TO BETTER JEWS' CONDITION.

Movement to Secure Immunity From Persecution in Europe.

REPUBLIC SPECIAL. New York, April 23.—Mr. Nissim Behar of Jerusalem, Palestine, has been chosen to represent the Alliance Israelite Universelle in America.

His mission chiefly aims at acquainting American Jews with the unfortunate conditions in Russia and Rumania.

The alliance originated in Paris in 1860. The late Dr. Croix interested himself in the movement, and became its chief head.

The object of the society is, in one direction, to assist the Jews in the East. The alliance has since then, founded 10 technical and agricultural schools.

More than twenty agricultural colonies have been started, and are at present being carried on.

The present aim of the alliance is to effect the emigration of Jews from Russia and Rumania, where they are oppressed and persecuted.

This is a preventive to the widespread anti-Jewish feeling in Rumania, countries which specially deny to the Jews the political rights and privileges of citizenship.

Mr. Behar is now in this city.

A similar plan has been drawn up for the Presbyterian institutions of Missouri, which contemplate joint ownership and control by the two churches of Westminster College and Lindenwood College.

The annual meeting of the synod in October having been set as the time for taking action in the matter.

POLICE BOARD WILL NOT BE MOLESTED.

Governor Dockery Has No Intention of Removing Kansas City Commissioners.

REPUBLIC SPECIAL. Jefferson City, April 23.—Governor Dockery Tuesday, in answer to an inquiry as to what his policy would be in respect to an immediate change of Police Commissioners at Kansas City, said:

"The duties of the executive in this case are simple and clear. The present Board of Police Commissioners at Kansas City was appointed a little over two years ago, for a term of three years, and confirmed by the Senate. Their terms expire February 9, 1902. They cannot be removed under law except for official misconduct, as provided by section 6173 of the Revised Statutes. I trust that I have courage enough to enforce the law, and I am quite sure I have courage sufficient to refuse to violate it."

The Governor then asked what his policy would be in respect to filling these appointments in the event of vacancies occurring pursuant to law. He said:

"I have no idea whom I will appoint. Kansas City is now to be the storm center of factional troubles in the Democratic party of the State. This is not a new condition, however. The party has suffered seriously for several years past from like troubles. Dissensions there are so pronounced and hostilities so implacable that it is practically useless to attempt to identify the persons responsible for this condition. It is my purpose, however, to call a list of names, to be selected by the Democrats of known character and capacity, who are large enough and broad enough to rise above any factional consideration and to govern the city in the best interests of the Democratic party as a whole."
