ANNUAL INDIAN SCARE.

Indians in Colorado Said to Be Violating Game Laws.

Washington, Oct. 21.—Governor Orman, of Colorado, to-day telegraphed the Secretary of the Interior as follows: "Bands of about 500 Indians are in Colorado from the White Rocks, Utah, Agency, destroying game in direct violation of the law of the state. Immediate provision must be made by you to remove them, otherwise there will be serious trouble. I am satisfied that the government agent at White Rocks is not using proper efforts to keep them at the agency."

The agent referred, Mr. Myton, of the White Rocks Agency, already is in Colorado, investigating the reports that his Indians were violating the game laws. But he has not reported the result of his investigation to the department. It is said at the bureau that there may be a few Indians there as reported, but that the same report is started every year.

Last Saturday the boxes were full of pink-known persons, and the stage inclosures as well. Down in the front parlor were Mr. Benjamin O'Fallon and Mr. and Mrs. James O'Fallon, who invariably appear at the National Library, the White House, and had a pleasant chat with him this afternoon.

Mr. Walbridge said: "I have no special business at the capital, and stopped over one day merely to show Mrs. Walbridge the National Library, the White House, and a few other points of interest. We will leave for home at midnight. The World's Fair matters are progressing rapidly. Time is a great deal of work to be done, but the men in charge are fully able and determined to do it, and to have the great Exposition opened at the appointed time."
