of at the Courthouse.

Sheriff Dickmann at once expressed his willingness to do so, if proper arrangements could be made. The Real Estate Exchange will fit up a special office for the Sheriff, with a desk and a place for the necessary papers.

A law was passed some time ago making it illegal to hold sheriff's sales of real estate at the exchange, but Sheriff Fohman did not seem to favor the plan, and few sales were held there.

Mr. Dickmann said yesterday: "I think that the idea is a good one, as more buyers will be present at the sales, and better prices are apt to be obtained. The Real Estate Exchange deserves this recognition, and I will do what I can to help them out."

HOSPITAL BILL HELD UP.

House of Delegates Fails to Act—Wrecking Contract.

The erection of the new City Hospital may be postponed longer than expected by the failure of the House of Delegates last night to pass the bill providing for amendments to the original bill, conforming to the plans for the buildings, as prepared by Commissioner of Public Buildings Longfellow.

The City Council yesterday approved the contract of Michael Hasick for the wrecking of the old building and the grading of the site, but work cannot be commenced on the new buildings until the ordinance is passed by the House. It is considered strange that this amendment, after going through the Council at a staff pace, should now be held up in the House. It is thought that many of the Delegates dislike Mr. Longfellow, and that they hope to cast blame on him by necessitating delay in beginning work.
