

SUMMARY OF ST. LOUIS MARKETS.

Traders were not quite decided as to how the Government crop report was to be construed. Many regarded it as decidedly bullish on corn, but so much long stuff was put out by profit takers that a concerted effort to strengthen the market was out of the question.

While there were many bull tips on corn, speculation was mainly in the hands of scalpers and the volume of trading was light.

Dec. wheat opened 1/2c off and closed 1/8c off. May opened 1/16c up and closed with a net loss of 1/16c.

Dec. corn opened 1/2c off and closed 1/4c off. May opened 1/2c off and closed 1/4c off.

May oats opened 1/2c off and closed 1/4c off.

In the produce market fruits were generally unchanged and vegetables higher. Potatoes again advanced sharply.

Yesterday's session of the local stock exchange was extremely active. There was an early rush to execute buying orders on Missouri, Kentucky and Wisconsin securities.

Local discount rates for call and time loans were steady between 5 and 6 per cent.

Yesterday's bank clearings were \$9,252,125, balances \$90,872.
