Kansas Legislator Makes Effort to Establish Contract System.

**REPUBLIC SPECIAL.**  
Topeka, Kan., Jan. 20.—Representative John Francis, chairman of the Ways and Means Committee of the House, will submit a concurrent resolution to the Republic- an caucus to-morrow proposing for the submission to the people of a proposition to amend the Constitution, looking to the abolition of the office of State Printer and the letting of all public printing by contract.

Mr. Francis will be prepared to show the exact cost of Kansas has the largest printing account of any State in the Union outside of New York, and that the State's extravagance can be responsible for it.

The yearly expense for public printing in New York amounts to \$500,000. In Kansas it is nearly \$100,000. This is from \$3,000 to \$5,000 per year more than is paid for public printing in Indiana, Missouri, Massachusetts, Michigan, Texas, Iowa and Illinois, the latter State's public printing expense being less than \$20,000 a year.

**PITTSBURG IS AFTER G. A. R. ENCAMPMENT.**  
Committee Arrives in St. Louis to Present That City's Claim for the Honor.

A committee of prominent Pittsburg men, members of the G. A. R., arrived in St. Louis last night and registered at the Southern Hotel.

The party, which is composed of Thomas G. Sample, Thomas N. Boyle, Samuel Scott, J. M. Schaffer and H. H. Hennighan, will appear before the Executive Committee of the G. A. R., which meets this morning, and extend an invitation for the entire organization to hold its next encampment in Pittsburg.

The committee was appointed by the All-gheny Grand Army Association to represent Pittsburg's interests in the event of Denver being unable to secure the required railroad rates to hold the encampment. At the last national encampment Denver was decided on as the city to have the encampment this year, provided it could induce the trunk lines running into it to make a 1-cent rate. It was learned recently that two of the roads refused to grant this, and for that reason other cities have taken the field.

The matter will be finally determined at the meeting of the Executive Committee to-day, which has power to select the place for the encampment. Mr. Hennighan said last night the committee would take no action whatever unless Denver is unable to induce the trunk lines to make a 1-cent rate. A G. A. R. encampment was held in Pittsburg in 1894, but many comrades in the Pennsylvania division are anxious to hold the reunion there this year. Mr. Hennighan says that it would be difficult to raise the necessary money if his city is successful.

He came to Laporte and secured an interview with Attorney Weir, during which Brill became angered and shot the lawyer.

Cleveland, Jan. 21.—Joseph W. Brill, who is unemployed, was shot to death by shooting Ellsworth E. Weir, lives in a fine house on Euclid avenue in Cleveland, Ohio, and has about three years. The neighbors credit him with considerable wealth. He is a well known and successful business man. His wife is the daughter of a prominent family. His wife is prostrated by his family quarrels.

**REPUBLIC SPECIAL.**  
Washington, Jan. 20.—The Cherokee claim has been pressed with vigor by attorneys engaged in it, but it is extremely doubtful if anything will be done with it this session. The attorneys proposed by the Cherokee Nation—W. F. Haise of Tulsa, L. M. and M. J. Turner of Oklahoma—though they had their contract disapproved by the President, have refused to give up the case and propose to have a hearing on it before the Interior department.

The Secretary of War yesterday sent to Congress correspondence had with the Secretary of the Interior concerning the proposed removal to Fort Sill, Ok., of the relatives of Apache prisoners of war. The latter are now at San Carlos, Ariz., and number about seventy-five.
